Section 2. Section 18-4-303, MCA, is amended to read:

"18-4-303. Competitive sealed bidding. (1) An invitation for bids must be issued and must include a purchase description and conditions applicable to the procurement.

(2) Adequate public notice of the invitation for bids must be given a reasonable time before the date set forth in the invitation for the opening of bids, in accordance with rules adopted by the department. Notice may include publication in a newspaper of general circulation at a reasonable time before the bid opening.

(3) Bids must be opened publicly at the time and place designated in the invitation for bids. Each bidder and any member of the public has the right to be present, either in person or by agent, when the bids are opened and has the right to examine and inspect all bids after they are opened and reviewed by the procurement officer for release, subject to the same limitations specified in 18-4-304(4) for competitive sealed proposals.

(4) The amount of each bid and other relevant information as may be specified by rule, together with the name of each bidder, must be recorded. The record must be open to public inspection.

(5) After the time of award, all bids and bid documents must be open to public inspection in accordance with the provisions of 18-4-126.

(6) Bids must be unconditionally accepted without alteration or correction, except as authorized in this chapter. Bids must be evaluated based on the requirements set forth in the invitation for bids, which may include criteria to determine acceptability, such as inspection, testing, quality, workmanship, delivery, and suitability for a particular purpose. Those criteria that will affect the bid price and be considered in evaluation for award must be objectively measurable, such as discounts, transportation costs, and total or life-cycle costs. The invitation for bids must set forth the evaluation criteria to be used. Only criteria set forth in the invitation for bids may be used

in bid evaluation.

(7) Correction or withdrawal of inadvertently erroneous bids, before or after award, or cancellation of awards or contracts based on bid mistakes may be permitted in accordance with rules adopted by the department. After bid opening, changes in bid prices or other provisions of bids prejudicial to the interest of the state or fair competition may not be permitted. Except as otherwise provided by rule, all decisions to permit the correction or withdrawal of bids or to cancel awards or contracts based on bid mistakes must be supported by a written determination made by the department.

(8) If an award is made, it must be made with reasonable promptness by written notice to the lowest responsible and responsive bidder whose bid meets the requirements and criteria set forth in the invitation for bids, including the preferences established by Title 18, chapter 1, part 1. If all bids exceed available funds as certified by the appropriate fiscal officer and the lowest responsible and responsive bid does not exceed the funds by more than 5%, the director or the head of a purchasing agency may, in situations in which time or economic considerations preclude resolicitation of a reduced scope, negotiate an adjustment of the bid price, including changes in the bid requirements, with the lowest responsible and responsive bidder in order to bring the bid within the amount of available funds.

(9) When it is considered impractical to initially prepare a purchase description to support an award based on price, an invitation for bids may be issued requesting the submission of unpriced offers, to be followed by an invitation for bids limited to those bidders whose offers have been qualified under the criteria set forth in the first solicitation.

(10) In case of a tie bid, preference must be given to the bidder, IF ANY, offering American-made products or supplies."
