**Annual Average Medicaid Reimbursement Per Recipient in a Nursing Home vs Home & Community Based Service**

After looking at trends in utilization of Nursing Homes and Home & Community Based Services for Senior & Long Term Care, we turn to the cost of these services. An average cost for each was calculated by dividing the total cost of each service by the total number of unduplicated recipients in each.

Data used to create this chart comes from the Department of Public Health & Human Services "Paid Claims" reports.
