An individual or organization may seek a grant from the program to secure public access through private land to public land, as defined in 15-30-2380, for which there is no other legal public access or to enhance existing access to public land.

(2) The grant program is funded by private donations. State agencies shall, as appropriate, facilitate private donations to the Montana public land access network account established in [section 2], including but not limited to the following methods:

(a) a donation by a person of $1 or more above the price of a wildlife conservation license purchased pursuant to 87-2-202 or the price of a combination license that includes a conservation license; and

(b) a donation by a person, as defined in 2-4-102, through the websites of the department of natural resources and conservation, the department of fish, wildlife, and parks, and the state of Montana.

(3) (a) The department of natural resources and conservation shall adopt a logo for the Montana public land access network grant program, using the acronym "MT-PLAN". The department of natural resources and conservation and the department of fish, wildlife, and parks shall use the logo on signs and maps indicating the locations and access points of public lands made accessible through the grant program.

(b) Subject to the limitations provided in [section 2(4)], either department may be reimbursed from the

Montana public land access network account established in [section 2] for reasonable costs, as determined by the board, that are associated with subsection (3)(a).

(4) The department of natural resources and conservation may adopt rules to implement the provisions of this part.

(5) As used in this part, unless the context clearly indicates otherwise, the following definitions apply:

(a) "Board" means the board of land commissioners.

(b) "Department" means the department of natural resources and conservation.

NEW SECTION. **Section 2. Montana public land access network account.** (1) There is a Montana public land access network account to the credit of the department in the state special revenue fund established in 17-2-102. (2) The following funds must be deposited in the account:

(a) money received pursuant to [section 1] or from any other source for the purposes of this part; and

(b) any interest or income earned on the account.

(3) The department shall make disbursements from the account for access project grants that are approved by the board pursuant to [section 3].

(4) An amount that equals up to 10% of the grants awarded pursuant to this part in each fiscal year may be used by the department for administrative purposes. In addition, during the first 5 years of the grant program, the department may use up to 5% of the funds in the account each year to advertise the Montana public land access network. After that, the department may use up to 2% of the funds in the account each year for advertising. All administrative costs paid from the account must be approved by the board.

(5) Any unspent or unencumbered money in the account at the end of a fiscal year must remain in the account.

(6) Any unspent or unencumbered money in the account on [the termination date of this act] must be transferred to a state special revenue account to the credit of the department and used to secure public access to public land for which there is no other legal public access or to enhance existing access to public land.

NEW SECTION. **Section 3. Grants -- eligibility.** (1) An individual or organization may apply to the department for a grant to pay for costs associated with an access project that secures public access through private land to public land, as defined in 15-30-2380, for which there is no other legal public access or to enhance existing access to public land.

(2) An access project that is eligible to receive a grant:

(a) (i) except as provided in subsection (2)(a)(ii), must provide public access for recreational purposes; and

(ii) if the access project would provide access to state trust land, as defined in 77-1-101, must provide access for all lawful purposes to the state trust land;

(b) may have a term that ranges from 10 years to in perpetuity. A termed easement that is awarded a grant pursuant to this section creates no expectation of access after the term expires.

(c) may not provide access to a previously inaccessible parcel of land if that parcel is leased state land under Title 77, chapter 1, and the lessee is not the landowner granting access to the parcel.

(3) The department shall make recommendations to the board regarding grant applications received pursuant to this section. A grant must be approved by the board before it is disbursed pursuant to [section 2].

(4) An access easement that is awarded a grant pursuant to this part must be held and enforced by the department.

(5) The department shall report the details of approved access project grants to the legislative auditor.

(4) A taxpayer who, in determining federal adjusted gross income, has reduced the taxpayer's business deductions by an amount for wages and salaries for which a federal tax credit was elected under sections 38 and 51(a) of the Internal Revenue Code, 26 U.S.C. 38 and 51(a), is allowed to deduct the amount of the wages and salaries paid regardless of the credit taken. The deduction must be made in the year that the wages and salaries were used to compute the credit. In the case of a partnership or small business corporation, the deduction must be made to determine the amount of income or loss of the partnership or small business corporation.

