

**ENVIRONMENTAL ASSESSMENT FOR MINOR REVISION  
COAL AND URANIUM PROGRAM  
MONTANA DEPARTMENT OF ENVIRONMENTAL QUALITY**

COMPANY NAME: Signal Peak Energy      DATE: August 9, 2011

PERMIT#: C1993017      REVISION NO: MR11-17-19

LOCATION: WDA

Type and Purpose of Action:

The purpose of the Minor Revision is to move the fly ash bin to the WDA coal processing waste perimeter.

Potential Impacts and Mitigation Measures:

There is little additional impact as the area is already disturbed with the soils being stripped in preparation for waste placement.

Alternative Actions:

Leave in place.
