

1 _____ BILL NO. _____

2 INTRODUCED BY _____
3 (Primary Sponsor)

4 A BILL FOR AN ACT ENTITLED: "AN ACT PROVIDING LAWS FOR SURROGATE PARENTHOOD;
5 PROVIDING FOR ASSISTED REPRODUCTION AND GESTATIONAL AGREEMENTS; DEFINING TERMS;
6 PROVIDING FOR PARENTAL RIGHTS; PROVIDING THAT A DONOR IS NOT A PARENT; PROVIDING THAT
7 VIOLATIONS BY A HEALTH CARE PROVIDER ARE UNPROFESSIONAL CONDUCT; PROVIDING FOR
8 CONFIDENTIALITY; PROVIDING FOR PARENT AND CHILD STATUS IN AN ASSISTED REPRODUCTION;
9 REQUIRING CONSENT OF THE DONOR AND PARTICIPANTS IN ASSISTED REPRODUCTION SERVICES;
10 PROVIDING FOR COURT APPROVAL OF GESTATIONAL AGREEMENTS; REQUIRING FINDINGS;
11 PROVIDING FOR JURISDICTION; PROVIDING FOR TERMINATION OF AGREEMENTS; PROVIDING FOR
12 PARENTAL STATUS UNDER GESTATIONAL AGREEMENTS; AND REPEALING SECTION 40-6-106, MCA."

13
14 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MONTANA:

15
16 NEW SECTION. **Section 1. Definitions.** As used in [sections 1 through 20], the following definitions
17 apply:

18 (1) "Assisted reproduction" means a method, other than sexual intercourse, of causing pregnancy. The
19 term includes but is not limited to:

- 20 (a) artificial insemination;
- 21 (b) transfer of gametes or embryos; and
- 22 (c) in vitro fertilization.

23 (2) "Child" means an individual of any age whose parentage may be determined under [sections 1
24 through 20].

25 (3) "Department" means the department of public health and human services provided for in 2-15-2201.

26 (4) (a) "Donor" means an individual who produces gametes used for assisted reproduction, whether
27 or not for consideration.

28 (b) The term does not include:

- 29 (i) a husband who provides sperm or a wife who provides eggs to be used for assisted reproduction by
30 the wife;

1 (ii) an unmarried man who provides sperm to be used for assisted reproduction by an unmarried woman,
2 both of whom intend to be parents of the resulting child; or

3 (iii) a woman who gives birth to a child by means of assisted reproduction, except as otherwise provided
4 in [sections 13 through 20].

5 (5) "Embryo transfer" means to place an embryo into the uterus of a woman who is intended to gestate
6 the embryo.

7 (6) "Gametes" means eggs or sperm.

8 (7) "Gestational agreement" is an agreement described in [section 13].

9 (8) "Gestational carrier" means the woman who agrees, pursuant to a gestational agreement, to bear
10 a child for any intended parent or parents.

11 (9) "Health care provider" means a person licensed as a health care provider who, within the provider's
12 scope of practice, as provided in Title 37, provides assisted reproduction services or facilitates gamete or
13 embryo donation.

14 (10) "Intended parent or parents" means one or two individuals who enter into a gestational agreement
15 providing that the individual or individuals will be the parent or parents of a child born to a gestational carrier
16 pursuant to a gestational agreement approved under [sections 1 through 20], whether or not the intended parent
17 has a genetic relationship with the child.

18 (11) "Record" means information that is inscribed on a tangible medium or that is stored in an electronic
19 or other medium and is retrievable in perceivable form.

20

21 **NEW SECTION. Section 2. Scope -- applicability -- parental rights.** (1) [Sections 1 through 20] do
22 not apply to the birth of a child conceived by means of sexual intercourse.

23 (2) The provisions of [sections 1 through 20] may not be waived.

24 (3) Except as otherwise provided in [sections 1 through 20], [sections 1 through 20] do not create,
25 enlarge, or diminish parental rights and duties as established by other laws of this state.

26

27 **NEW SECTION. Section 3. Parental status of donor.** A donor is not a parent of a child conceived
28 by means of assisted reproduction with the donor's gametes. Neither a donor nor any person by or through a
29 donor has a right or interest in a child or the estate of a child born by means of assisted reproduction. A child
30 born by means of assisted reproduction is not an heir of a donor.

