(3) Funds are statutorily appropriated, as provided in 17-7-502, from the environmental contingency account upon the authorization of the governor to meet unanticipated public needs consistent with the following objectives:

(a) to support renewable resource development projects in communities that face an emergency or imminent need for the services or to prevent the physical failure of a project;

(b) to address imminent natural resource restoration and remediation needs that are anticipated to have significant adverse impacts to Montana's natural environment if not addressed in a timely manner;

~~(b)(c)~~ to preserve vegetation, water, soil, fish, wildlife, or other renewable resources from an imminent physical threat or during an emergency, not including:

- (5) The governor shall submit, as a part of the information required by 17-7-111, a complete financial report on the environmental contingency account, including a description of all expenditures made since the preceding report."

**Section 10.** Section 75-10-621, MCA, is amended to read:

**"75-10-621. Hazardous waste/CERCLA special revenue account.** (1) There is a hazardous waste/CERCLA special revenue account within the state special revenue fund established in 17-2-102.

(2) There must be paid into the hazardous waste/CERCLA account:

- (a) proceeds from the resource indemnity and ground water assessment tax as provided by 15-38-106;
- ~~(a)~~(b) revenue obtained from the interest income of the resource indemnity trust fund under the provisions of 15-38-202, together with interest accruing on that revenue;
- ~~(b)~~(c) all proceeds of bonds or notes issued under 75-10-623 and all interest earned on proceeds of the bonds or notes; and

~~(c)~~(d) revenue from penalties or damages collected under the federal Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended in 1986 (CERCLA).

(3) Appropriations may be made from the hazardous waste/CERCLA account only for the following purposes and subject to the following conditions:

- (a) not more than one-half of the interest income received for any biennium from the resource indemnity trust fund may be appropriated on a biennial basis for:
  - (i) implementation of the Montana Hazardous Waste Act, including regulation of underground storage

tanks and the state share to obtain matching federal funds;

(ii) implementation of Title 75, chapter 10, part 6, pertaining to state assistance to and cooperation with the federal government for remedial action under CERCLA;

(iii) expenses of the department in administering and overseeing the implementation of Title 75, chapter 10, parts 4 and 6; and

(i) state participation in remedial action under section 104 of CERCLA;

(ii) state costs for maintenance of sites at which remedial action under CERCLA has been completed; and

(iii) the state share to obtain matching federal funds for underground storage tank corrective action.

(4) For the purposes of subsection (3)(b), the legislature finds that a need for state special revenue to obtain matching federal funds for underground storage tank corrective action or for remedial action under section 104 of CERCLA constitutes a serious unforeseen and unanticipated circumstance for the purpose of meeting the definition of "emergency" in 17-7-102. The legislature further finds that the inability of the department to match the federal funds as the funds become available would seriously impair the functions of the department in carrying out its responsibilities under Title 75, chapter 10, parts 4 and 6.

(5) There is no dollar limit to the hazardous waste/CERCLA account. ~~Except as provided in subsection (6), unused~~ UNUSED balances remain in the account until appropriated by the legislature for the purposes specified in this section.

~~———— (6) (a) If funds are transferred from the orphan share fund to the hazardous waste/CERCLA account pursuant to 75-10-743(9), the department shall, subject to the limitations in subsections (6)(b) and (6)(c) of this section, at the end of the fiscal year in which the transfer is made and in each subsequent fiscal year, transfer from the hazardous waste/CERCLA account to the orphan share fund the unencumbered amount remaining in the hazardous waste/CERCLA account at the end of the fiscal year that is in excess of the amount appropriated for the next fiscal year from the hazardous waste/CERCLA account.~~

~~———— (b) The total amount transferred pursuant to subsection (6)(a) may not exceed the total amount transferred to the hazardous waste/CERCLA account pursuant to 75-10-743(9).~~

~~———— (c) Subsection (6)(a) does not apply to the proceeds of bonds or notes sold pursuant to 75-10-623, to interest on the proceeds of those bonds or notes, or to appropriations of those proceeds or interest."~~

**Section 11.** Section 75-10-704, MCA, is amended to read:

**"75-10-704. Environmental quality protection fund.** (1) There is in the state special revenue fund an environmental quality protection fund to be administered as a revolving fund by the department. The department is authorized to expend amounts from the fund necessary to carry out the purposes of this part.

(2) ~~Except as provided in subsection (9), the~~ THE fund may be used by the department only to carry out the provisions of this part and for remedial actions taken by the department pursuant to this part in response to a release of hazardous or deleterious substances.

(3) The department shall:

(a) except as provided in subsection (7), establish and implement a system, including the preparation of a priority list, for prioritizing sites for remedial action based on potential effects on human health and the environment; and

(b) investigate, negotiate, and take legal action, as appropriate, to identify liable persons, to obtain the participation and financial contribution of liable persons for the remedial action, to achieve remedial action, and to recover costs and damages incurred by the state.

