

SUPPLEMENTAL ENVIRONMENTAL ASSESSMENT

SITE NAME: Ferrel

APPLICANT: Fallon County Road Dept.

LOCATION: W ½ of Sec 24 T10N R58E

COUNTY: Fallon

SIZE: 1 Acre in this amendment 21 acres total

TYPE OF OPERATION: Gravel

Approved Permit and Amendment #'s: **00214 Amendment # 2**

Type and Purpose of Action: Fallon County received permission to mine 100,000 cu. yds. of gravel from a 10-acre area in Amendment #1. This amendment requests permitting an additional acre to use as stockpile area. Using this acre would allow the mine site to be reclaimed and used by the landowner at an earlier date.

The whole permit would encompass 21 acres with the addition of this amendment. Final reclamation to rangeland would be accomplished by December 2010.

Potential Impacts and Mitigation: The amendment area will not cause significant impacts on the physical environment or human population. Proponent will be legally bound by his permit to reclaim the site. The 2005 Environmental Assessment is applicable to this action.

Approved By: _____ Date: _____