(5) Married taxpayers filing a joint federal return who are required to include part of their social security benefits or part of their tier 1 railroad retirement benefits in federal adjusted gross income may split the federal base used in calculation of federal taxable social security benefits or federal taxable tier 1 railroad retirement benefits when they file separate Montana income tax returns. The federal base must be split equally on the Montana return.

(6) Married taxpayers filing a joint federal return who are allowed a capital loss deduction under section 1211 of the Internal Revenue Code, 26 U.S.C. 1211, and who file separate Montana income tax returns may claim the same amount of the capital loss deduction that is allowed on the federal return. If the allowable capital loss is clearly attributable to one spouse, the loss must be shown on that spouse's return; otherwise, the loss must be split equally on each return.

(7) In the case of passive and rental income losses, married taxpayers filing a joint federal return and

who file separate Montana income tax returns are not required to recompute allowable passive losses according to the federal passive activity rules for married taxpayers filing separately under section 469 of the Internal Revenue Code, 26 U.S.C. 469. If the allowable passive loss is clearly attributable to one spouse, the loss must be shown on that spouse's return; otherwise, the loss must be split equally on each return.

(8) Married taxpayers filing a joint federal return in which one or both of the taxpayers are allowed a deduction for an individual retirement contribution under section 219 of the Internal Revenue Code, 26 U.S.C. 219, and who file separate Montana income tax returns may claim the same amount of the deduction that is allowed on the federal return. The deduction must be attributed to the spouse who made the contribution.

(9) (a) Married taxpayers filing a joint federal return who are allowed a deduction for interest paid for a qualified education loan under section 221 of the Internal Revenue Code, 26 U.S.C. 221, and who file separate Montana income tax returns may claim the same amount of the deduction that is allowed on the federal return. The deduction may be split equally on each return or in proportion to each taxpayer's share of federal adjusted gross income.

(b) Married taxpayers filing a joint federal return who are allowed a deduction for qualified tuition and related expenses under section 222 of the Internal Revenue Code, 26 U.S.C. 222, and who file separate Montana income tax returns may claim the same amount of the deduction that is allowed on the federal return. The deduction may be split equally on each return or in proportion to each taxpayer's share of federal adjusted gross income.

(10) A taxpayer receiving retirement disability benefits who has not attained 65 years of age by the end of the tax year and who has retired as permanently and totally disabled may exclude from adjusted gross income up to $100 a week received as wages or payments in lieu of wages for a period during which the employee is absent from work due to the disability. If the adjusted gross income before this exclusion exceeds $15,000, the excess reduces the exclusion by an equal amount. This limitation affects the amount of exclusion, but not the taxpayer's eligibility for the exclusion. If eligible, married individuals shall apply the exclusion separately, but the limitation for income exceeding $15,000 is determined with respect to the spouses on their combined adjusted gross income. For the purpose of this subsection, "permanently and totally disabled" means unable to engage in any substantial gainful activity by reason of any medically determined physical or mental impairment lasting or expected to last at least 12 months.

(11) (a) An individual who contributes to one or more accounts established under the Montana family education savings program or to a qualified tuition program established and maintained by another state as

provided by section 529(b)(1)(A)(ii) of the Internal Revenue Code, 26 U.S.C. 529(b)(1)(A)(ii), may reduce adjusted gross income by the lesser of $3,000 or the amount of the contribution. In the case of married taxpayers, each spouse is entitled to a reduction, not in excess of $3,000, for the spouses' contributions to the accounts. Spouses may jointly elect to treat half of the total contributions made by the spouses as being made by each spouse. The reduction in adjusted gross income under this subsection applies only with respect to contributions to an account of which the account owner is the taxpayer, the taxpayer's spouse, or the taxpayer's child or stepchild if the taxpayer's child or stepchild is a Montana resident. The provisions of subsection (1)(e) do not apply with respect to withdrawals of contributions that reduced adjusted gross income.

(b) Contributions made pursuant to this subsection (11) are subject to the recapture tax provided in 15-62-208.

