

1 SENATE BILL NO. 216

2 INTRODUCED BY R. WEBB

3

4 A BILL FOR AN ACT ENTITLED: "AN ACT ESTABLISHING FRAUD PREVENTION TRAINING AND FISCAL
5 ACCOUNTABILITY REQUIREMENTS FOR CERTAIN MEDICAID IN-HOME CARE SERVICES; REQUIRING
6 TRAINING AND EDUCATION IN FRAUD PREVENTION; REQUIRING REPORTING OF COST INFORMATION;
7 PROVIDING RULEMAKING AUTHORITY; AND AMENDING SECTION 53-6-402, MCA."

8

9 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MONTANA:

10

11 NEW SECTION. **Section 1. Fraud prevention education -- department responsibilities.** (1) In an
12 effort to prevent and reduce fraud in the Montana medicaid program, a provider of personal assistance or
13 attendant services or supports shall provide training and continuing education to consumers and employees if
14 the personal assistance or attendant services or supports are funded:

15 (a) as a medicaid state plan service;

16 (b) through a medicaid state plan option available to the state under 42 U.S.C. 1396n(k); or

17 (c) under a medicaid home and community-based services waiver for the elderly and disabled that is
18 operated through a division of the department that administers long-term care services for senior citizens and
19 individuals with physical disabilities.

20 (2) (a) The training must be presented in person whenever the provider:

21 (i) hires a new employee; or

22 (ii) enrolls a consumer to receive services.

23 (b) The provider shall require its employees and the consumers who are receiving services to review
24 fraud prevention materials on an annual basis after completing the initial training.

25 (c) Each employee and consumer shall sign a document attesting to the fact that the employee or
26 consumer received the in-person training or received and reviewed the fraud prevention materials.

27 (d) When the training involves services provided using a self-directed service model, the consumer may
28 provide the training.

29 (3) The training and continuing education must include but is not limited to information on:

30 (a) activities that constitute fraud;

- 1 (b) ways to prevent fraud; and
 2 (c) when and how to report fraud.

3 (4) (a) The department and the medicaid fraud control unit provided for in 53-6-156 shall, in consultation
 4 with home and community-based services consumers, providers, and advocates, develop the elements to be
 5 included in the training.

6 (b) A provider required to provide training under this section may:

7 (i) develop training materials that meet the requirements developed by the department and the medicaid
 8 fraud control unit; or

9 (ii) use training materials approved by the department by rule.

10 (5) The department may adopt rules requiring other providers of medicaid home and community-based
 11 services that are provided in a person's home to provide the training required under this section.

12 (6) The department shall:

13 (a) review and approve fraud education materials; and

14 (b) monitor compliance with training requirements.

15

16 **NEW SECTION. Section 2. Fiscal accountability for home and community-based services.** (1) (a)

17 A provider of personal assistance or attendant services or supports shall submit cost information to the
 18 department each year if the personal assistance or attendant services or supports are funded:

19 (i) as a state plan service;

20 (ii) through a medicaid state plan option available to the state under 42 U.S.C. 1396n(k); or

21 (iii) under a home and community-based services waiver for the elderly and disabled that is operated
 22 through a division of the department that administers long-term care services for senior citizens and individuals
 23 with physical disabilities.

24 (b) The information provided to the department must reflect costs incurred during the provider's most
 25 recent fiscal year.

26 (2) The department shall develop a standardized format for the information that includes the recognized
 27 expenditures incurred by providers.

28 (3) The department shall analyze cost information submitted by providers to determine at a minimum:

29 (a) the reasonable cost of providing the home and community-based services detailed in the report;

30 (b) the percentage of a provider's cost represented by payment of wages and benefits for direct-care

1 employees; and

2 (c) the level of profit or loss that each provider incurred in delivering the service. The profit or loss must
3 be determined by comparing the recognized cost of providing the service with the medicaid reimbursement
4 provided for the same service.

5 (4) The department may adopt rules requiring other providers of medicaid home and community-based
6 services that are provided in a person's home to submit the cost information required under this section.

7

8 **Section 3.** Section 53-6-402, MCA, is amended to read:

9 **"53-6-402. Medicaid-funded home and community-based services -- waivers -- funding limitations**
10 **-- populations -- services -- providers -- long-term care preadmission screening -- powers and duties of**
11 **department -- rulemaking authority.** (1) The department may obtain waivers of federal medicaid law in
12 accordance with section 1915 of Title XIX of the Social Security Act, 42 U.S.C. 1396n, and administer programs
13 of home and community-based services funded with medicaid money for categories of persons with disabilities
14 or persons who are elderly.

15 (2) The department may seek and obtain any necessary authorization provided under federal law to
16 implement home and community-based services for seriously emotionally disturbed children pursuant to a waiver
17 of federal law as permitted by section 1915 of Title XIX of the Social Security Act, 42 U.S.C. 1396n(c). The home
18 and community-based services system shall strive to incorporate the following components:

- 19 (a) flexibility in design of the system to attempt to meet individual needs;
20 (b) local involvement in development and administration;
21 (c) encouragement of culturally sensitive and appropriately trained mental health providers;
22 (d) accountability of recipients and providers; and
23 (e) development of a system consistent with the state policy as provided in 52-2-301.

24 (3) The department may, subject to the terms and conditions of a federal waiver of law, administer
25 programs of home and community-based services to serve persons with disabilities or persons who are elderly
26 who meet the level of care requirements for one of the categories of long-term care services that may be funded
27 with medicaid money. Persons with disabilities include persons with physical disabilities, chronic mental illness,
28 developmental disabilities, brain injury, or other characteristics and needs recognized as appropriate populations
29 by the U.S. department of health and human services. Programs may serve combinations of populations and
30 subsets of populations that are appropriate subjects for a particular program of services.

1 (4) The provision of services to a specific population through a home and community-based services
2 program must be less costly in total medicaid funding than serving that population through the categories of
3 long-term care facility services that the specific population would be eligible to receive otherwise.

4 (5) The department may initiate and operate a home and community-based services program to more
5 efficiently apply available state general fund money, other available state and local public and private money, and
6 federal money to the development and maintenance of medicaid-funded programs of health care and related
7 services and to structure those programs for more efficient and effective delivery to specific populations.

8 (6) The department, in establishing programs of home and community-based services, shall administer
9 the expenditures for each program within the available state spending authority that may be applied to that
10 program. In establishing covered services for a home and community-based services program, the department
11 shall establish those services in a manner to ensure that the resulting expenditures remain within the available
12 funding for that program. To the extent permitted under federal law, the department may adopt financial
13 participation requirements for enrollees in a home and community-based services program to foster appropriate
14 utilization of services among enrollees and to maintain fiscal accountability of the program. The department may
15 adopt financial participation requirements that may include but are not limited to copayments, payment of monthly
16 or yearly enrollment fees, or deductibles. The financial participation requirements adopted by the department may
17 vary among the various home and community-based services programs. The department, as necessary, may
18 further limit enrollment in programs, reduce the per capita expenditures available to enrollees, and modify and
19 reduce the types and amounts of services available through a home and community-based services program
20 when the department determines that expenditures for a program are reasonably expected to exceed the
21 available spending authority.

22 (7) The department may consider the following populations or subsets of populations for home and
23 community-based services programs:

24 (a) persons with developmental disabilities who need, on an ongoing or frequent basis, habilitative and
25 other specialized and supportive developmental disabilities services to meet their needs of daily living and to
26 maintain the persons in community-integrated residential and day or work situations;

27 (b) persons with developmental disabilities who are 18 years of age and older and who are in need of
28 habilitative and other specialized and supportive developmental disabilities services necessary to maintain the
29 persons in personal residential situations and in integrated work opportunities;

30 (c) persons 18 years of age and older with developmental disabilities and chronic mental illness who are

1 in need of mental health services in addition to habilitative and other developmental disabilities services
2 necessary to meet their needs of daily living, to treat the their mental illness, and to maintain the persons in
3 community-integrated residential and day or work situations;

4 (d) children under 21 years of age who are seriously emotionally disturbed and in need of mental health
5 and other specialized and supportive services to treat their mental illness and to maintain the children with their
6 families or in other community-integrated residential situations;

7 (e) persons 18 years of age and older with brain injuries who are in need, on an ongoing or frequent
8 basis, of habilitative and other specialized and supportive services to meet their needs of daily living and to
9 maintain the persons in personal or other community-integrated residential situations;

10 (f) persons 18 years of age and older with physical disabilities who are in need, on an ongoing or
11 frequent basis, of specialized health services and personal assistance and other supportive services necessary
12 to meet their needs of daily living and to maintain the persons in personal or other community-integrated
13 residential situations;

14 (g) persons with human immunodeficiency virus (HIV) infection who are in need of specialized health
15 services and intensive pharmaceutical therapeutic regimens for abatement and control of the HIV infection and
16 related symptoms in order to maintain the persons in personal residential situations;

17 (h) persons with chronic mental illness who suffer from serious chemical dependency and who are in
18 need of intensive mental health and chemical dependency services to maintain the persons in personal or other
19 community-integrated residential situations;

20 (i) persons 65 years of age and older who are in need, on an ongoing or frequent basis, of health
21 services, personal assistance, and other supportive services necessary to meet their needs of daily living and
22 to maintain the persons in personal or other community-integrated residential situations; or

23 (j) persons 18 years of age and older with chronic mental illness who are in need, on an ongoing or
24 frequent basis, of specialized health services and other supportive services necessary to meet their needs of daily
25 living and to maintain the persons in personal or other community-integrated residential situations.

