WHEREAS, the State Administration and Veterans' Affairs Interim Committee (SAIC) closely examined property tax, vehicle registration, and special license plate benefits available to veterans or their surviving spouses; and

WHEREAS, the SAIC finds that state statutory language providing disabled veterans with certain benefits based on a 100% disability rating from the U.S. Department of Veterans Affairs needs to be updated to account for veterans with less than a 100% disability rating but entitled to receive compensation at the 100% disability rate; and

WHEREAS, veterans and surviving spouses have requested closer parity between the vehicle registration and special license plate benefits available to various classes of veterans and inclusion of the surviving spouses of veterans killed while on active duty or who died as a result of a service-connected disability; and

WHEREAS, statutory provisions related to vehicle registration and special license plate fees should be simplified to the extent possible to streamline administration and address various other disparities.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MONTANA:

(2) (a) From the amounts estimated in subsection (1) for each county government, the department shall deduct fiscal year 2001 county government expenditures for district courts, less reimbursements for district court expenses, and fiscal year 2001 county government expenditures for public welfare programs to be assumed by the state in fiscal year 2002.

(b) The amount estimated pursuant to subsections (1) and (2)(a) is each local government's base year component. The sum of all local governments' base year components is the base year entitlement share pool. For the purpose of calculating the sum of all local governments' base year components, the base year component for a local government may not be less than zero.

(3) (a) Beginning with fiscal year 2002 and in each succeeding fiscal year, the base year entitlement share pool must be increased annually by a growth rate as provided for in this subsection (3). The amount determined through the application of annual growth rates is the entitlement share pool for each fiscal year. For fiscal year 2002, the growth rate is 3%. For fiscal year 2003, the growth rate is 3% for incorporated cities and towns, 1.61% for counties, and 2.3% for consolidated local governments. Beginning with calendar year 2004, by October 1 of each even-numbered year, the department shall calculate the growth rate of the entitlement share pool for each year of the next biennium in the following manner:

(i) Before applying the growth rate for fiscal year 2004 to determine the fiscal year 2004 entitlement share pool, the department shall add to the fiscal year 2003 entitlement share pool the fiscal year 2003 amount of revenue actually distributed to the county from the 25-cent marriage license fee in 50-15-301 and the probation and parole fee in 46-23-1031(2)(b).

(ii) The department shall calculate the average annual growth rate of the Montana gross state product, as published by the bureau of economic analysis of the United States department of commerce, for the following periods:

(A) the last 4 calendar years for which the information has been published; and

(B) the 4 calendar years beginning with the year before the first year in the period referred to in subsection (3)(a)(ii)(A).

(iii) The department shall calculate the average annual growth rate of Montana personal income, as published by the bureau of economic analysis of the United States department of commerce, for the following periods:

(A) the last 4 calendar years for which the information has been published; and

(B) the 4 calendar years beginning with the year before the first year in the period referred to in subsection (3)(a)(iii)(A).

(b) (i) For fiscal year 2004 and subsequent fiscal years, the entitlement share pool growth rate for the first year of the biennium must be the following percentage of the average of the growth rates calculated in subsections (3)(a)(ii)(B) and (3)(a)(iii)(B):

(A) for counties, 54%;

(B) for consolidated local governments, 62%; and

(C) for incorporated cities and towns, 70%.

(ii) The entitlement share pool growth rate for the second year of the biennium must be the following percentage of the average of the growth rates calculated in subsections (3)(a)(ii)(A) and (3)(a)(iii)(A):

(A) for counties, 54%;

(B) for consolidated local governments, 62%; and

(C) for incorporated cities and towns, 70%.

(4) As used in this section, "local government" means a county, a consolidated local government, an incorporated city, and an incorporated town. A local government does not include a tax increment financing district provided for in subsection (6). For purposes of calculating the base year component for a county or

consolidated local government, the department shall include the revenue listed in subsection (1) for all special districts within the county or consolidated local government. The county or consolidated local government is responsible for making an allocation from the county's or consolidated local government's share of the entitlement share pool to each special district within the county or consolidated local government in a manner that reasonably reflects each special district's loss of revenue sources listed in subsection (1).

