18

19 NEW SECTION. Section 6. Transfer of funds. The department of fish, wildlife, and parks and the  
 20 department of military affairs are authorized to transfer money appropriated in [sections 3 through 5]  
 21 among fund types.

22

23 NEW SECTION. Section 7. Capital land grant revenue. The appropriations of \$400,000 in capitol  
 24 land grant revenue to the department of administration for capitol complex land acquisition and \$150,000  
 25 to the department of fish, wildlife, and parks for capitol complex grounds improvements are the last  
 26 priorities for use of these funds during the 2003 biennium and are dependent upon the availability of  
 27 revenue. If necessary, the projects may be phased in as capitol land grant revenue becomes available. The  
 28 department of administration architecture and engineering division will set priorities for revenue available  
 29 for the two projects.

30

1            NEW SECTION. **Section 8. Planning and design.** The department of administration may proceed  
2 with the planning and design of capital projects prior to the receipt of other funding sources. The  
3 department may use interaccount loans in accordance with 17-2-107 to pay planning and design costs  
4 incurred before the receipt of other funding sources.

5

6            NEW SECTION. **Section 9. Capital projects -- contingent funds.** If a capital project is financed,  
7 in whole or in part, with appropriations contingent upon the receipt of other funding sources, the  
8 department of administration may not let the projects for bid until the agency has submitted a financial  
9 plan for approval by the director of the department of administration. A financial plan may not be approved  
10 by the director if:

11            (1) the level of funding provided under the financial plan deviates substantially from the funding  
12 level provided in [sections 2 through 5] for that project; or

13            (2) the scope of the project is substantially altered or revised from the preliminary plans presented  
14 for that project in the 2003 biennium long-range building program presented to the 57th legislature.

15

16            NEW SECTION. **Section 10. Review by department of environmental quality.** The department of  
17 environmental quality shall review capital projects authorized in [sections 2 through 5] for potential  
18 inclusion in the state energy conservation program. When review shows that a capital project will result  
19 in energy improvements, that project must be submitted to the energy conservation program for cofunding  
20 consideration. Cofunding provided under the energy conservation program guidelines must be used to  
21 offset or add to the authorized funding for the project, and the amount will be dependent on the annual  
22 utility savings resulting from the facility improvement. Agencies must be notified of potential cofunding  
23 after the review.

24

25            NEW SECTION. **Section 11. Legislative consent.** The appropriations authorized in [sections 1  
26 through 10] constitute legislative consent for the capital projects contained in [sections 1 through 10]  
27 within the meaning of 18-2-102.

28

29            SECTION 12. SECTION 4(3), CHAPTER 469, LAWS OF 1997, IS AMENDED TO READ:

30            "Section 4. **Capital improvements.**

1 (3) ~~(a)~~ The following money is appropriated to Montana state university in the indicated amount  
 2 for the purpose of making capital improvements to campus facilities:
