is effective.

(4) A taxpayer who, in determining federal adjusted gross income, has reduced the taxpayer's business deductions by an amount for wages and salaries for which a federal tax credit was elected under sections 38 and 51(a) of the Internal Revenue Code, 26 U.S.C. 38 and 51(a), is allowed to deduct the amount of the wages and salaries paid regardless of the credit taken. The deduction must be made in the year that the wages and salaries were used to compute the credit. In the case of a partnership or small business corporation, the deduction must be made to determine the amount of income or loss of the partnership or small business corporation.

(5) Married taxpayers filing a joint federal return who are required to include part of their social security benefits or part of their tier 1 railroad retirement benefits in federal adjusted gross income may split the federal base used in calculation of federal taxable social security benefits or federal taxable tier 1 railroad retirement benefits when they file separate Montana income tax returns. The federal base must be split equally on the Montana return.

(6) A taxpayer receiving retirement disability benefits who has not attained 65 years of age by the end of the tax year and who has retired as permanently and totally disabled may exclude from adjusted gross income up to \$100 a week received as wages or payments in lieu of wages for a period during which the employee is absent from work due to the disability. If the adjusted gross income before this exclusion exceeds \$15,000, the excess reduces the exclusion by an equal amount. This limitation affects the amount of exclusion, but not the taxpayer's eligibility for the exclusion. If eligible, married individuals shall apply the exclusion separately, but the limitation for income exceeding \$15,000 is determined with respect to the spouses on their combined adjusted gross income. For the purpose of this subsection, "permanently and totally disabled" means unable to engage in any substantial gainful activity by reason of any medically determined physical or mental impairment lasting or expected to last at least 12 months.

~~(7) Married taxpayers who file a joint federal return and who make an election on the federal return to defer income ratably for 4 tax years because of a conversion from an IRA other than a Roth IRA to a Roth IRA, pursuant to section 408A(d)(3) of the Internal Revenue Code, 26 U.S.C. 408A(d)(3), may file separate Montana income tax returns to defer the full taxable conversion amount from Montana adjusted gross income for the same time period. The deferred amount must be attributed to the taxpayer making the conversion.~~

~~(8)~~(7) An individual who contributes to one or more accounts established under the Montana family education savings program may reduce adjusted gross income by the lesser of \$3,000 or the amount of the contribution. In the case of married taxpayers, each spouse is entitled to a reduction, not in excess of \$3,000, for the spouses' contributions to the accounts. Spouses may jointly elect to treat half of the total contributions made

by the spouses as being made by each spouse. The reduction in adjusted gross income under this subsection applies only with respect to contributions to an account of which the account owner, as defined in 15-62-103, is the taxpayer, the taxpayer's spouse, or the taxpayer's child or stepchild if the taxpayer's child or stepchild is a Montana resident. The provisions of subsection (1)(e) do not apply with respect to withdrawals of contributions that reduced adjusted gross income.

~~(9)(8)~~ (a) A taxpayer may exclude the amount of the loan payment received pursuant to subsection ~~(9)(a)(iv)~~ (8)(a)(iv), not to exceed \$5,000, from the taxpayer's adjusted gross income if the taxpayer:

(i) is a health care professional licensed in Montana as provided in Title 37;

(ii) is serving a significant portion of a designated geographic area, special population, or facility population in a federally designated health professional shortage area, a medically underserved area or population, or a federal nursing shortage county as determined by the secretary of health and human services or by the governor;

(iii) has had a student loan incurred as a result of health-related education; and

(iv) has received a loan payment during the tax year made on the taxpayer's behalf by a loan repayment program described in subsection ~~(9)(b)~~ (8)(b) as an incentive to practice in Montana.

(b) For the purposes of subsection ~~(9)(a)~~ (8)(a), a loan repayment program includes a federal, state, or qualified private program. A qualified private loan repayment program includes a licensed health care facility, as defined in 50-5-101, that makes student loan payments on behalf of the person who is employed by the facility as a licensed health care professional. (Subsection (2)(f) terminates on occurrence of contingency--sec. 3, Ch. 634, L. 1983; subsection (2)(o) terminates on occurrence of contingency--sec. 9, Ch. 262, L. 2001.)"

**Section 2.** Section 15-62-207, MCA, is amended to read:

**"15-62-207. Deductions for contributions.** An individual who contributes to one or more accounts in a tax year is entitled to reduce the individual's adjusted gross income, in accordance with 15-30-111~~(8)(7)~~, by the total amount of the contributions, but not more than \$3,000. The contribution must be made to an account owned by the contributor, the contributor's spouse, or the contributor's child or stepchild if the contributor's child or stepchild is a Montana resident."

**Section 3.** Section 15-62-208, MCA, is amended to read:

**"15-62-208. Tax on certain withdrawals of deductible contributions.** (1) There is a recapture tax at a rate equal to the highest rate of tax provided in 15-30-103 on the recapturable withdrawal of amounts that

reduced adjusted gross income under 15-30-111~~(8)~~(7).

(2) For purposes of determining the portion of a recapturable withdrawal that reduced adjusted gross income, all withdrawals must be allocated between income and contributions in accordance with the principles applicable under section 529(c)(3)(A) of the Internal Revenue Code of 1986, 26 U.S.C. 529(c)(3)(A). The portion of a recapturable withdrawal that is allocated to contributions must be treated as derived first from contributions, if any, that did not reduce adjusted gross income, to the extent of those contributions, and then to contributions that reduced adjusted gross income. The portion of any other withdrawal that is allocated to contributions must be treated as first derived from contributions that reduced adjusted gross income, to the extent of the contributions, and then to contributions that did not reduce adjusted gross income.

(3) (a) The recapture tax imposed by this section is payable by the owner of the account from which the withdrawal or contribution was made. The tax liability must be reported on the income tax return of the account owner and is payable with the income tax payment for the year of the withdrawal or at the time that an income tax payment would be due for the year of the withdrawal. The account owner is liable for the tax even if the account owner is not a Montana resident at the time of the withdrawal.

(b) The department may require withholding on recapturable withdrawals from an account that was at one time owned by a Montana resident if the account owner is not a Montana resident at the time of the withdrawal. For the purposes of this subsection (3)(b), amounts rolled over from an account that was at one time owned by a Montana resident must be treated as if the account is owned by a resident of Montana.

(4) For the purposes of this section, all contributions made to accounts by residents of Montana are presumed to have reduced the contributor's adjusted gross income unless the contributor can demonstrate that all or a portion of the contributions did not reduce adjusted gross income. Contributors who claim deductions for contributions shall report on their Montana income tax returns the amount of deductible contributions made to accounts for each designated beneficiary and the social security number of each designated beneficiary.

(5) As used in this section, "recapturable withdrawal" means a withdrawal or distribution that is a nonqualified withdrawal or a withdrawal or distribution from an account that was opened ~~after the later of:~~

~~— (a) April 30, 2001; or~~

~~— (b) the date that is 3 years prior to the date of the withdrawal or distribution.~~

(6) The department shall use all means available for the administration and enforcement of income tax laws in the administration and enforcement of this section."

NEW SECTION. **Section 4. Effective date.** [This act] is effective on passage and approval.

NEW SECTION. **Section 5. Retroactive applicability.** [This act] applies retroactively, within the meaning of 1-2-109, to military retirement or pension income or survivor benefits received after December 31, 2006.
