

**ENVIRONMENTAL ASSESSMENT FOR MINOR REVISION  
COAL AND URANIUM PROGRAM  
MONTANA DEPARTMENT OF ENVIRONMENTAL QUALITY**

COMPANY NAME: Signal Peak Energy LLC

DATE: May 13, 2013

PERMIT#: C1993017

REVISION NO: MR167

LOCATION: Bull Mountain Mine, Waste Coal Disposal Area, Musselshell Co.

Type and Purpose of Action:

This MR designates a truck parking area, fueling station and office trailers within the WDA.

Potential Impacts and Mitigation Measures:

The proposed activities and uses are inherent in the operation of the WDA and were previously permitted in general as part of the WDA approval. The designated parking area/facilities will now be designated on the maps at a specific location. The proposed area is within the approved area of disturbance for the permitted WDA. No additional disturbance is proposed. The area is subject to existing permit commitments concerning contaminant control, soil salvage, sediment control, reclamation and vegetation.

Alternative Actions:

No alternative locations offer any significant environmental advantage.
