from a mental disorder or does not require commitment within the meaning of this part, the respondent must be discharged and the petition dismissed.

(2) If it is determined that the respondent is suffering from a mental disorder and requires commitment within the meaning of this part, the court shall hold a posttrial disposition hearing. The disposition hearing must be held within 5 days (including Saturdays, Sundays, and holidays unless the fifth day falls on a Saturday, Sunday, or holiday), during which time the court may order further evaluation and treatment of the respondent.

(3) At the conclusion of the disposition hearing and pursuant to the provisions in subsection (7), the court shall:

- (a) commit the respondent to the state hospital for a period of not more than 3 months; ~~or~~
- (b) commit the respondent to a community facility or program or to any appropriate course of treatment, which may include housing or residential requirements, for a period of not more than 6 months; or
- (c) commit the respondent to the Montana mental health nursing care center for a period of not more than 3 months, if the following conditions are met:

(i) the respondent meets the admission criteria of the center as described in 53-21-411 and established in administrative rules of the department; and

(ii) the superintendent of the center has issued a written authorization specifying a date and time for admission.

(4) Except as provided in subsection (3)(b), a treatment ordered pursuant to this section may not affect the respondent's custody or course of treatment for a period of more than 3 months.

(5) In determining which of the alternatives in subsection (3) to order, the court shall choose the least restrictive alternatives necessary to protect the respondent and the public and to permit effective treatment.

(6) The court may authorize the chief medical officer of a facility or a physician designated by the court to administer appropriate medication involuntarily if the court finds that involuntary medication is necessary to protect the respondent or the public or to facilitate effective treatment. Medication may not be involuntarily administered to a patient unless the chief medical officer of the facility or a physician designated by the court approves it prior to the beginning of the involuntary administration and unless, if possible, a medication review committee reviews it prior to the beginning of the involuntary administration or, if prior review is not possible, within 5 working days after the beginning of the involuntary administration. The medication review committee must include at least one person who is not an employee of the facility or program. The patient and the patient's attorney or advocate, if the patient has one, must receive adequate written notice of the date, time, and place of the review and must be allowed to appear and give testimony and evidence. The involuntary administration of medication must be again reviewed by the committee 14 days and 90 days after the beginning of the involuntary administration if medication is still being involuntarily administered. The mental disabilities board of visitors and the director of the department of public health and human services must be fully informed of the matter within 5 working days after the beginning of the involuntary administration. The director shall report to the governor on an annual basis.

(7) Satisfaction of any one of the criteria listed in 53-21-126(1) justifies commitment pursuant to this chapter. However, if the court relies solely upon the criterion provided in 53-21-126(1)(d), the court may require commitment only to a community facility or program or an appropriate course of treatment as provided in subsection (3)(b), and may not require commitment at the state hospital or the Montana mental health nursing care center.

(8) In ordering commitment pursuant to this section, the court shall make the following findings of fact:

- (a) a detailed statement of the facts upon which the court found the respondent to be suffering from a mental disorder and requiring commitment;
- (b) the alternatives for treatment that were considered;
- (c) the alternatives available for treatment of the respondent;
- (d) the reason that any treatment alternatives were determined to be unsuitable for the respondent;
- (e) the name of the facility, program, or individual to be responsible for the management and supervision of the respondent's treatment;
- (f) if the order includes a requirement for inpatient treatment, the reason inpatient treatment was chosen from among other alternatives;

HOUSE JOURNAL
TWENTY-NINTH LEGISLATIVE DAY - FEBRUARY 10, 2003

(g) if the order commits the respondent to the Montana mental health nursing care center, a finding that the respondent meets the admission criteria of the center and that the superintendent of the center has issued a written authorization specifying a date and time for admission; and

~~(g)~~(h) if the order includes involuntary medication, the reason involuntary medication was chosen from among other alternatives."

Insert: "Section 2. Section 53-21-128, MCA, is amended to read:

"53-21-128. Petition for extension of commitment period. (1) (a) Not less than 2 calendar weeks prior to the end of the 3-month period of commitment to the state hospital or the Montana mental health nursing care center or the period of commitment to a community facility or program or a course of treatment provided for in 53-21-127, the professional person in charge of the patient at the place of commitment may petition the district court in the county where the patient is committed for extension of the commitment period unless otherwise ordered by the original committing court. The petition must be accompanied by a written report and evaluation of the patient's mental and physical condition. The report must describe any tests and evaluation devices that have been employed in evaluating the patient, the course of treatment that was undertaken for the patient, and the future course of treatment anticipated by the professional person.

(b) Upon the filing of the petition, the court shall give written notice of the filing of the petition to the patient, the patient's next of kin, if reasonably available, the friend of respondent appointed by the court, and the patient's counsel. If any person notified requests a hearing prior to the termination of the previous commitment authority, the court shall immediately set a time and place for a hearing on a date not more than 10 days from the receipt of the request and notify the same people, including the professional person in charge of the patient. If a hearing is not requested, the court shall enter an order of commitment for a period not to exceed 6 months.

(c) Procedure on the petition for extension when a hearing has been requested must be the same in all respects as the procedure on the petition for the original 3-month commitment except the patient is not entitled to trial by jury. The hearing must be held in the district court having jurisdiction over the facility in which the patient is detained unless otherwise ordered by the court. Court costs and witness fees, if any, must be paid by the county that paid the same costs in the initial commitment proceedings.

(d) If upon the hearing the court finds the patient not to be suffering from a mental disorder and requiring commitment within the meaning of this part, the patient must be discharged and the petition dismissed. If the court finds that the patient continues to suffer from a mental disorder and to require commitment, the court shall order commitment as set forth in 53-21-127(3). However, an order may not affect the patient's custody for more than 6 months. In its order, the court shall describe what alternatives for treatment of the patient are available, what alternatives were investigated, and why the investigated alternatives were not found suitable. The court may not order continuation of an alternative that does not include a comprehensive, individualized plan of treatment for the patient. A court order for the continuation of an alternative must include a specific finding that a comprehensive, individualized plan of treatment exists.

(2) Prior to the end of the period of commitment to a community facility or program or course of treatment, a respondent may request that the treating provider petition the district court for an extension of the commitment order. The petition must be accompanied by a written report and evaluation of the respondent's mental and physical condition, an updated treatment plan, and a written statement by the respondent that an extension is desired. The extension procedure must follow the procedure required in subsections (1)(b) through (1)(d).

(3) Further extensions under subsection (1) or (2) may be obtained under the same procedure described in subsection (1). However, the patient's custody may not be affected for more than 1 year without a renewal of the commitment under the procedures set forth in subsection (1), including a statement of the findings required by subsection (1)."
