

The chart above shows the total gallons of both taxable and non-taxable (red dye) diesel sold in Montana.

Taxable Diesel:

Diesel is taxed by Montana at a rate of \$0.2775 per gallon. The federal diesel tax rate is \$0.244 per gallon. By comparison, gasoline is taxed by Montana at a rate of \$0.27 per gallon. The federal gasoline tax is \$0.184 per gallon.

Non-taxable Diesel:

Non-taxable diesel is dyed red, and is not taxed by the state or federal government. This type of fuel is not intended for use on public roadways, and is used primarily by farming and construction equipment.
