

My name is Shyla Patena
I am an Independent Living Specialist
with North Central IL Services. We and
or I ask that the legislature and governor
work together to solve ~~of~~ our current
fiscal crisis. For, me being a citizen
advocate and having been approached by
legislators regarding the revenue crisis with
DPHHS cuts - I have been asked to ~~form~~ or
give opinions on what is important to me
as a citizen, it depends on where or how
someone enters the DPHHS and other government
agencies. For me, I deeply care ~~and~~ about
and value personal assistance services and
CFC because I use them, but my attendant
accesses and needs health care for
health care workers. Our young people with
disabilities need MY IF of the Montana youth
leadership forum.
