~~Section 1. Section 25, Chapter 13, Special Laws of August 2002, is amended to read:~~

~~"Section 25. Section 244, Chapter 574, Laws of 2001, is amended to read:~~

~~"Section 244. School district block grants. (1) (a) The office of public instruction shall provide a block grant to each school district based on the revenue received by each district in fiscal year 2001 from vehicle taxes and fees, corporate license taxes paid by financial institutions, aeronautics fees, state land payments in lieu of taxes, and property tax reimbursements pursuant to sections 167(1) through (5) and 169(6), Chapter 584, Laws of 1999.~~

~~(b) Block grants must be calculated using the electronic reporting system that is used by the office of public instruction and school districts. The electronic reporting system must be used to allocate a portion of the block grant amount into each district's fiscal year 2002 budget as an anticipated revenue source by fund.~~

~~(c) With the exception of vehicle taxes and fees, the office of public instruction shall use the amount actually received from the sources listed in subsection (1)(a) in fiscal year 2001 in its calculation of the block grant for fiscal year 2002 budgeting purposes. For vehicle taxes and fees, the office of public instruction shall use 93.4% of the amount actually received in fiscal year 2001 in calculating the block grant for fiscal year 2002.~~

~~(2) If the biennial fiscal year 2003 appropriation provided in [section 248(1)] is insufficient to fund the school district block grants in fiscal year 2003 at the fiscal year 2002 level, the office of public instruction shall prorate the block grants to meet the remaining appropriation. School districts shall anticipate the prorated block grant amounts provided by the office of public instruction in their budgets for fiscal year 2003.~~

~~(3) Each year, 70% of each district's block grant must be distributed in November and 30% of each~~

district's block grant must be distributed in May at the same time that guaranteed tax base aid is distributed. If the appropriation for block grants is greater than or less than the amount received by schools from the sources enumerated in subsection (1), the office of public instruction shall prorate the amount appropriated based upon the fiscal year 2001 revenue.

———— (4) The average amount of the block grants in fiscal years 2002 and 2003 must be used in fiscal year 2004 and fiscal year 2005. The block grant must be increased by 0.76% in fiscal year 2004 2006 and in each succeeding fiscal year.™™
