Technical Meeting for Remedial Investigation Scoping

Dear Sirs and Madam:

The Montana Department of Environmental Quality (DEQ) has begun the process of scoping the Remedial Investigation for the above-referenced facilities. Now that the Data Summary Report (DSR) is complete, DEQ has scheduled a technical meeting on February 10, 2006, at 1:00 pm to provide an opportunity for the liable persons to present DEQ with any information that may be missing from the DSR. As required by SB489, this meeting will give the liable persons the chance to consult on the scope of work for contract tasks. Please let me know if you will be attending by February 3, 2006 to ensure that we have a room big enough to accommodate everyone comfortably. Please feel free to contact me with any questions or concerns at 406-841-5064 or via email at mbucy@mt.gov.

Sincerely,

Moriah Bucy
Project Officer
