

T13-043 West Boulder River – Mission Creek Watersheds Cooperative Weed Management Project  
Park County

**NWTF Environmental Assessment Reviewer Form**

MDA Reviewer - Area of Concern	Potential Impact on Environment	Initial Review of Mitigation	Notes on Mitigation Statement	Approved
Kim Antonick - General Vegetation Type	Minor	Good		Yes
Rick Mulder and Emilie Erich - Surface & Groundwater	Minor	Meets Minimum Mitigation	RM	Yes
Rick Mulder and Emilie Erich - Soils	Minor	Meets Minimum Mitigation	RM	Yes
Craig McLane - Threatened & Endangered Species	Minor	Good		Yes
Craig McLane - Fish & Wildlife Habitat	Minor	Meets Minimum Mitigation		Yes
Kim Antonick - Air Quality	Minor	Excellent		Yes
Kim Antonick - Historical & Archeological Sites	None	Good		Yes

T13-045 Antelope Fire Recovery  
Jefferson County

**NWTF Environmental Assessment Reviewer Form**

MDA Reviewer - Area of Concern	Potential Impact on Environment	Initial Review of Mitigation	Notes on Mitigation Statement	Approved
Kim Antonick - General Vegetation Type	Minor	Good		Yes
Rick Mulder and Emilie Erich - Surface & Groundwater	Moderate	Good	Major concern is slopes to surface waters - mitigation with buffers is good (EE)	Yes
Rick Mulder and Emilie Erich - Soils	Moderate	Good	Major concern is chloresulfuron in soils with high Ksat - unsaturated drainage patterns provides natural mitigation and careful application methods is good (EE)	Yes
Craig McLane - Threatened & Endangered Species	Minor	Excellent	Well thought out and detailed by species	Yes
Craig McLane - Fish & Wildlife Habitat	Minor	Excellent	Well thought out and detailed by species	Yes
Kim Antonick - Air Quality	Minor	Good		Yes
Kim Antonick - Historical & Archeological Sites	None	Good	Stephanie checked with the Historical Society about the work that was planned for seedbed preparation and they are aware of the activity. No likely affect	Yes
