   (iii) is competent; and

   (iv) has voluntarily made the request for medication pursuant to [sections 3 and 4];

   (iv) the feasible alternatives or additional treatment opportunities, including but not limited to comfort care, hospice care, and pain control;

(c) except as provided in [section 7], refer the patient to a consulting physician to medically confirm the diagnosis and prognosis and for a determination that the patient is competent and acting voluntarily;

(d) if appropriate, refer the patient for counseling pursuant to [section 8];

(e) ensure that the patient's request does not arise from coercion or undue influence by another person;

(f) recommend that the patient notify the patient's next of kin;

(g) counsel the patient about the importance of:

   (i) having another person present when the patient takes the medication prescribed pursuant to [sections 1 through 20]; and

   (ii) not taking the medication in a public place;

(m) (i) dispense medications directly, including ancillary medication intended to minimize the qualified patient's discomfort, if the attending physician:
(A) is registered as a dispensing physician with the board of medical examiners provided for in 2-15-1731;
(B) has a current drug enforcement administration certificate; and
(C) complies with any applicable administrative rule; or
(ii) with the qualified patient's written consent, contact a pharmacist, inform the pharmacist of the prescription, and deliver the written prescription personally or by mail to the pharmacist, who shall dispense the medications to either the qualified patient, the attending physician, or a person expressly designated by the qualified patient.

(i) is competent;
(ii) is acting voluntarily; and
(iii) has made an informed decision.
(2) (a) The requirements of this section do not apply if in the attending physician's opinion the
requirements would result in an undue hardship for the patient because:

(i) the patient's terminal illness is sufficiently advanced that confirmation of the illness is not necessary;
or

(ii) an appointment with a consulting physician cannot be made within a reasonable amount of time or
with a physician who is within a reasonable distance of the patient's residence.

(b) An attending physician who waives the requirement for a confirmation by a consulting physician shall
document the reasons for the waiver in the medical documentation required pursuant to [section 12].

NEW SECTION. **Section 8. Counseling referral.** (1) An attending physician or a consulting physician
shall refer a patient who has requested medication under [sections 1 through 20] for counseling if in the opinion
of the attending physician or the consulting physician the patient may be suffering from a psychiatric or
psychological disorder or depression causing impaired judgment.

(2) Medication to end a patient's life in a humane and dignified manner may not be prescribed until the
person performing the counseling determines that the patient is not suffering from a psychiatric or psychological
disorder or depression causing impaired judgment.

NEW SECTION. **Section 9. Informed decision required.** A patient may not receive a prescription for
medication to end the person's life unless the patient has made an informed decision. Immediately before writing
a prescription for medication under [sections 1 through 20], the attending physician shall verify that the patient
is making an informed decision.

NEW SECTION. **Section 10. Family notification recommended -- not required.** The attending
physician shall recommend that a patient notify the patient's next of kin of the patient's request for medication
pursuant to [sections 1 through 20]. A request for medication under [sections 1 through 20] may not be denied
because a patient declines or is unable to notify the next of kin.

(1) (a) A person is not subject to civil or criminal liability or professional disciplinary action for participating in good faith compliance with [sections 1 through 20], including an individual who is present when a qualified patient takes the prescribed medication to end the qualified patient's life in a humane and dignified manner.

(3) A request by a patient for or provision by an attending physician of medication in good faith compliance with the provisions of [sections 1 through 20] does not constitute neglect for any purpose of law or provide the sole basis for the appointment of a guardian or conservator.

(4) (a) A health care provider may choose whether to participate in providing to a qualified patient any medication to end the patient's life in a humane and dignified manner and is not under any duty, whether by contract, by statute, or by any other legal requirement, to participate in providing a qualified patient with the medication.

(b) If a health care provider is unable or unwilling to carry out a patient's request under [sections 1 through 20] and the patient transfers care to a new health care provider, the prior health care provider shall transfer, upon request, a copy of the patient's relevant medical records to the new health care provider.

