(ii) The department shall calculate the average annual growth rate of the Montana gross state product, as published by the bureau of economic analysis of the United States department of commerce, for the following periods:
(A) the last 4 calendar years for which the information has been published; and
(B) the 4 calendar years beginning with the year before the first year in the period referred to in subsection (3)(a)(ii)(A).
(iii) The department shall calculate the average annual growth rate of Montana personal income, as published by the bureau of economic analysis of the United States department of commerce, for the following periods:
(A) the last 4 calendar years for which the information has been published; and
(B) the 4 calendar years beginning with the year before the first year in the period referred to in subsection (3)(a)(iii)(A).
(b) (i) The entitlement share pool growth rate for the first year of the biennium must be the following percentage of the average of the growth rates calculated in subsections (3)(a)(ii)(B) and (3)(a)(iii)(B):
(A) for counties, $54 \%$;
(B) for consolidated local governments, $62 \%$; and
(C) for incorporated cities and towns, $70 \%$.
(ii) The entitlement share pool growth rate for the second year of the biennium must be the following percentage of the average of the growth rates calculated in subsections (3)(a)(ii)(A) and (3)(a)(iii)(A):
(A) for counties, $54 \%$;
(B) for consolidated local governments, $62 \%$; and
(C) for incorporated cities and towns, $70 \%$.
(4) As used in this section, "local government" means a county, a consolidated local government, an
incorporated city, and an incorporated town. A local government does not include a tax increment financing district provided for in subsection (6). For purposes of calculating the base year component for a county or consolidated local government, the department shall include the revenue listed in subsection (1) for all special districts within the county or consolidated local government. The county or consolidated local government is responsible for making an allocation from the county's or consolidated local government's share of the entitlement share pool to each special district within the county or consolidated local government in a manner that reasonably reflects each special district's loss of revenue sources listed in subsection (1).
(5) (a) The entitlement share pools calculated in this section and the block grants provided for in subsection (6) are statutorily appropriated, as provided in 17-7-502, from the general fund to the department for distribution to local governments. Each local government is entitled to a pro rata share of each year's entitlement share pool based on the local government's base component in relation to the base year entitlement share pool. The distributions must be made on a quarterly basis.
(b) (i) The growth amount is the difference between the entitlement share pool in the current fiscal year and the entitlement share pool in the previous fiscal year. For the purposes of subsection (5)(b)(ii)(A), a county with a negative base year component has a base year component of zero. The growth factor in the entitlement share must be calculated separately for:
(A) counties;
(B) consolidated local governments; and
(C) incorporated cities and towns.
(ii) In each fiscal year, the growth amount for counties must be allocated as follows:
(A) 50\% of the growth amount must be allocated based upon each county's percentage of the base year entitlement share pool for all counties; and
(B) $50 \%$ of the growth amount must be allocated based upon the percentage that each county's population bears to the state population not residing within consolidated local governments as determined by the latest interim year population estimates from the Montana department of commerce as supplied by the United States bureau of the census.
(iii) In each fiscal year, the growth amount for consolidated local governments must be allocated as follows:
(A) 50\% of the growth amount must be allocated based upon each consolidated local government's percentage of the base year entitlement share pool for all consolidated local governments; and
(B) $50 \%$ of the growth amount must be allocated based upon the percentage that each consolidated local
government's population bears to the state's total population residing within consolidated local governments as determined by the latest interim year population estimates from the Montana department of commerce as supplied by the United States bureau of the census.
(iv) In each fiscal year, the growth amount for incorporated cities and towns must be allocated as follows:
(A) $50 \%$ of the growth amount must be allocated based upon each incorporated city's or town's percentage of the base year entitlement share pool for all incorporated cities and towns; and
(B) $50 \%$ of the growth amount must be allocated based upon the percentage that each city's or town's population bears to the state's total population residing within incorporated cities and towns as determined by the latest interim year population estimates from the Montana department of commerce as supplied by the United States bureau of the census.
(v) In each fiscal year, the amount of the entitlement share pool not represented by the growth amount is distributed to each local government in the same manner as the entitlement share pool was distributed in the prior fiscal year.
(6) (a) If a tax increment financing district was not in existence during the fiscal year ending June 30, 2000, then the tax increment financing district is not entitled to any block grant. If a tax increment financing district referred to in subsection (6)(b) terminates, then the block grant provided for in subsection (6)(b) terminates.
(b) One-half of the payments provided for in this subsection (6)(b) must be made by November 30 and the other half by May 31 of each year. Subject to subsection (6)(a), the entitlement share for tax increment financing districts is as follows:

| Cascade | Great Falls - downtown | $\$ 468,966$ |
| :--- | :--- | :--- |
| Deer Lodge | TIF District 1 | 3,148 |
| Deer Lodge | TIF District 2 | 3,126 |
| Flathead | Kalispell - District 1 | 758,359 |
| Flathead | Kalispell - District 2 | 5,153 |
| Flathead | Kalispell - District 3 | 41,368 |
| Flathead | Whitefish District | 164,660 |
| Gallatin | Bozeman - downtown | 34,620 |
| Lewis and Clark | Helena - \#2 | 731,614 |
| Missoula | Missoula - 1-1B \& 1-1C | $1,100,507$ |
| Missoula | Missoula - 4-1C | 33,343 |
| Silver Bow | Butte - uptown | 283,801 |

(7) The estimated base year entitlement share pool and any subsequent entitlement share pool for local governments do not include revenue received from countywide transportation block grants or from countywide retirement block grants.
(8) (a) If revenue that is included in the sources listed in subsections (1)(b) through (1)(o) is significantly reduced, except through legislative action, the department shall deduct the amount of revenue loss from the entitlement share pool beginning in the succeeding fiscal year and the department shall work with local governments to propose legislation to adjust the entitlement share pool to reflect an allocation of the loss of revenue.
