Gentlemen:

Subject: HHS-000S(2) High Hazard Sites
Carbon County

We have reviewed your letter request dated November 6, 1975 concerning the waiving of an environmental impact statement and a negative declaration for this project correcting low pavement skid numbers.

We concur that it is not a major action and the effect on the environment will not be significant. We further concur that the public hearing requirements and the requirements for location and design could be waived.

Sincerely yours,

H. N. Stewart