1
2 NEW SECTION. Section 4. Violation. A violation of [sections 1 through 20] by a health care provider
3 must be considered a matter of unprofessional conduct by the appropriate board or the department of labor and
4 industry as provided in Title 37.

5
6 NEW SECTION. Section 5. Confidentiality of records. (1) A health care provider may not assist a
7 woman in becoming pregnant through assisted reproduction unless the health care provider maintains the
8 following information about the donor:

- 9 (a) family medical and mental health history;
10 (b) substance abuse history; and
11 (c) results of any genetic testing done as part of donor screening.

12 (2) All information maintained about the donor is confidential and subject to inspection, in a manner that
13 does not disclose the identity of the donor, only by a potential recipient of gametes of the donor, by the parent
14 or parents or guardian of a child born as the result of assisted reproduction using the gametes of the donor, and
15 by the child when the child is 18 years of age or older.

16 (3) A donor shall enter either a nonanonymous donor program or an anonymous donor program.
17 Recipients of donor gametes may choose to receive gametes from either the nonanonymous donor program
18 or the anonymous donor program. In the nonanonymous donor program, the identity of the donor is available
19 from the health care provider to the parent or parents or guardian of the child born as the result of assisted
20 reproduction and to the child when the child is 18 years of age or older. In the anonymous donor program, the
21 identity of the donor is confidential and is not available to the parent or parents or guardian of the child born as
22 the result of assisted reproduction or to the child. Donors and potential recipients of donor gametes must receive
23 adequate counseling by the health care provider regarding the implications of using the nonanonymous and
24 anonymous donor programs.

25 (4) The health care provider shall, before receiving eggs, sperm, or embryos for donation, record the
26 address of the donor and request that the donor keep a current address on file with the health care provider.

27 (5) The provisions concerning maintenance and inspection of records of the identity of donors do not
28 apply to donors of gametes collected before [the effective date of this act].

29
30 NEW SECTION. Section 6. Parenthood of child of assisted reproduction. (1) This section does not

1 apply to the parentage of a child conceived as the result of a gestational agreement as provided in [section 13].

2 (2) A woman who gives birth to a child by means of assisted reproduction is the mother of the resulting
3 child.

4 (3) A husband who provides sperm for or consents to the use of assisted reproduction by the husband's
5 wife as provided in [section 9] is the father of a resulting child born to the wife. Failure of a husband to sign the
6 consent required by [section 9(2)] before or after birth of the child does not preclude a finding that the husband
7 is the father of a child born to the husband's wife if the wife and husband openly treat the child as their own.

8 (4) An unmarried man who provides sperm for assisted reproduction by an unmarried woman with the
9 intent that they will both be the parents of the resulting child is the father of the resulting child born to the woman
10 if the man and woman have signed the consent provided for in [section 9].

11
12 **NEW SECTION. Section 7. Status of child born of assisted reproduction.** A child born as a result
13 of assisted reproduction is, in all respects, the child of the mother and father described in [section 6] or, in the
14 case of a gestational agreement, the child of the intended parent or parents.

15
16 **NEW SECTION. Section 8. Status of child determined by jurisdiction of birth.** (1) This section does
17 not apply to a gestational agreement as provided in [section 13].

18 (2) A child conceived as a result of assisted reproduction performed in Montana and born in another
19 jurisdiction must have the child's status determined by the law of the other jurisdiction unless the mother of the
20 child resides in Montana both at the time of conception and of the birth of the child.

21 (3) If a child is conceived by assisted reproduction in another jurisdiction but is born in Montana to a
22 woman who, at the time of conception, was not a resident of Montana but who is a resident at the time of the
23 birth of the child, the child has the same status as is provided in [section 7], even if the provisions of [section 9]
24 have not been complied with.

25
26 **NEW SECTION. Section 9. Consent to assisted reproduction services.** (1) This section does not
27 apply to a donor.

28 (2) A health care provider may not provide services for assisted reproduction involving donor eggs,
29 sperm, or embryos unless:

30 (a) the individual receiving the services has been given information, both orally and in writing, about the

1 implications of the use of assisted reproduction that is sufficient to allow the individual to make an informed
2 decision;

3 (b) the individual has been offered counseling by a mental health professional qualified to practice in
4 the area of reproductive health about the social and psychological implications of assisted reproduction on
5 participants; and

6 (c) the individual has signed a record consenting to the procedures to be employed.