(4) There must be deposited in the fund:

(a) all penalties, forfeited financial assurance, natural resource damages, and remedial action costs recovered pursuant to 75-10-715;

(b) all administrative penalties assessed pursuant to 75-10-714 and all civil penalties assessed pursuant to 75-10-711(5);

(c) funds ~~appropriated~~ allocated to the fund by the legislature;

~~(e)(f)~~ funds received from the interest income of the fund;

~~(f)(g)~~ funds received from settlements pursuant to 75-10-719(7); and

~~(g)(h)~~ funds received from the interest paid pursuant to 75-10-722.

(5) Whenever a legislative appropriation is insufficient to carry out the provisions of this part and additional money remains in the fund, the department shall seek additional authority to spend money from the

fund through the budget amendment process provided for in Title 17, chapter 7, part 4.

(6) Whenever the amount of money in the fund is insufficient to carry out remedial action, the department may apply to the governor for a grant from the environmental contingency account established pursuant to 75-1-1101.

(7) (a) There is established a state special revenue account for all funds donated or granted from private parties to remediate a specific release at a specific facility. There must be deposited into the account the interest income earned on the account. A person is not liable under 75-10-715 solely as a result of contributing to this account.

(b) Funds donated or granted for a specific project pursuant to this subsection (7) must be accumulated in the fund until the balance of the donated or granted funds is sufficient, as determined by the department, to remediate the facility pursuant to the requirements of 75-10-721 for which the funds are donated.

(c) If the balance of the fund created in this subsection (7), as determined by the department pursuant to the requirements of 75-10-721, is not sufficient to remediate the facility within 1 year from the date of the initial contribution, all donated or granted funds, including any interest on those donated or granted funds, must be returned to the grantor.

(d) If the balance for a specific project is determined by the department to be sufficient to remediate the facility pursuant to the requirements of 75-10-721, the department shall give that site high priority for remedial action, using the funds donated under this subsection (7).

(e) This subsection (7) is not intended to delay, to interfere with, or to diminish the authority or actions of the department to investigate, negotiate, and take legal action, as appropriate, to identify liable persons, to obtain the participation and financial contribution of liable persons for the remedial action, to achieve remedial action, and to recover costs and damages incurred by the state.

(f) The department shall expend the funds in a manner that maximizes the application of the funds to physically remediating the specific release.

(8) (a) A person may donate in-kind services to remediate a specific release at a specific facility pursuant to subsection (7). A person who donates in-kind services is not liable under 75-10-715 solely as a result of the contribution of in-kind services.

(b) A person who donates in-kind services with respect to remediating a specific release at a specific facility is not liable under this part to any person for injuries, costs, damages, expenses, or other liability that results from the release or threatened release, including but not limited to claims for indemnification or contribution and claims by third parties for death, personal injury, illness, loss of or damage to property, or

economic loss.

(c) Immunity from liability, pursuant to subsection (8)(b), does not apply in the case of a release that is caused by conduct of the entity providing in-kind services that is negligent or grossly negligent or that constitutes intentional misconduct.

(d) When a person is liable under 75-10-715 for costs or damages incurred as a result of a release or threatened release of a hazardous or deleterious substance, the person may not avoid that liability or responsibility under 75-10-711 by subsequent donations of money or in-kind services under the provisions of subsection (7) and this subsection (8).

(e) Any donated in-kind services that are employed as part of a remedial action pursuant to this subsection (8) must be approved by the department as appropriate remedial action.

~~————(9) (a) If funds are transferred from the orphan share fund to the environmental quality protection fund pursuant to 75-10-743(9), the department shall, subject to the limitation in subsection (9)(b) of this section, at the end of the fiscal year in which the transfer is made and in each subsequent fiscal year, transfer from the environmental quality protection fund to the orphan share fund the unencumbered amount remaining in the environmental quality protection fund at the end of the fiscal year that is in excess of the amount appropriated for the next fiscal year from the environmental quality protection fund.~~

~~————(b) The total transferred pursuant to subsection (9)(a) may not exceed the total amount transferred to the environmental quality protection fund pursuant to 75-10-743(9)."~~

**Section 12.** Section 75-10-743, MCA, is amended to read:

**"75-10-743. Orphan share state special revenue account -- reimbursement of claims -- payment of department costs.** (1) There is an orphan share account in the state special revenue fund established in 17-2-102 that is to be administered by the department. Money in the account is available to the department by appropriation and, except as provided in subsections ~~(9) through (14)~~ (9) AND (10), must be used to reimburse remedial action costs claimed pursuant to 75-10-742 through 75-10-751 and to pay costs incurred by the department in defending the orphan share.

