(2) The city council or city commission may assess the cost of an improvement against each lot or parcel of land in the district based on the assessed value of the benefited lots or parcels of land within the district if the council or commission determines such assessment to be equitable and in proportion to and not exceeding the benefits derived from the improvement by the lot or parcel.

(3) (a) The city council or city commission may assess each lot or parcel of land in the district an equal amount based upon the total cost of the improvement.

(b) If the method specified for assessment is that described in subsection (3)(a) and an increase occurs in the number of benefited lots, tracts, or parcels within the boundaries of a district created as provided in this part during the term of bonded indebtedness that is payable from the assessments, the city council or city commission shall recalculate the amount assessable to each lot, tract, or parcel.
