(3) If an activated reservist has requested that the reservist's license revert to inactive status pursuant to subsection (2), then for the duration of the reservist's active duty service under the orders submitted, the department or licensing board may not:

Money from the assessments levied under this section must be deposited in the fund.

(2) For each fiscal year, beginning July 1, an annual assessment is levied on all chiropractic physicians. The amount of the assessment must be annually set by the director and equally assessed against all chiropractic physicians. A fund surplus at the end of a fiscal year that is not required for the administration of this chapter must be retained by the director and used to finance the administration of this chapter during the next fiscal year, in which event the director shall reduce the next annual assessment to an amount estimated to be necessary for the proper administration of this chapter during that fiscal year.

~~(2)(b)~~ present evidence to the board of continued qualification for licensure.

(2) This section may not be interpreted to conflict with [section 2]."

For renewal of a dual license as both a professional engineer and a professional land surveyor, the fee must be set by the board.

(2) ~~A~~ Subject to subsection (5), a license may not be renewed unless the registrant submits a statement to the effect and the board is satisfied that the licensee has maintained competency by:

- (a) the continued practice of engineering or land surveying; and
- (b) engaging in other activities that provide for the maintenance of competency if prescribed by board rule, such as continuing education, which may require up to 15 professional development hours as prescribed by board rule and is generally patterned after the model rules of the national council of examiners for engineering and surveying.

(3) Failure on the part of a licensee to renew the license biennially prior to the expiration date does not deprive the licensee of the right of renewal; however, a licensee who fails to pay the renewal fee for an additional year of the biennium is considered a new applicant and is required to submit a new application.

(4) The fee for any licensee who fails to renew the license prior to the expiration date must be increased by an amount not to exceed 50% of the renewal fee. Renewal may not be completed until all fees are paid.

(5) This section may not be interpreted to conflict with [section 2]."

If application for renewal is not made on or before the renewal date, an additional fee prescribed by board rule must be paid. (2) Renewal may be made by application during the 60 days prior to the expiration date. The maximum fee for delayed renewal may not exceed twice the normal renewal fee.
