

**ENVIRONMENTAL ASSESSMENT FOR MINOR REVISION  
COAL AND URANIUM PROGRAM  
MONTANA DEPARTMENT OF ENVIRONMENTAL QUALITY**

COMPANY NAME: Western Energy Company      DATE: July 13, 2011

PERMIT#: C1986003A      REVISION NO: MR11-03-02A

LOCATION: Rosebud Mine – Area A

Type and Purpose of Action:

The incumbent proposed a minor revision to the permit: clean-up of haul road certification materials. No on-the-ground conditions would change as a result of this proposed action.

Potential Impacts and Mitigation Measures:

No significant impact to the environment is foreseen as a result of the proposed revision. No mitigation measures would be necessary.

Alternative Actions:

No alternative actions were considered or are required