(2) There must be deposited in the orphan share account:

~~(g)~~(e) funds received from settlements pursuant to 75-10-719(7); and  
~~(h)~~(f) funds received from reimbursement of the department's orphan share defense costs pursuant to subsection (6).

(3) If the orphan share fund contains sufficient money, valid claims must be reimbursed subsequently in the order in which they were received by the department. If the orphan share fund does not contain sufficient money to reimburse claims for completed remedial actions, a reimbursement may not be made and the orphan share fund, the department, and the state are not liable for making any reimbursement for the costs. The department and the state are not liable for any penalties if the orphan share fund does not contain sufficient money to reimburse claims, and interest may not accrue on outstanding claims.

(4) Except as provided in ~~subsection (7)~~ SUBSECTIONS (6) AND (7), claims may not be submitted and remedial action costs may not be reimbursed from the orphan share fund until all remedial actions, except for operation and maintenance, are completed at a facility.

(5) ~~Reimbursement~~ EXCEPT AS PROVIDED IN SUBSECTION (6), REIMBURSEMENT from the orphan share fund must be limited to actual documented remedial action costs incurred after the date of a petition provided for in 75-10-745. (b) A person who pays the orphan share's proportional share of costs has a claim against the orphan share fund and must be reimbursed as provided in subsection (3).

(C) A STATE AGENCY THAT IS LIABLE FOR REMEDIAL ACTION COSTS INCURRED HAS A CLAIM AGAINST THE ORPHAN

SHARE FUND AND MUST BE REIMBURSED AS PROVIDED IN SUBSECTION (3). THE AGENCY MAY SUBMIT A CLAIM BEFORE OR AFTER REMEDIAL ACTION IS COMPLETE. REIMBURSEMENT MAY NOT BE MADE FOR ATTORNEY FEES, LEGAL COSTS, OR OPERATION AND MAINTENANCE COSTS. THE AGENCY MAY BE REIMBURSED ONLY AFTER:

(I) ITS LIABILITY HAS BEEN DETERMINED PURSUANT TO 75-10-742 THROUGH 75-10-751 OR BY A COURT OF COMPETENT JURISDICTION;

(II) IT HAS RECEIVED A NOTICE LETTER PURSUANT TO 75-10-711; AND

(III) THE DEPARTMENT HAS APPROVED THE COSTS.

(D) IF THE DEPARTMENT DETERMINES THAT PERSONS GIVEN NOTICE PURSUANT TO 75-10-711 DO NOT HAVE THE FINANCIAL RESOURCES TO CONDUCT NECESSARY REMEDIAL ACTIONS AT A FACILITY, THE DEPARTMENT MAY USE THE ORPHAN SHARE FUND TO CONDUCT THE NECESSARY REMEDIAL ACTIONS.

(7) If the lead liable person under 75-10-746 presents evidence to the department that the person cannot complete the remedial actions without partial reimbursement and that a delay in reimbursement will cause undue financial hardship on the person, the department may allow the submission of claims and may reimburse the claims prior to the completion of all remedial actions. A person is not eligible for early reimbursement unless the person is in substantial compliance with all department-approved remedial action plans.

(8) A person participating in the allocation process who received funds under the mixed funding pilot program provided for in sections 14 through 20, Chapter 584, Laws of 1995, may not claim or receive reimbursement from the orphan share fund for the amount of funds received under the mixed funding pilot program that are later attributed to the orphan share under the allocation process.

~~(10)(9)~~ (a) For the biennium beginning July 1, 2005, up to \$1.25 million may be used by the department to pay the costs incurred by the department in contracting for evaluating the extent of contamination and formulating final remediation alternatives for releases at the Kalispell pole and timber, reliance refinery company, and Yale oil corporation facility complex. If the department spends less than \$1.25 million for those purposes, the remaining funds must be spent for remediation of the facility complex. The department may not seek recovery of the \$1.25 million from potentially liable persons.

(b) The money spent pursuant to subsection ~~(10)(a)~~ ~~(9)(A)~~ must be credited against the amount owed by the state agency in a judgment or settlement agreement for payment of the remedial action costs at the facility

(vi) The contractor shall submit final remediation alternatives by July 31, 2007.

(f) The department shall report to the environmental quality council quarterly during calendar years 2005, 2006, and 2007 regarding the progress being made to meet the requirements of subsection ~~(10)(e)~~ (9)(E). The report must include information on expenditures.

(g) If investigations completed under this subsection ~~(10)~~ (9) indicate the need for additional information or for pilot tests and other related remedial action process activities, the department shall prepare a report identifying the rationale and estimated costs for additional work and present it to the environmental quality council during the spring of 2007.

(h) The department shall provide to the environmental quality council copies of investigations and reports completed pursuant to subsection ~~(10)(d)~~ (9)(D).

~~(11)~~(10) (a) Beginning in the fiscal year that commences July 1, 2005, the department shall transfer from