7 (3) If an individual declines the counseling offered in subsection (2), the health care provider may not
8 provide assisted reproduction services unless the individual signs a record stating that the individual has been
9 offered counseling and has elected not to receive it.

10 (4) If the use of assisted reproduction is by a married woman, the provisions of subsection (2) also apply
11 to the woman's husband and the consent must be signed by both the woman and the woman's husband.

12 (5) If an unmarried man provides sperm to be used for assisted reproduction by an unmarried woman
13 and both intend to be parents of a resulting child, the provisions of subsection (2) also apply to the man and the
14 consent must be signed by both the man and the woman.

15 (6) If the assisted reproduction services involve embryo creation or embryo transfer, the record of
16 consent required in subsection (2) must also contain:

17 (a) a description of the intended use of the embryos;

18 (b) information regarding the number of embryos to be transferred and the risk of multiple births;

19 (c) directions for the use and disposition of the embryos in the event of divorce, illness, death, or other
20 change in circumstances designated by the parties; and

21 (d) the time at which and the conditions under which embryos will be considered abandoned and
22 directions for disposal of the abandoned embryos.

23

24 **NEW SECTION. Section 10. Consent of donor.** A health care provider may not facilitate gamete or
25 embryo donation unless:

26 (1) the donor has been given information, both orally and in writing, about the medical, psychological,
27 and social implications of the use of assisted reproduction that is sufficient to allow the donor to make an
28 informed decision; and

29 (2) the donor has signed a record consenting to the procedures to be employed.

30

1 **NEW SECTION. Section 11. Revocation of consent -- effect of dissolution of marriage or death.**

2 (1) This section does not apply to the consent of a donor signed pursuant to [section 10] or to a gestational
3 agreement as provided in [section 13].

4 (2) An individual who signed a consent to assisted reproduction pursuant to [section 9] may revoke the
5 consent in a record at any time before the transfer of gametes or embryos.

6 (3) Except as provided in 40-6-107, if the individuals who signed a consent pursuant to [section 9] are
7 married and their marriage is dissolved before the transfer of gametes or embryos, the former husband is not
8 the father of a resulting child unless the former husband consented in a record that if assisted reproduction were
9 to occur after a dissolution of the marriage, the former husband would be the father of the child.

10 (4) If a husband who signed a consent pursuant to [section 9] dies before the transfer of gametes or
11 embryos, the deceased husband is not the father of a resulting child unless the deceased husband consented
12 in a record that if assisted reproduction were to occur after death, the deceased husband would be the father
13 of the child. If an unmarried man who signed a consent pursuant to [section 9] dies before the transfer of
14 gametes or embryos, the deceased man is not the father of a resulting child unless the deceased man
15 consented in a record that if assisted reproduction were to occur after death, the deceased man would be the
16 father of the child.

17
18 **NEW SECTION. Section 12. Egg donation.** An agreement to pay consideration to an egg donor in
19 exchange for the donor's eggs is not enforceable unless it is reasonable, based on the donor's time, effort, risk,
20 and inconvenience.

21
22 **NEW SECTION. Section 13. Gestational agreements.** (1) A prospective gestational carrier, the
23 carrier's husband, if the carrier is married, and the intended parent or parents may enter into a gestational
24 agreement that provides that:

25 (a) the prospective gestational carrier agrees to pregnancy by means of assisted reproduction by a
26 health care provider;

27 (b) the prospective gestational carrier and the carrier's husband, if the carrier is married, relinquish all
28 rights and duties as parents of a child born pursuant to a gestational agreement approved under [section 14];
29 and

30 (c) each intended parent becomes the parent of the child.

- 1 (2) If the intended parents are married, both spouses must be parties to the gestational agreement.
- 2 (3) The gestational agreement must be a record, signed by the parties.
- 3 (4) For purposes of [sections 1 through 20], a gestational agreement is not valid unless approved under
- 4 [section 14].

5

6 **NEW SECTION. Section 14. Petition and hearing -- order approving gestational agreement.** (1)

7 The intended parent or parents and the prospective gestational carrier may file a petition to approve a

8 gestational agreement in the district court in which any one of them resides. The gestational carrier's husband,

9 if the carrier is married, shall join in the petition. A copy of the agreement must be attached to the petition.

10 (2) A petition to approve a gestational agreement may not be maintained unless either the gestational

11 carrier or intended parent or parents have continuously been residents of Montana for the preceding 90 days.

