

To: Economic Affairs Interim Committee
From: Bart Campbell, Staff Attorney
Re: Rule Review for Sept. 11-12, 2006, meeting

Issue #13

Dept. of Labor and Industry

- Amending 24.11.452A shortening response time to respond to Department in order to meet performance standards established by U.S. Dept. of Labor.
- Amending 24.29.2831 pertaining to penalties for uninsured employers to reflect the newly adopted five-tier system adopted by State Fund that replaces three-tier system.

Board of Private Security Patrol Officers and Investigators

- Generally revising rules for licensure and adopting rules for firearms instructor licensure.

Board of Respiratory Care Practitioners

- Amending licensure and examination requirements to require showing a National Board of Respiratory Care card showing the applicant has passed NBRC examination.

Issue #14

Department of Agriculture

- Repealing 4.11.1201 through 4.11.1209 because the intention of the Specific Management Plan to prevent or minimize the presence of Imazamethabenz methyl on the Fairfield Bench has been accomplished.

Issue #15

Department of Agriculture

- Amending 4.12.3009 and 4.12.3402 relating to seed laboratory fees because the laboratory has experienced negative cash flow for the past three years and therefore the fees are being increased to be commensurate with costs.

Issue #16

Department of Agriculture

- Adopting new rules establishing the pulse crop research and marketing development program.
