BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MONTANA:

**Section 1. Licensure.** (1) A program must be licensed by the board.

(2) The board may issue a license that is valid for a period of between 1 year and 3 years or may issue a provisional license as provided in [section 2].

(3) A license is valid only for the program for which it is issued and may not be sold, assigned, or transferred without the approval of the board.

(4) The board may suspend or revoke a license if the board, upon a hearing, as provided in 37-1-131, determines that the program is not operated in a manner consistent with the rules adopted and is not in substantial compliance with the program's plan of operation.

(5) The board may approve a modification of the program's plan of operation. A program may not deviate from its plan of operation without the prior approval of the board.

(6) A license terminates and the holder of the program license shall return the license to the department if:

- (a) program operations are discontinued;
- (b) ownership of the program is transferred without approval of the board;
- (c) the board suspends or revokes the license; or

(d) the license expires without being renewed.

(7) The program license must be displayed in a conspicuous place near the admitting office of the program.

**Section 2. Provisional license.** (1) The board may grant a provisional license to a program:

(a) that was registered with the board as of December 31, 2006; and

(b) that has submitted to the board:

(i) a completed application;

(ii) background materials, as described in [section 3], necessary to conduct background investigations on the program's managers and workers affiliated with the program; and

(iii) the required fees.

(2) A provisional license allows a program to operate for a period of up to 1 year, pending an onsite inspection of the program's facilities and the completion of background investigations on all managers and workers affiliated with the program who have direct access to program participants.

(3) The board may terminate a provisional license by notifying the program of any of the following:

(a) the program's failure to pass the onsite inspection;

(b) the program's failure to provide timely background materials for investigation of all managers and workers affiliated with the program who have direct access to program participants; or

(c) the determination that one or more of the workers affiliated with the program with direct access to program participants are considered unsuitable, based on background information, for having direct access to program participants although the program upon notification may take corrective action within 30 days.

(4) If the program shows good cause, the board may extend a provisional license to complete background investigations on managers and workers affiliated with the program.

(5) The board may decline to grant a provisional license or a license to a program that the board determines is substantially the same in ownership, management, and plan of operation as a program that had previously been denied a provisional license or a license.

**Section 3. Background investigations -- waiver.** (1) The program shall submit background checks for the program manager and each worker affiliated with the program who has or will have direct access to program participants in a manner prescribed by the board or shall provide to the board the information necessary

for the board to conduct a background investigation, including a set of fingerprints as required for a fingerprint check by the department of justice and the federal bureau of investigation.

(2) For the purposes of the background investigation required by this section, each individual subject to subsection (1) must be evaluated pursuant to the provisions of Title 37, chapter 1, part 2.

(3) The board may, by rule, identify specific criminal offenses for which a conviction disqualifies a worker affiliated with the program and procedures for disqualification based upon substantiated child abuse or neglect of children.

(4) (a) The board may, by rule, waive the requirement for a background investigation for an individual who holds a professional or occupational license granted by the state that is not suspended or restricted by action of the appropriate licensing entity.

(b) The board may grant a waiver of the background investigation upon a determination that the class or type of licensure referenced in subsection (4)(a):

(i) subjects the individual to at least as rigorous a background investigation as required by this section; and

(ii) contains provisions disqualifying applicants for a professional or occupational license that are similar to the provisions in subsection (3) and that are specified by the board by rule as disqualifying an individual whose job requires direct access to a program participant.

**Section 4. Rules -- program criteria -- application evaluations.** (1) The board shall adopt rules establishing specific minimum criteria to ensure the health and safety of program participants and other rules necessary to implement this part. Those criteria may incorporate by reference appropriate standards established by other governmental entities, including:

(a) building codes for those structures used as a residence for program participants;

(b) health and sanitation requirements; and

(c) other standards adopted by the board by rule.

(2) The board shall evaluate each application for a license to determine whether the proposed plan of operation:

(a) meets the specific minimum criteria set by rule;

(b) reasonably provides for the safety and well-being of program participants; and

(c) is consistent with the goals and objectives stated in the plan of operation.

(3) The board shall adopt rules by October 1, 2008, to begin licensing the programs, and the programs have 30 days from the effective date to apply for a license once the rules are effective.

**Section 5. Department or board inspection.** (1) The department or board may enter and inspect, without prior notice, program premises and facilities in response to a complaint. The inspection may be for purposes of determining compliance with the provisions of this part or for other purposes provided for by rule.

(2) The department or board may enlist the assistance of other governmental entities in inspections, including but not limited to a county health officer or a county sanitarian.

(3) (a) Except as provided in subsection (3)(b), the department or board shall conduct an onsite inspection of:

- (i) each program applying for a license; and
- (ii) each licensed program at least once every 3 years.

(b) Instead of an onsite inspection of a licensed program, the department or board may consider verified proof of successful certification by a national or regional certifying organization approved by the board by rule.

**Section 6. Penalty for failure to obtain license -- notice of violation.** (1) It is unlawful to operate a program without a license or a provisional license. A person who maintains or operates a program in violation of this section is guilty of a misdemeanor punishable under 46-18-212. Absolute liability, as provided for in 45-2-104, is imposed for a violation of this section.

(2) If the department receives a complaint or information alleging a violation of this part, the department may serve written notice to the program management either in person or by certified mail. The notice must inform the program management of the right to a hearing and whether injunctive action is being sought. The notice may also recommend corrective action to achieve voluntary compliance and a schedule for completing the corrective action if the program prefers to take corrective action rather than proceed to a contested case hearing.

**Section 7.** Section 37-48-101, MCA, is amended to read:

**"37-48-101. Purpose.** The purpose of the board is to ~~examine the benefit of licensing~~ license and regulate private alternative adolescent residential or outdoor programs as a public service to monitor and maintain a high standard of care and to ensure the safety and well-being of the adolescents and parents using the programs. Necessary licensure processes and safety standards for programs are best developed and monitored

by the professionals that are actively engaged in providing private alternative adolescent residential care."
