(2) The board of investments shall use the difference between the \$6,512,000 loan authorization and the amount of the loan authorization that will not be encumbered to determine the maximum level of debt service that may be required by the treasure state endowment program for fiscal years 2012 and 2013. For the purpose of this analysis, the board of investments shall assume that the amount reported by the department was an obligation of the treasure state endowment program on July 1, 2011, and the cost of the loan will be an obligation to the program. On or before August 1, 2011, the board of investments shall certify the resulting maximum level of debt service for fiscal years 2012 and 2013 to the department, the legislative fiscal division, and the office of budget and program planning.

(3) Subject to an appropriation limit, as provided in this subsection, if the maximum level of debt service for fiscal years 2012 and 2013 is less than \$840,000, then the difference between \$840,000 and the maximum level of debt service is appropriated from the treasure state endowment state special revenue account to the department of commerce to finance the grants authorized in [section 1]. The appropriation provided for in this subsection may not exceed \$840,000.

(4) If funds are appropriated in this section, they must be used to increase the appropriation in [section 1(1)] for the purpose set forth in [section 1]."
