The board may make a claim against the bond or security until 1 year after a license ceases to be valid. The bond must cover all facilities operated by the applicant in this state.

(9) The board shall submit the fingerprints provided by an applicant pursuant to subsection (6) to the department of justice for a statewide criminal records check and for forwarding to the federal bureau of investigation for a national criminal records check of the applicant.

(10) Except as otherwise required by law, information provided pursuant to this section may not be disclosed to any person or entity other than the board unless the information is needed for licensure or monitoring purposes by another state entity.

~~(11)~~ (11) For purposes of this section, all rules and regulations promulgated by the board must conform to the wholesale drug distributor licensing guidelines formally adopted by the United States food and drug administration. If a conflict an inconsistency or contradiction arises between a food and drug administration guideline and a rule or regulation of the board, the former controls, unless the Montana provisions are more stringent."

Insert: "Section 5. Section 37-7-610, MCA, is amended to read:

"37-7-610. Rulemaking authority. The board shall adopt rules and regulations necessary to carry out the purpose and enforce the provisions of this part. If an inconsistency or contradiction arises between the rules and regulations conflict with and the wholesale drug distribution guidelines promulgated by the United States food and drug administration, the latter control, unless the Montana provisions are more stringent."

Insert: "NEW SECTION. Section 6. Restrictions on transactions. (1) A wholesale drug distributor shall receive prescription drug returns or exchanges from a pharmacy or chain pharmacy warehouse pursuant to the terms and conditions of the agreement between the wholesale drug distributor and the pharmacy or chain pharmacy warehouse. The returns or exchanges that include the returns of expired, damaged, recalled, or other unsalable pharmaceutical products may be distributed by the receiving wholesale drug distributor only to either the original manufacturer or to a third-party returns processor. Returns or exchanges of salable or other prescription drugs, including any redistribution by a receiving wholesaler, are not subject to the pedigree requirements of [section 7] as long as the transactions are exempt from pedigree under the U.S. food and drug administration's currently applicable prescription drug marketing guidelines. Wholesale drug distributors and pharmacies must be held accountable for policing their returns process and ensuring that their operations are secure and do not permit the entry of adulterated or counterfeit prescription drugs.

(2) A manufacturer or wholesale drug distributor shall furnish prescription drugs only to a person licensed by the board. Before furnishing prescription drugs to a person not known to the manufacturer or wholesale drug distributor, the manufacturer or wholesale drug distributor shall contact the board to affirmatively verify that the person is legally authorized to receive the prescription drugs.

(3) Prescription drugs furnished by a manufacturer or wholesale drug distributor may be delivered only to the premises listed on the license. However, the manufacturer or wholesale drug distributor may furnish prescription drugs to an authorized person or agent of that person at the premises of the manufacturer or wholesale drug distributor if:

- (a) the identity and authorization of the recipient is properly established; and
- (b) this method of receipt is employed only to meet the immediate needs of a particular patient of the authorized person.

(4) Prescription drugs may be furnished to a hospital pharmacy receiving area if a pharmacist or authorized receiving employee signs, at the time of delivery, a receipt showing the type and quantity of the prescription drug received. Any discrepancy between the receipt and the type and quantity of the prescription drug actually received must be reported to the delivering manufacturer or wholesale drug distributor by the next business day after delivery.

(5) A manufacturer or wholesale drug distributor may not accept payment for or allow the use of a person's or entity's credit to establish an account for the purchase of prescription drugs from any person other than the owner or owners of record, the chief executive officer, or the chief financial officer listed on the license of a person or entity legally authorized to receive prescription drugs. Any account established for the purchase of prescription drugs must bear the name of the licensee."

Insert: "NEW SECTION. Section 7. Pedigree requirements. (1) Except for the original manufacturer of the finished form of the prescription drug, each person, including a repackager, who is engaged in wholesale distribution of prescription drugs that leave or have ever left the normal distribution channel shall provide a pedigree to the person that receives the prescription drugs.

(2) A retail pharmacy or chain pharmacy warehouse is required to comply with the requirements of this section only if the retail pharmacy or chain pharmacy warehouse engages in wholesale distribution of prescription drugs.

(3) The board shall conduct a study to be completed no later than July 1, 2009, that includes consultation with manufacturers, wholesale drug distributors, and pharmacies responsible for the sale and distribution of prescription drug products in this state. Based on the results of the study, the board shall establish a mandated feasible implementation date for electronic pedigrees.

(4) Except for the original manufacturer of the finished form of the prescription drug, each person, including a repackager, who is provided a pedigree for a prescription drug and who attempts to further distribute that prescription drug shall affirmatively verify before any distribution of a prescription drug occurs that each transaction listed on the pedigree has occurred.

(5) The pedigree must include all necessary identifying information concerning each sale in the chain of distribution of the product from the manufacturer through acquisition and sale by any wholesale drug distributor or repackager until final sale to a pharmacy or other person dispensing or administering the prescription drug. At a minimum, the pedigree must include:

- (a) the name, address, telephone number, and, if available, e-mail address of each owner of the prescription

drug and each wholesale drug distributor of the prescription drug;

(b) the name and address of each location from which the prescription drug was shipped, if different from the owner's;

(c) transaction dates;

(d) certification that each recipient has authenticated the pedigree;

(e) the name of the prescription drug;

(f) the dosage form and strength of the prescription drug;

(g) the size of the container;

(h) the number of containers;

(i) the lot number of the prescription drug; and

(j) the name of the manufacturer of the finished dosage form.

(6) Each pedigree must be:

(a) maintained by the dispensing pharmacy or individual and the wholesale drug distributor for 3 years from the date of sale or transfer; and

(b) available for inspection or use within 2 business days upon a request by the board or an authorized officer of the law.

(7) The board shall adopt rules, including a standard form, relating to the requirements of this section."

Insert: "NEW SECTION. Section 8. Enforcement -- cease distribution order. (1) The board shall issue an order requiring the appropriate person, including the manufacturers, wholesale drug distributors, or retailers of the prescription drug, to immediately cease distribution of the prescription drug in or to this state if the board finds that there is a reasonable probability that:

(a) a wholesale drug distributor, other than a manufacturer, has:

(i) violated a provision of this part; or

(ii) falsified a pedigree or sold, distributed, transferred, manufactured, repackaged, handled, or held a counterfeit prescription drug intended for human use;

(b) the prescription drug at issue in subsection (1)(a)(ii) could cause serious, adverse health consequences or death; and

(c) other procedures would result in unreasonable delay.

(2) An order under subsection (1) must provide the person subject to the order with an opportunity for an informal hearing, to be held not later than 10 days after the date of the issuance of the order, on the actions required by the order. If, after a hearing, the board determines that inadequate grounds exist to support the actions required by the order, the board shall vacate the order."

Insert: "NEW SECTION. Section 9. Severability. If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications."

Insert: "NEW SECTION. Section 10. Codification instruction. [Sections 6 through 8] are intended to be codified as an integral part of Title 37, chapter 7, part 6, and the provisions of Title 37, chapter 7, apply to [sections 6 through 8]."