12 (3) On receipt of the petition, the court shall set a hearing within 30 days and give notice to the

13 gestational carrier, the carrier's husband, if the carrier is married, the intended parent or parents, and any other

14 interested parties as the court may direct. The court shall hold a hearing on the petition and, if the requirements

15 of [section 15] are satisfied, may enter an order approving the gestational agreement and declaring that the

16 intended parent or parents will be the parent or parents of a child born during the term of the agreement.

17 (4) The court shall close all proceedings held under this section. All records of the proceedings are

18 confidential and subject to inspection only by the parties to the agreement and by the guardian of the child born

19 to the gestational carrier. The court shall, on request of a child who is 18 years of age or older and who was born

20 to a gestational carrier who is genetically related to the child, release to the child the identity of the gestational

21 carrier.

22

23 **NEW SECTION. Section 15. Required findings to approve gestational agreement.** The court may

24 not issue an order under [section 14] unless it finds that:

25 (1) the prospective gestational carrier, the carrier's husband, if the carrier is married, and the intended

26 parent or parents have entered into a gestational agreement that provides that the gestational carrier agrees to

27 conceive by means of assisted reproduction, that the gestational carrier and the carrier's husband, if the carrier

28 is married, relinquish all rights and duties as a parent of a child born during the term of the agreement, and that

29 the intended parent or parents become the parent or parents of the resulting child;

30 (2) the agreement provides that the gestational carrier can attempt to achieve pregnancy for no more

1 than 1 year from the date of approval of the agreement by the court;

2 (3) the residency requirement of [section 14] has been satisfied and the parties have submitted to
3 jurisdiction of the court;

4 (4) the intended parent or parents and the prospective gestational carrier are 21 years of age or older;

5 (5) if an intended parent is married, the spouse of the intended parent is a party to the gestational
6 agreement as an intended parent;

7 (6) the gestational agreement does not limit the right of the gestational carrier to make decisions
8 regarding the gestational carrier's health or that of the embryo or fetus;

9 (7) the agreement under review by the court is the entire agreement between the parties;

10 (8) the parties understand that they have a right to separate legal counsel and, if a party proceeds
11 without legal counsel, that party has knowingly waived the right to counsel;

12 (9) the parties understand that it is recommended that the parties have received mental health
13 counseling, by a mental health professional qualified to practice in the area of reproductive medicine, about the
14 social and psychological implications of being a gestational carrier and an intended parent and, if a party has
15 entered the agreement without the benefit of mental health counseling, that the party has knowingly declined
16 counseling;

17 (10) adequate provision has been made for all reasonable health care expenses associated with the
18 gestational agreement until the birth of the child, including responsibility for those expenses if the agreement
19 is terminated;

20 (11) consideration, if any, paid to the prospective gestational carrier is reasonable; and

21 (12) all parties have voluntarily entered into the agreement and understand its terms.

22

23 **NEW SECTION. Section 16. Gestational agreement -- miscellaneous provisions.** (1) A gestational
24 agreement that is the basis for an order under [sections 1 through 20] may provide for payment of reasonable
25 consideration, based only on the gestational carrier's time, effort, risk, and inconvenience.

26 (2) After the entry of an order under [section 14], marriage of the gestational carrier does not affect the
27 effectiveness of the gestational agreement, consent to the gestational agreement is not required of the
28 gestational carrier's husband, and the husband is not considered to be the father of the resulting child.

29 (3) If, under the gestational agreement, the intended parent or parents are required to pay the
30 gestational carrier's legal fees, counsel for the gestational carrier shall represent the interests of the gestational

1 carrier only.

2 (4) A provision in a gestational agreement approved pursuant to [section 14] that is contrary to a
3 provision in [sections 1 through 20] is unenforceable.

4
5 **NEW SECTION. Section 17. Jurisdiction.** Subject to the jurisdictional standards of the Uniform Child
6 Custody Jurisdiction and Enforcement Act provided for in Title 40, chapter 7, the court conducting a proceeding
7 under [sections 1 through 20] has exclusive, continuing jurisdiction of all matters arising out of the gestational
8 agreement until a child born to the gestational carrier during the period governed by the agreement attains the
9 age of 180 days.