(5) (a) The entitlement share pools calculated in this section and the block grants provided for in subsection (6) are statutorily appropriated, as provided in 17-7-502, from the general fund to the department for distribution to local governments. Each local government is entitled to a pro rata share of each year's entitlement share pool based on the local government's base component in relation to the base year entitlement share pool. The distributions must be made on a quarterly basis beginning September 15, 2001.

(b) (i) For fiscal year 2002, the growth amount is the difference between the fiscal year 2002 entitlement share pool and the base year entitlement share pool. For fiscal year 2002, a county may have a negative base year component. For fiscal year 2003 and each succeeding fiscal year, the growth amount is the difference between the entitlement share pool in the current fiscal year and the entitlement share pool in the previous fiscal year. For the purposes of subsection (5)(b)(ii)(A), a county with a negative base year component has a base year component of zero. The growth factor in the entitlement share must be calculated separately for:

- (A) counties;
- (B) consolidated local governments; and
- (C) incorporated cities and towns.

(ii) In each fiscal year, the growth amount for counties must be allocated as follows:

(A) 50% of the growth amount must be allocated based upon each county's percentage of the base year entitlement share pool for all counties; and

(B) 50% of the growth amount must be allocated based upon the percentage that each county's population bears to the state population not residing within consolidated local governments as determined by the latest interim year population estimates from the Montana department of commerce as supplied by the United States bureau of the census.

(iii) In each fiscal year, the growth amount for consolidated local governments must be allocated as follows:

(A) 50% of the growth amount must be allocated based upon each consolidated local government's percentage of the base year entitlement share pool for all consolidated local governments; and

(B) 50% of the growth amount must be allocated based upon the percentage that each consolidated local government's population bears to the state's total population residing within consolidated local governments as determined by the latest interim year population estimates from the Montana department of commerce as supplied by the United States bureau of the census.

(iv) In each fiscal year, the growth amount for incorporated cities and towns must be allocated as follows:

(A) 50% of the growth amount must be allocated based upon each incorporated city's or town's percentage of the base year entitlement share pool for all incorporated cities and towns; and

(B) 50% of the growth amount must be allocated based upon the percentage that each city's or town's population bears to the state's total population residing within incorporated cities and towns as determined by the latest interim year population estimates from the Montana department of commerce as supplied by the United States bureau of the census.

(v) In each fiscal year, the amount of the entitlement share pool not represented by the growth amount is distributed to each local government in the same manner as the entitlement share pool was distributed in the prior fiscal year.

(vi) For fiscal year 2002, an amount equal to the district court costs identified in subsection (2) must be added to each county government's distribution from the entitlement share pool.

(vii) For fiscal year 2002, an amount equal to the district court fees identified in subsection (1)(d) must be subtracted from each county government's distribution from the entitlement share pool.

(6) (a) If a tax increment financing district was not in existence during the fiscal year ending June 30, 2000, then the tax increment financing district is not entitled to any block grant. If a tax increment financing district referred to in subsection (6)(b) terminates, then the block grant provided for in subsection (6)(b) terminates.

(b) One-half of the payments provided for in this subsection (6)(b) must be made by November 30 and the other half by May 31 of each year. Subject to subsection (6)(a), the entitlement share for tax increment financing districts is as follows:

Cascade	Great Falls - downtown	\$468,966
Deer Lodge	TIF District 1	3,148
Deer Lodge	TIF District 2	3,126

Silver Bow	Butte - uptown	283,801

(c) The entitlement share for industrial tax increment financing districts is as follows:

(i) for fiscal years 2002 and 2003:

Missoula County	Airport Industrial	\$4,812
Silver Bow	Ramsay Industrial	597,594;

(ii) for fiscal years 2004 and 2005:

Missoula	County Airport Industrial	\$2,406
Silver Bow	Ramsay Industrial	298,797; and

(iii) \$0 for all succeeding fiscal years.

(d) The entitlement share for industrial tax increment financing districts referred to in subsection (6)(c) may not be used to pay debt service on tax increment bonds to the extent that the bonds are secured by a guaranty, a letter of credit, or a similar arrangement provided by or on behalf of an owner of property within the tax increment financing industrial district.

(e) One-half of the payments provided for in subsection (6)(c) must be made by July 30, and the other half must be made in December of each year.

