Amount appropriated for emergency grants for the 2015 biennium: \$100,000

Emergency grants awarded during the 2015 biennium include:

- White Sulphur Springs - \$20,000 was awarded on July 25, 2013, to resolve a water system emergency that resulted from a tornado. The funds were used to assist in rebuilding the slow sand filtration water treatment facility. The total amount of the grant has been disbursed.
- Sunburst - \$20,000 was awarded on November 19, 2013, to resolve a wastewater system emergency. The funds will be used for repairs and clean up at a failed wastewater pumping station. There have been no reimbursements to date.

Total amount awarded to date during the 2015 biennium: \$40,000
