The Company You Keep

Closely held management services companies are nothing new. Successful Hollywood actors have used personal services companies to manage expenses and minimize taxation for many years. Landlords and limousine drivers use similar strategies, as do family trusts. At Deer Creek, we specialize in helping people like you create your own closely held Montana company, typically an LLC, to manage fixed and movable property. Using your Montana company to manage movable property like RVs and exotic cars can save you a small fortune and simplify record-keeping too. Your Montana LLCs pays no sales tax and can own vehicles (and airplanes), allowing you to drive your company's car. Find out [more](#) today.

Maximize Value for Your Stakeholders

Big companies maximize value for their shareholders by avoiding big tax bills. Your stakeholders are you and your family members. You can formalize this relationship by creating a family LLC today with Deer Creek. Use your family LLC to manage your movable property for maximum savings with a tax-free Montana LLC. You may also be interested in a Wyoming LLC as a vehicle to protect other family assets. We are also the first registered agent in the state to offer secure paperless Montana LLC creation and management service, eliminating the time, expense, and energy of using courier services.

One Low Flat Fee Regardless of Vehicle Value

Just say no to value-added county taxes. Other registered agents may have to charge you up to 0.7 percent of a new vehicle's sticker price for a new vehicle registration. We can eliminate even this small fee by registering your Montana LLC RV or car in the lowest-priced county in Montana. RV full timers, car collectors, and airplane owners prefer Montana LLCs for managing movable property because Montana LLCs pay 0% sales tax and save them thousands of dollars. Now you can save thousands more by registering your brand new motorhome or exotic car for just one low fee, regardless of the vehicle's actual purchase price. Just call **877-913-5100** and say **flat fee!**

The Montana Advantage

National registered agents and legal services firms can't compete with Deer Creek's Montana Registered Agent service because they have no physical presence in Montana. These companies use courier services and low-bid subcontractors, then pass the added costs on to you. A problem as simple as a misspelling on your LLC filing can swiftly become an insurmountable challenge when boiler room telephone support is combined with a strip mall legal office in another time zone. With Deer Creek as your Montana Registered Agent, you avoid the middlemen and deal directly with native Montanans in Montana's state capitol. Our customer service is second-to-none but don't just take our word for it: check out our written and video [testimonials](#).

Final Words

"Over and over again the courts have said that there is something sinister in so arranging one's affairs so as to keep taxes as low as possible. The rich do so, but they do wrong; for everybody owes a public duty to pay what is fair and equitable. Taxes are exactions for the general welfare; they should not be voluntary contributions for the rich and forced exactions for the poor. To demand less in the name of the people is to recant the values of democracy."

—[Judge Learned Hand](#) (1947)

"Avoidance of tax is not a criminal offense. Taxpayers have the right to reduce, avoid, or minimize their taxes by legitimate means. One who avoids tax does not conceal or misrepresent, but shapes and preplans events to reduce or eliminate tax liability within the perimeters of the law."

—[Excerpt From IRS Fraud Handbook](#) (retrieved 2/6/2012)

"Live long and prosper."
