

DEQ OPENCUT MINING PROGRAM
SUPPLEMENTAL ENVIRONMENTAL ASSESSMENT

Proponent: Perfect Concrete Inc.

Site: Winston Site

Legal: SW1/4NW1/4, Sec. 17, T8N, R1E

County: Broadwater

Approved Permit and Amendment #'s: PCC-016 Amendment #1

Type and Purpose of Action: The proponent has applied to add 15 acres to the permit area for use of mining gravel, to extend the period of mining from 2007 to 2050, to mine another 200,000 cubic yards of gravel, to increase the bond from \$20,000 to \$44,000, and to update the mine area map. The new area is adjacent to the existing site and would increase the total permitted area to 20 acres.

Potential Impacts and Mitigation: The amendment area will not cause significant impacts on the physical environment or human population. Proponent will be legally bound by his permit to reclaim the site. The October 13, 2001 Environmental Assessment is applicable to this action.