(7) The estimated base year entitlement share pool and any subsequent entitlement share pool for local governments do not include revenue received from countywide transportation block grants or from countywide retirement block grants.

(8) The estimates for the base year entitlement share pool in subsection (1) must be calculated as if the fees in Chapter 515, Laws of 1999, were in effect for all of fiscal year 2001.

(9) (a) If revenue that is included in the sources listed in subsections (1)(b) through (1)(p) is significantly reduced, except through legislative action, the department shall deduct the amount of revenue loss from the entitlement share pool beginning in the succeeding fiscal year and the department shall work with local governments to propose legislation to adjust the entitlement share pool to reflect an allocation of the loss of

revenue.

(b) For the purposes of subsection (9)(a), a significant reduction is a loss that causes the amount of revenue received in the current year to be less than 95% of the amount of revenue received in the base year.

(10) A three-fifths vote of each house is required to reduce the amount of the entitlement share calculated pursuant to subsections (1) through (3).

(11) When there has been an underpayment of a local government's share of the entitlement share pool, the department shall distribute the difference between the underpayment and the correct amount of the entitlement share. When there has been an overpayment of a local government's entitlement share, the local government shall remit the overpaid amount to the department.

(12) A local government may appeal the department's estimation of the base year component, the entitlement share pool growth rate, or a local government's allocation of the entitlement share pool, according to the uniform dispute review procedure in 15-1-211."

Section 5. Section 15-1-122, MCA, is amended to read:

by the department. In years when number plates are not issued, the department shall provide nonremovable stickers bearing appropriate registration numbers that must be affixed to the license plates in use.

(b) For motorcycles, quadricycles, and light vehicles that are permanently registered as provided in 61-3-527 or 61-3-315 and 61-3-562, the department shall provide distinctive nonremovable stickers indicating that the vehicle is permanently registered. The stickers must be affixed to the license plates in use.

(4) (a) Subject to the provisions of this section, the department shall create a new design for number plates as provided in this section, and it shall manufacture the newly designed number plates for issuance after December 31, 1999, to replace at renewal, as required in 61-3-312 and 61-3-314, number plates that were displayed on motor vehicles before that date.

(6) The distinctive registration numbers must begin with a number one or with a letter-number combination, such as "A 1" or "AA 1", or any other similar combination of letters and numbers. Distinctive registration numbers for plates assigned to motor vehicles of each of the counties in the state and those of the municipalities and special districts that obtain plates within each county must begin with number one and be numbered consecutively. Because these number plates are of a permanent nature, they are subject to replacement by the department only when the physical condition of the number plates requires it and a year number may not be displayed on the number plates.

(8) Number plates issued to a passenger vehicle, truck, trailer, motorcycle, or quadricycle may be transferred only to a replacement passenger vehicle, truck, trailer, motorcycle, or quadricycle. A registration or license fee may not be assessed upon a transfer of a number plate under 61-3-317 and 61-3-335.

61-3-332. (Effective July 1, 2005) Number plates. (1) A motor vehicle that is driven upon the streets or highways of Montana must display both front and rear number plates, bearing the distinctive number assigned to the vehicle.

(2) In addition to special license plates and collegiate license plates authorized under this chapter, a separate series of number plates must be issued, in the manner specified, for each of the following vehicle or dealer types:

- (a) passenger vehicles, including automobiles, vans, and sport utility vehicles;

- (i) dealers of recreational vehicles, bearing the letters "RV" or the letter "R" and the word "DEALER".

(3) (a) Except as provided in subsections (4)(c) and (4)(d), all number plates for motor vehicles must be issued for a maximum period of 4 years, bear a distinctive marking, and be furnished by the state. In years when number plates are not issued, the department shall provide nonremovable stickers bearing appropriate registration numbers that must be affixed to the license plates in use.

(b) For motorcycles, quadricycles, and light vehicles that are permanently registered as provided in 61-3-527 or 61-3-315 and 61-3-562, the department shall provide distinctive nonremovable stickers indicating that the vehicle is permanently registered. The stickers must be affixed to the license plates in use.

(4) (a) Subject to the provisions of this section, the department shall create a new design for number plates as provided in this section, and it shall manufacture the newly designed number plates for issuance after

December 31, 1999, to replace at renewal, as required in 61-3-312 and 61-3-314, number plates that were displayed on motor vehicles before that date.