26 (8) For each authorized program of home and community-based services, the department shall set limits
27 on overall expenditures and enrollment and limit expenditures as necessary to conform with the requirements
28 of section 1915 of Title XIX of the Social Security Act, 42 U.S.C. 1396n, and the conditions placed upon approval
29 of a program authorized through a waiver of federal law by the U.S. department of health and human services.

30 (9) A home and community-based services program may include any of the following categories of

1 services as determined by the department to be appropriate for the population or populations to be served and
2 as approved by the U.S. department of health and human services:

3 (a) case management services;

4 (b) homemaker services;

5 (c) home health aide services;

6 (d) personal care services;

7 (e) adult day health services;

8 (f) habilitation services;

9 (g) respite care services; and

10 (h) other cost-effective services appropriate for maintaining the health and well-being of persons and
11 to avoid institutionalization of persons.

12 (10) Subject to the approval of the U.S. department of health and human services, the department may
13 establish appropriate programs of home and community-based services under this section in conjunction with
14 programs that have limited pools of providers or with managed care arrangements, as implemented through
15 53-6-116 and as authorized under section 1915 of Title XIX of the Social Security Act, 42 U.S.C. 1396n, or in
16 conjunction with a health insurance flexibility and accountability demonstration initiative or other demonstration
17 project as authorized under section 1115 of Title XI of the Social Security Act, 42 U.S.C. 1315.

18 (11) (a) The department may conduct long-term care preadmission screenings in accordance with section
19 1919 of Title XIX of the Social Security Act, 42 U.S.C. 1396r.

20 (b) Long-term care preadmission screenings are required for all persons seeking admission to a
21 long-term care facility.

22 (c) A person determined through a long-term care preadmission screening to have an intellectual
23 disability or a mental illness may not reside in a long-term care facility unless the person meets the long-term care
24 level-of-care determination applicable to the type of facility and is determined to have a primary need for the care
25 provided through the facility.

26 (d) The long-term care preadmission screenings must include a determination of whether the person
27 needs specialized intellectual disability or mental health treatment while residing in the facility.

28 (12) The department may adopt rules necessary to implement the long-term care preadmission screening
29 process as required by section 1919 of Title XIX of the Social Security Act, 42 U.S.C. 1396r. The rules must
30 provide criteria, procedures, schedules, delegations of responsibilities, and other requirements necessary to

1 implement long-term care preadmission screenings.

2 (13) The department shall adopt rules necessary for the implementation of each program of home and
3 community-based services. The rules may include but are not limited to the following:

4 (a) the populations or subsets of populations, as provided in subsection (7), to be served in each
5 program;

6 (b) limits on enrollment;

7 (c) limits on per capita expenditures;

8 (d) requirements and limitations for service costs and expenditures;

9 (e) eligibility categories criteria, requirements, and related measures;

10 (f) designation and description of the types and features of the particular services provided for under
11 subsection (9);

12 (g) provider requirements and reimbursement;

13 (h) financial participation requirements for enrollees as provided in subsection (6);

14 (i) utilization measures;

15 (j) measures to ensure the appropriateness and quality of services to be delivered; and

16 (k) other appropriate provisions necessary to the administration of the program and the delivery of
17 services in accordance with 42 U.S.C. 1396n and any conditions placed upon approval of a program by the U.S.
18 department of health and human services.

19 (14) The department may adopt rules for the provision of the fraud prevention training required under
20 [section 1], including but not limited to establishing the elements that must be contained in fraud prevention
21 education materials and the models that may be used for the training.

22 (15) The department shall adopt rules to carry out the cost reporting provisions of [section 2], including
23 but not limited to the costs that a provider is required to report to the department, the format of the report, and
24 the deadline for filing the report."

25
26 **NEW SECTION. Section 4. Codification instruction.** [Sections 1 and 2] are intended to be codified
27 as an integral part of Title 53, chapter 6, part 4, and the provisions of Title 53, chapter 6, part 4, apply to [sections
28 1 and 2].

29 - END -
