### The Governor's Budget Published on December 15, 2008

This addendum includes the December 15 changes to Governor's budget request for the Senior and Long Term Care Division. This addendum explains the differences between the executive budget released November 15, 2008 as reviewed and evaluated in the Legislative Budget Analysis 2011 Biennium, Volume 4 and the December revisions.

The Senior and Long Term Care Division (SLTC) 2011 biennium budget request increases 6.0 percent compared to the 2009 biennium in the revised executive budget, 2.0 percent lower than the budget published in November. The reduction includes \$5.0 million general fund (\$10.1 million total funds). The reduction is due to:

- Eliminating an increase for community aging services
- Eliminating a 1 percent provider rate increase
- Eliminating a request to expand community based Medicaid waiver services
- Increasing vacancy savings from 4 to 7 percent for non institution staff

The differences between the November 15 executive budget and the revisions made on December 15, 2008 are explained in greater detail in the following discussion. The final table lists all of the present law adjustments and new proposal requests included in the Governor's December 15, 2008 budget.
