## **Program Description**

This program includes all student grant funding. Types of grants include: work study, state grants, federal grant matching programs, and support fees for attending professional schools which are not available in Montana such as medicine, dentistry, and veterinary medicine. Title 20, Chapters 25 and 26, MCA, govern the program.

### **Program Highlights**

# Student Assistance Program Major Budget Highlights

- Primary budget adjustments impacting the overall increase include:
  - \$2.8 million general fund present law adjustment for the WICHE/WWAMI/Dental anticipated tuition increase
  - \$5.1 million general fund new proposal to permanently restore funding for the Governor's Post-Secondary Scholarship Program and the Quality Educator Loan Forgiveness Program each year
  - \$1 million general fund new proposal to fund 10 new veterinary medicine students

#### **Program Discussion -**

The following table highlights the differences between the FY 2015 appropriations as shown in the main table and the FY 2015 legislative appropriations used for purposes of the budget base.

| FY 2015 Appropriat            | ion Transactions -           | Student Assist             | ance Program                  |                                     |
|-------------------------------|------------------------------|----------------------------|-------------------------------|-------------------------------------|

| Local Assistance              | 137,000                      | -                          | -                             | 137,000                             |
| Grants                        | 10,355,063                   | 3,331,000                  | (500,000)                     | 13,186,063                          |
| Transfers                     | -                            | -                          | -                             | -                                   |
| Agency Total                  | \$10,690,73                  | 1 \$3,331,00               | 0 -\$500,00                   | 00 \$13,521,731                     |

The FY15 legislative appropriation is \$2,831,000 less than the FY 2015 Executive Implementation due to

- The FY 2015 Legislative Appropriation contains only the ongoing appropriations contained in HB 2 approved by the 2013 Legislature while the FY 2015 Exec Implementation includes both ongoing and one-time-only (OTO) appropriations (\$3.33 million)
- The FY 2015 Executive implementation also reflects the consolidation of a biennial appropriation into the first year of the 2015 biennium (-\$0.5 million)

## Comparison of FY 2014 Actual Expenditures to FY 2015 Legislative Appropriation

Actual FY 2014 expenditures are \$754,334 less than the FY 2015 Legislative Appropriation. The primary reasons for the difference are:

- An ongoing expansion in the 2015 biennium in the number of medical education slots in WWAMI by 10 each year, as well as increased funding for the 166 then current slots at anticipated increased tuition levels
- Vacancy savings of 50% in hours budgeted to hours expended in FY 2014
- Remaining unspent biennial budget appropriations in FY 2014 that was added to the FY 2015 appropriation.
   Appropriations included are the student assistance, MSH & MSP nursing, and WICHE/WWAMI/DENTAL

## **Funding**

The following table shows proposed program funding by source from all sources of authority.

The Student Assistance Program is funded primarily from general fund via HB 2. State special revenue is also included in HB 2 to administer the college savings program.

The program also receives a statutory appropriation for the Montana Rural Physician Incentive Program (MRPIP). Because it is a statutory appropriation, it is excluded from HB 2. The MRPIP program provides a financial incentive for physicians to practice in rural areas or medically underserved areas by paying up to \$100,000 of student loan debt. Funding for the program comes from fees paid by medical students in the professional student exchange programs. Statutes governing the MRPIP program also allow administrative costs to be paid, up to 10% of the annual fees assessed.

The table below summarizes the proposed budgets for the student assistance programs for the 2017 biennium.

| Montana University S                       | Montana University System - Impact of 2017 Biennium Executive Budget Across Functional Areas |                 |                     |                     |                     |               |  |  |  |  |  |  |

<sup>\*</sup> There is no Resident + WUE Student Enrollment projection for the 2017 biennium

### **Present Law Adjustments -**

The "Present Law Adjustments" table shows the changes from FY 2015 legislative appropriation to the budget proposed by the executive. PSPL adjusts all personal services. LGPL provides for adjustments to other expenditures such as operating expenses. Each is discussed in the narrative that follows. Total funds in the Present Law Adjustments table do not include proprietary funds budgeted in House Bill 2.

| Present Law Adjustments                    |   |                  |                    |                |      |                 |                  |                    |                |  |  |  |

#### DP 98 - LEG. Personal Services Present Law -

The Personal Services Present Law Adjustments (PSPL) in the table below includes all present law adjustments related to personal services, including statewide present law personal services adjustments. This adjustment has been broken out by some of its component parts for a more detailed understanding of the adjustments. FY 2016 and FY 2017 contain the reductions in FTE made by the executive to implement the boilerplate language in HB 2.

| FY 2016   |                                      |   |  |   |   |
|-----------|--------------------------------------|---|--|---|---|

The executive proposes to increase support for personal services by 9.6% in FY 2016 and 9.3% in FY 2017 when compared to the FY 2015 legislative budget. As shown in the table, about 13% of the changes are due to costs associated with the Board of Regents' enactment of HB 13 from the 2013 Legislature.

