10
11 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MONTANA:

12

15 health group homes in the community for individuals committed to the custody of the director of the department
16 pursuant to 46-14-301 or 46-14-312.

17 (2) An individual is eligible for placement in a transitional mental health group home operated by the
18 department of public health and human services if:

19 (a) the individual has been released by the board of pardons and parole; or

20 (b) the director of the department has determined as allowed by law that the transitional mental health
21 group home is the appropriate placement for the individual.

22 (3) The department of public health and human services may build or lease facilities or may use existing
23 state-owned buildings considered suitable for the purposes of transitional mental health group homes operated
24 under this section. The department shall select the most cost-effective option when opening a new group home.

1 **Section 2.** Section 46-14-301, MCA, is amended to read:

2 **"46-14-301. Commitment upon finding of not guilty by reason of lack of mental state -- hearing**
3 **to determine release or discharge -- limitation on confinement.** (1) When a defendant is found not guilty for
4 the reason that due to a mental disease or defect the defendant could not have a particular state of mind that is
5 an essential element of the offense charged, the court shall order a predisposition investigation in accordance
6 with 46-18-112 and 46-18-113, which must include an investigation of the present mental condition of the
7 defendant. If the trial was by jury, the court shall hold a hearing to determine the appropriate disposition of the
8 defendant. If the trial was by the court, the court may hold a hearing to obtain any additional testimony it considers
9 necessary to determine the appropriate disposition of the defendant. In either case, the testimony and evidence
10 presented at the trial must be considered by the court in making its determination.

11 (2) The court shall evaluate the nature of the offense with which the defendant was charged. If the
12 offense:

13 (a) involved a substantial risk of serious bodily injury or death, actual bodily injury, or substantial property
14 damage, the court may find that the defendant suffers from a mental disease or defect that renders the defendant
15 a danger to the defendant or others. If the court finds that the defendant presents a danger to the defendant or
16 others, the defendant may be committed to the custody of the director of the department of public health and
17 human services to be placed in an appropriate mental health facility or a transitional mental health group home
18 provided for in [section 1] for custody, care, and treatment. However, if the court finds that the defendant is
19 seriously developmentally disabled, as defined in 53-20-102, the prosecutor shall petition the court in the manner
20 provided in Title 53, chapter 20.

21 (b) charged did not involve a substantial risk of serious bodily injury or death, actual bodily injury, or
22 substantial property damage, the court shall release the defendant. The prosecutor may petition the court in the
23 manner provided in Title 53, chapter 20 or 21.

24 (3) A person committed to the custody of the director of the department of public health and human
25 services must have a hearing within 180 days of confinement to determine the person's present mental condition
26 and whether the person must be discharged or released or whether the commitment may be extended because
27 the person continues to suffer from a mental disease or defect that renders the person a danger to the person
28 or others. The hearing must be conducted by the court that ordered the commitment unless that court transfers
29 jurisdiction to the district court in the district in which the person has been placed. The court shall cause notice
30 of the hearing to be served upon the person, the person's counsel, the prosecutor, and the court that originally

1 ordered the commitment. The hearing is a civil proceeding, and the burden is upon the state to prove by clear
 2 and convincing evidence that the person may not be safely released because the person continues to suffer from
 3 a mental disease or defect that causes the person to present a substantial risk of:

- 4 (a) serious bodily injury or death to the person or others;
- 5 (b) an imminent threat of physical injury to the person or others; or
- 6 (c) substantial property damage.

7 (4) According to the determination of the court upon the hearing, the person must be discharged or
 8 released on conditions the court determines to be necessary or must be committed to the custody of the director
 9 of the department of public health and human services to be placed in an appropriate mental health facility or a
 10 transitional mental health group home provided for in [section 1] for custody, care, and treatment. The period of
 11 commitment may not exceed the maximum sentence determined under 46-14-214(2). At the time that the period
 12 of the maximum sentence expires, involuntary civil commitment proceedings may be instituted in the manner
 13 provided in Title 53, chapter 21.

14 (5) The director of the department of public health and human services may, after considering the
 15 recommendations of the professionals providing treatment to the person, subsequently transfer the person to
 16 another mental health facility or transitional mental health group home that will better serve the person's custody,
 17 care, and treatment needs.

18 ~~(5)(6)~~ A professional person shall review the status of the person each year. At the time of the annual
 19 review, the director of the department of public health and human services or the person or the representative
 20 of the person may petition for discharge or release of the person. Upon request for a hearing, a hearing must be
 21 held pursuant to the provisions of subsection (3)."

22

23 **Section 3.** Section 46-14-312, MCA, is amended to read:

24 **"46-14-312. Sentence to be imposed.** (1) If the court finds that the defendant at the time of the
 25 commission of the offense of which the defendant was convicted did not suffer from a mental disease or defect
 26 as described in 46-14-311, the court shall sentence the defendant as provided in Title 46, chapter 18.

27 (2) If the court finds that the defendant at the time of the commission of the offense suffered from a
 28 mental disease or defect or developmental disability as described in 46-14-311, any mandatory minimum
 29 sentence prescribed by law for the offense need not apply. The court shall sentence the defendant to be
 30 committed to the custody of the director of the department of public health and human services to be placed, after

1 consideration of the recommendations of the professionals providing treatment to the defendant and
 2 recommendations of the professionals who have evaluated the defendant, in an appropriate correctional facility,
 3 mental health facility, as defined in 53-21-102, residential facility, as defined in 53-20-102, ~~or~~ developmental
 4 disabilities facility, as defined in 53-20-202, or transitional mental health group home provided for in [section 1]
 5 for custody, care, and treatment for a definite period of time not to exceed the maximum term of imprisonment
 6 that could be imposed under subsection (1). The director may, after considering the recommendations of the
 7 professionals providing treatment to the defendant and recommendations of the professionals who have
 8 evaluated the defendant, subsequently transfer the defendant to another correctional, mental health, residential,
 9 or developmental disabilities facility or transitional mental health group home that will better serve the defendant's
 10 custody, care, and treatment needs. The authority of the court with regard to sentencing is the same as
 11 authorized in Title 46, chapter 18, if the treatment of the individual and the protection of the public are provided
 12 for.

13 (3) Either the director or a defendant whose sentence has been imposed under subsection (2) may
 14 petition the sentencing court for review of the sentence if the professional person certifies that:

15 (a) the defendant no longer suffers from a mental disease or defect;

16 (b) the defendant's mental disease or defect no longer renders the defendant unable to appreciate the
 17 criminality of the defendant's conduct or to conform the defendant's conduct to the requirements of law;

18 (c) the defendant suffers from a mental disease or defect or developmental disability but is not a danger
 19 to the defendant or others; or

20 (d) the defendant suffers from a mental disease or defect that makes the defendant a danger to the
 21 defendant or others, but:

22 (i) there is no treatment available for the mental disease or defect;

23 (ii) the defendant refuses to cooperate with treatment; or

24 (iii) the defendant will no longer benefit from active inpatient treatment for the mental disease or defect.

25 (4) The sentencing court may make any order not inconsistent with its original sentencing authority,
 26 except that the length of confinement or supervision must be equal to that of the original sentence. The
 27 professional person shall review the defendant's status each year."