(5) (a) Unless otherwise required by law, a health care provider may prohibit another health care provider from participating in activities under [sections 1 through 20] on the premises of the prohibiting provider if the
prohibiting provider has notified the health care provider in writing of the prohibiting provider's policy against participating in activities under [sections 1 through 20]. Nothing in this subsection (5) prevents a health care provider from providing a patient with health care services that do not constitute participation in activities under [sections 1 through 20].

(b) Notwithstanding the provisions of subsections (1) through (4), a health care provider may subject another health care provider to the following sanctions if the sanctioning health care provider has notified the sanctioned provider prior to participation in activities under [sections 1 through 20] that the sanctioning provider prohibits participation in activities under [sections 1 through 20]:

(i) loss of privileges, loss of membership, or any other sanction provided pursuant to the medical staff bylaws, policies, and procedures of the sanctioning health care provider if the sanctioned provider is a member of the sanctioning provider's medical staff and is participating in activities under [sections 1 through 20] while on the health care facility premises of the sanctioning health care provider, but not including the private medical office of a physician or other provider;

(c) The provisions of subsection (5)(b) may not be construed to prevent:

(i) a health care provider from participating in activities under [sections 1 through 20] while acting outside the course and scope of the provider's capacity as an employee or independent contractor; or

(ii) a patient from contracting with the patient's attending physician and consulting physician to act outside the course and scope of the provider's capacity as an employee or independent contractor of the sanctioning health care provider.

(8) A provision of [sections 1 through 20] may not be construed to allow a lower standard of care for patients in the community where the patient is treated or in a similar community.

NEW SECTION. Section 16. Nonsanctionable activities. A health care provider may not be sanctioned under [section 15] for:

(1) making an initial determination that a patient has a terminal illness and informing the patient of the medical prognosis;

NEW SECTION. Section 17. Liabilities. (1) Purposely or knowingly altering or forging a request for medication to end a patient's life without the authorization of the patient or concealing or destroying a rescission of a request for medication is punishable as a felony if the act is done with the intent or effect of causing the patient's death.

(3) Nothing in [sections 1 through 20] limits further liability for civil damages resulting from other negligent conduct or intentional misconduct by any person.
4. The penalties in [sections 1 through 20] do not preclude criminal penalties applicable under other law for conduct inconsistent with the provisions of [sections 1 through 20].

5. For purposes of this section, "purposely" and "knowingly" have the meaning provided in 45-2-101.

NEW SECTION. Section 18. Penalties. (1) It is a felony for a person without the authorization of the patient to purposely or knowingly alter, forge, conceal, or destroy an instrument, the reinstatement or revocation of an instrument, or any other evidence or document reflecting the patient's desires and interests with the intent and effect of causing a withholding or withdrawal of life-sustaining procedures or of artificially administered nutrition and hydration that hastens the death of the patient.

(2) Except as provided in subsection (1), it is a misdemeanor for a person without authorization of the patient to purposely or knowingly alter, forge, conceal, or destroy an instrument, the reinstatement or revocation of an instrument, or any other evidence or document reflecting the patient's desires and interests with the intent or effect of affecting a health care decision.

(3) For purposes of this section, "purposely" and "knowingly" have the meaning provided in 45-2-101.

A governmental entity that incurs costs resulting from a qualified patient terminating the qualified patient's life in a public place while acting pursuant to [sections 1 through 20] may submit a claim against the estate of the person to recover costs and reasonable attorney fees related to enforcing the claim.

NEW SECTION. Section 20. Construction. Nothing in [sections 1 through 20] may be construed to authorize a physician or any other person to end a patient's life by lethal injection, mercy killing, or active euthanasia. Actions taken in accordance with [sections 1 through 20] may not for any purposes constitute suicide, assisted suicide, mercy killing, or homicide under the law.

NEW SECTION. Section 21. Codification instruction. [Sections 1 through 20] are intended to be codified as an integral part of Title 50, and the provisions of Title 50 apply to [sections 1 through 20].

the part remains in effect in all valid applications that are severable from the invalid applications.

NEW SECTION. Section 23. Effective date. [This act] is effective on passage and approval.
