Subject: Continued Validity of CE Designation
HSIP 8-2(68)46
2003-Safety Imp-Carter Dr-Helena
Control Number: 5881000

Dear Alan Woodmansey:

The Montana Department of Transportation has reviewed the subject project and concluded that the previously issued Categorical Exclusion (CE) designation remains valid under the provisions of 23 CFR 771.129(c). The original CE was signed by your agency on May 11, 2009.

Since three years has lapsed since the CE was issued, MDT has reviewed the project for potential changes in NEPA/MEPA applicability and concludes that the proposed action will still not have a significant environmental impact, will still qualify as a CE under 23 CFR 771.117(d), and will still qualify as a CE under ARM 18.2.261.

In accordance with the Federal Highway Administration concurrence letter of April 15, 1999, this notification documents that this proposed action is still properly classified as a CE. If you have any questions, please contact Eric Thunstrom at 406-444-7648.

Sincerely,

Heidy Bruner, P.E.
Environmental Services Bureau Engineering Section Supervisor