10
11 **NEW SECTION. Section 18. Termination of gestational agreement.** (1) After entry of an order under
12 [section 14] but before the prospective gestational carrier becomes pregnant by means of assisted reproduction,
13 the prospective gestational carrier, the carrier's husband, if the carrier is married, or the intended parent or
14 parents may seek to terminate the agreement by filing notice of the termination with the district court and by
15 giving written notice of termination to all other parties and to any health care provider who is providing assisted
16 reproduction services. The court, for good cause shown, such as death or divorce of an intended parent, may
17 also, before pregnancy, give notice of intent to terminate the agreement.

18 (2) On receipt of the notice and on finding that a pregnancy has not occurred by means of assisted
19 reproduction, the court shall vacate the order entered under [sections 13 through 20].

20 (3) A prospective gestational carrier or the carrier's husband, if the carrier is married, is not liable to the
21 intended parent or parents for terminating an agreement pursuant to this section.

22 (4) If a prospective gestational carrier terminates the agreement under this section, any egg retrieved
23 from the carrier or any embryo created belongs to the intended parent or parents. If the intended parent or
24 parents terminate the agreement under this section, any egg retrieved from the gestational carrier or embryo
25 created using an egg retrieved from the gestational carrier belongs to the gestational carrier.

26
27 **NEW SECTION. Section 19. Parentage under approved gestational agreement.** (1) On the birth
28 of a child to a gestational carrier within 300 days of the last procedure using assisted reproduction pursuant to
29 a gestational agreement, an individual or individuals who are the intended parent or parents of the child are, in
30 all respects, the parent or parents of the child.

1 (2) On birth of the child to a gestational carrier, the intended parent or parents or the gestational carrier
2 shall immediately furnish a certified copy of the order of the court issued under [section 14] to the facility in which
3 the birth takes place or to any other person required to prepare and file a birth certificate as provided in
4 50-15-221. A birth certificate must be filed in accordance with the provisions of 50-15-221. A certified copy of
5 the order of the court issued under [section 14] must be sent to the department by the facility or person required
6 to prepare and file a birth certificate.

7 (3) On application, the district court may issue an order supplemental to the order issued pursuant to
8 [section 14]. As necessary, the court, in its supplemental order, may:

9 (a) confirm that the intended parent or parents are the parent or parents of the child;

10 (b) order that the child be surrendered to the intended parent or parents;

11 (c) if a birth certificate has not been prepared and filed pursuant to 50-15-221, direct that a birth
12 certificate be prepared and filed by the appropriate authority naming the appropriate individual or individuals as
13 parent or parents of the child;

14 (d) if a birth certificate has already been prepared and filed pursuant to 50-15-221, direct the department
15 to issue an amended birth certificate removing the names of any inappropriate individual, adding the names of
16 any appropriate individual, and, if necessary, changing the name of the child;

17 (e) if the birth is not consistent with the gestational agreement approved under [section 14], determine
18 the parentage of the child; and

19 (f) make any other order necessary to carry out the purposes of [sections 1 through 20] with respect to
20 a gestational agreement approved under [section 14].

21
22 NEW SECTION. Section 20. Nonapproved gestational agreement. (1) A gestational agreement not
23 approved by a court pursuant to [section 14] is not effective and enforceable under [sections 1 through 20].
24 [Sections 1 through 20] do not affect the validity of a nonapproved agreement entered into either before or after
25 [the effective date of this act] if the agreement is valid under any other law of this state.

26 (2) If a birth results under an agreement not approved by a court under [sections 1 through 20], the
27 parent-child relationship is determined under the provisions of part 1 of this chapter.

28 (3) An individual who is a party to a nonapproved gestational agreement as an intended parent may
29 be held liable for support of the resulting child even if the agreement is otherwise unenforceable. The liability
30 under this subsection includes assessing filing fees, reasonable attorney fees, fees for genetic testing, other

1 costs and necessary travel, and other reasonable expenses incurred to adjudicate parentage.

2 (4) This section applies to a nonapproved gestational agreement regardless of whether the agreement
3 was submitted to the court for approval.

4

5 NEW SECTION. **Section 21. Repealer.** Section 40-6-106, MCA, is repealed.

6

7 NEW SECTION. **Section 22. Codification instruction.** [Sections 1 through 20] are intended to be
8 codified as an integral part of Title 40, chapter 6, and the provisions of Title 40, chapter 6, apply to [sections 1
9 through 20].

10

11 NEW SECTION. **Section 23. Saving clause.** [This act] does not affect rights and duties that matured,
12 penalties that were incurred, or proceedings that were begun before [the effective date of this act].

13

- END -