#### DP 99 - LEG. Present Law -

The executive proposes:

- An increase in general fund support over the 2017 biennium for student slots at anticipated increased tuition levels for the WICHE, WWAMI, and MN Dental professional student exchange programs. See comment below for more details
- An increase in state special revenue for the Montana Family Education Savings Program as it is entering into a new contract for program manager. See comment below for more details
- An increase for the Montana Family Education Savings Program
- An increase in the Quality Educator Loan Forgiveness Program. See comment below for more details

## LFD COMMENT

### WICHE/WWAMI/MN Dental

The present law adjustment as proposed by the executive includes WICHE, WWAMI, and Minnesota Dental in one lump sum. Historically, the amounts have been requested and approved separately for each of these programs. This change in executive policy could cause difficulty tracking the sections of the exchange program going forward.

The present law increase in the professional student exchange programs (WICHE/WWAMI/MN Dental) is caused by rising tuition rates at participating universities and the funding expansion as agreed upon in the 2013 session. This increased student slots by 10 and funding by \$515,265 each fiscal year through 2019.

See the appendix for more information on the WWAMI Expansion Cost Estimates and related fiscal information regarding the WICHE/WWAMI/MN Dental programs.

| Professional Student Exchange Program (WICHE/WWAMI/MN Dental) |              |                               |                |              |                       |                |  |  |  |  |  |

#### Notes:

- 1) The WWAMI funding request reflects the increases necessary to support the MT WWAMI Expansion authorized by the 2013 MT Legislature which increased each WWAMI class by 10 additional student slots per year starting in FY 2014. The new pipeline will reach full maturity in FY 2017 when there will be a total of 120 MT WWAMI students in the program annually (30 at MSU-Bozeman and 90 at the University of Washington) as compared to the program's previous level of 80 annual MT WWAMI students (20 at MSU-Bozeman and 60 at the University of Washington). The WWAMI appropriation request in Program 2 represents only the cost increases necessary for years 2-4 of the WWAMI program. The costs necessary to support the 1st year WWAMI program expansion at MSU-Bozeman are included in the campus budget request and are not part of the above Program 2 budget request.
- 2) The variation in dental student support reflects a transition back to 8 MN Dental student slots and 4 WICHE dental student slots by FY 2017 which is the traditional funding allocation. Dental student funding changes between MN Dental and WICHE dental on occasion to accommodate student acceptances and enrollment. In both the FY 2010/2011 and the FY 2012/2013 entering dental classes, all beginning MT dental students enrolled in WICHE participating dental schools; as such the MN dental beginning student appropriation (2 slots each year) was shifted between programs to support student enrollment. As those students near completion of their 4 year pipeline, the WICHE and MN dental budget allocations are returning to the traditional split of 4 WICHE and 8 MN dental slots (across all 4 years). There has been no increase in the total number of supported MT dental students, only a shift between the two programs.

## LFD COMMENT

### Montana Family Education Savings Program

As a result of the change in the contract from the College Savings Bank, the program will be responsible for marketing and promoting the plan. Additional expenses will be incurred with the increased responsibilities for marketing campaigns and promotional materials, mailings, and travel. The executive states this new contract will generate sufficient revenue to cover the additional expenditures.

## LFD COMMENT

#### Quality Educator Loan Forgiveness Assistance Program

This program was created in 2007 as an incentive for teachers to teach at underserved school districts in Montana. A qualifying educator is eligible for loan assistance for a maximum of four years up to \$3,000 per year, subject to an appropriation expressly established for the program. The table below summarizes the number of new and returning teachers that have received loan assistance from this program since FY 2008 and the program cost. This program is funded entirely from general fund.

|      | Quality Educator Loan Forgiveness Assistance Program FY 2008 through FY 2017 |     |        |           |             |                    |      |         |       |       |  |  |

| 2016 | Projected  | 100 | 72     | 42        | 32          | 246                | \$   | 738,000 | \$    | 3,000 |  |  |
| 2017 | Projected  | 100 | 72     | 42        | 32          | 246                | \$   | 738,000 | \$    | 3,000 |  |  |

As shown in the table, the first year of a full pipeline was 2011 when 143 teachers were served. The pipeline increased to 200 in FY 2014. The executive budget projects serving 246 teachers each year for FY 2015, FY 2016, and FY 2017.

### **New Proposals -**

Total funds in the New Proposals table do not include proprietary funds budgeted in House Bill 2.

### DP 200201 - Student Assistance Fund Allocation -

The executive budget would permanently restore general fund authority in the Student Assistance Program for the Governor's Post-Secondary Scholarship Program and the Quality Educator Loan Forgiveness Program each year of the 2017 biennium.

The 2011 Legislature, upon recommendation of the Governor, used one-time federal fund balance in the Guaranteed Student Loan program to replace general fund in this program. The general fund support was restored in the 2013 biennium as a one-time-only appropriation. This new proposal would permanently restore general fund support for the Governor's Postsecondary Scholarship Program (\$2,093,000) and the Quality Educator Loan Assistance Program (\$494,890).

## DP 200203 - Veterinary Medicine -

The executive requests restricted, biennial, one-time-only general fund to support 10 veterinary medicine students attending Washington State University (WSU), adding an additional 10 students per year through FY 2018. This is the first year students will be attending WSU after completing their first year at MSU. See DP 903 for MSU costs associated with the first year program.