(b) Beginning January 1, 2000, the department shall manufacture and issue new number plates every 4 years.

(c) A light vehicle that is registered for a 24-month period, as provided in 61-3-315 and 61-3-560, may display the number plate and plate design in effect at the time of registration for the entire 24-month registration period.

(d) A motorcycle, quadricycle, or light vehicle that is permanently registered, as provided in 61-3-527 or 61-3-315 and 61-3-562, may display the number plate and plate design in effect at the time of registration for the entire period that the vehicle is permanently registered.

(5) In the case of passenger vehicles and trucks, plates must be of metal 6 inches wide and 12 inches in length. The outline of the state of Montana must be used as a distinctive border on the license plates, and the word "Montana" and the year must be placed across the plates. Registration plates must be treated with a reflectorized background material according to specifications prescribed by the department.

(6) The distinctive registration numbers must begin with a number one or with a letter-number combination, such as "A 1" or "AA 1", or any other similar combination of letters and numbers. The distinctive registration number or letter-number combination assigned to the vehicle must appear on the plate preceded by the number of the county and appearing in horizontal order on the same horizontal baseline. The county number must be separated from the distinctive registration number by a separation mark unless a letter-number combination is used. The dimensions of the numerals and letters must be determined by the department, and all county and registration numbers must be of equal height.

(7) For the use of exempt motor vehicles and motor vehicles that are exempt from the registration fee as provided in 61-3-560(2)(a), in addition to the markings provided in this section, number plates must bear the following distinctive markings:

(a) For vehicles owned by the state, the department may designate the prefix number for the various state departments. All numbered plates issued to state departments must bear the words "State Owned", and a year number may not be indicated on the plates because these numbered plates are of a permanent nature and will be replaced by the department only when the physical condition of numbered plates requires it.

(b) For vehicles that are owned by the counties, municipalities, and special districts, as defined in 18-8-202, organized under the laws of Montana and not operating for profit, and that are used and operated by

officials and employees in the line of duty and for vehicles on loan from the United States government or the state of Montana to, or owned by, the civil air patrol and used and operated by officials and employees in the line of duty, there must be placed on the number plates assigned, in a position that the department may designate, the letter "X" or the word "EXEMPT". Distinctive registration numbers for plates assigned to motor vehicles of each of the counties in the state and those of the municipalities and special districts that obtain plates within each county must begin with number one and be numbered consecutively. Because these number plates are of a permanent nature, they are subject to replacement by the department only when the physical condition of the number plates requires it and a year number may not be displayed on the number plates.

(8) Number plates issued to a passenger vehicle, truck, trailer, motorcycle, or quadricycle may be transferred only to a replacement passenger vehicle, truck, trailer, motorcycle, or quadricycle. A registration or license fee may not be assessed upon a transfer of a number plate under 61-3-317 and 61-3-335.

(9) For the purpose of this chapter, the several counties of the state are assigned numbers as follows: Silver Bow, 1; Cascade, 2; Yellowstone, 3; Missoula, 4; Lewis and Clark, 5; Gallatin, 6; Flathead, 7; Fergus, 8; Powder River, 9; Carbon, 10; Phillips, 11; Hill, 12; Ravalli, 13; Custer, 14; Lake, 15; Dawson, 16; Roosevelt, 17; Beaverhead, 18; Chouteau, 19; Valley, 20; Toole, 21; Big Horn, 22; Musselshell, 23; Blaine, 24; Madison, 25; Pondera, 26; Richland, 27; Powell, 28; Rosebud, 29; Deer Lodge, 30; Teton, 31; Stillwater, 32; Treasure, 33; Sheridan, 34; Sanders, 35; Judith Basin, 36; Daniels, 37; Glacier, 38; Fallon, 39; Sweet Grass, 40; McCone, 41; Carter, 42; Broadwater, 43; Wheatland, 44; Prairie, 45; Granite, 46; Meagher, 47; Liberty, 48; Park, 49; Garfield, 50; Jefferson, 51; Wibaux, 52; Golden Valley, 53; Mineral, 54; Petroleum, 55; Lincoln, 56.