(12) (a) An individual who contributes to one or more accounts established under the Montana achieving a better life experience program or to a qualified program established and maintained by another state as provided by section 529A(e)(7) of the Internal Revenue Code, 26 U.S.C. 529A(e)(7), may reduce adjusted gross income by the lesser of $3,000 or the amount of the contribution. In the case of married taxpayers, each spouse is entitled to a reduction, not to exceed $3,000, for the spouses' contributions to the accounts. Spouses may jointly elect to treat one-half of the total contributions made by the spouses as being made by each spouse. The reduction in adjusted gross income under this subsection (12)(a) applies only with respect to contributions to an account for which the account owner is the taxpayer, the taxpayer's spouse, or the taxpayer's child or stepchild if the taxpayer's child or stepchild is a Montana resident. The provisions of subsection (1)(e) do not apply with respect to withdrawals of contributions that reduced adjusted gross income.

(b) Contributions made pursuant to this subsection (12) are subject to the recapture tax provided in 53-25-118.

(13) (a) A taxpayer may exclude the amount of the loan payment received pursuant to subsection (13)(a)(iv), not to exceed $5,000, from the taxpayer's adjusted gross income if the taxpayer:

(i) is a health care professional licensed in Montana as provided in Title 37;

(ii) is serving a significant portion of a designated geographic area, special population, or facility population in a federally designated health professional shortage area, a medically underserved area or population, or a federal nursing shortage county as determined by the secretary of health and human services or by the governor;

(iii) has had a student loan incurred as a result of health-related education; and

(iv) has received a loan payment during the tax year made on the taxpayer's behalf by a loan repayment program described in subsection (13)(b) as an incentive to practice in Montana.

(b) For the purposes of subsection (13)(a), a loan repayment program includes a federal, state, or qualified private program. A qualified private loan repayment program includes a licensed health care facility, as defined in 50-5-101, that makes student loan payments on behalf of the person who is employed by the facility as a licensed health care professional.

(14) Notwithstanding the provisions of subsection (1), adjusted gross income does not include 40% of capital gains on the sale or exchange of capital assets before December 31, 1986, as capital gains are determined under subchapter P. of Chapter 1 of the Internal Revenue Code as it read on December 31, 1986.

(15) A refund received of federal income tax referred to in subsection (1)(b) must be allocated in the following order as applicable:

(a) to federal income tax in a prior tax year that was not deducted on the state tax return in that prior tax year;

(b) to federal income tax in a prior tax year that was deducted on the state tax return in that prior tax year but did not result in a reduction in state income tax liability in that prior tax year; and

(c) to federal income tax in a prior tax year that was deducted on the state tax return in that prior tax year and that reduced the taxpayer's state income tax liability in that prior tax year.

(16) By November 1 of each year, the department shall multiply the amount of pension and annuity income contained in subsection (2)(c)(i) and the federal adjusted gross income amounts in subsection (2)(c)(ii) by the inflation factor for the following tax year, rounded to the nearest $10. The resulting amounts are effective for that following tax year and must be used as the basis for the exemption determined under subsection (2)(c). (Subsection (2)(f) terminates on occurrence of contingency--sec. 3, Ch. 634, L. 1983; subsection (2)(o) terminates on occurrence of contingency--sec. 9, Ch. 262, L. 2001; subsection (2)(t) terminates December 31, 2023--sec. 33, Ch. 457, L. 2015.)"

Section 5. Section 17-1-508, MCA, is amended to read:

"17-1-508. Review of statutory appropriations. (1) Each biennium, the office of budget and program planning shall, in development of the executive budget, review and identify instances in which statutory appropriations in current law do not appear consistent with the guidelines set forth in subsection (2).

(2) The review of statutory appropriations must determine whether a statutory appropriation meets the

requirements of 17-7-502. Except as provided in [section 2] and 77-1-108, a statutory appropriation from a continuing and reliable source of revenue may not be used to fund administrative costs. In reviewing and establishing statutory appropriations, the legislature shall consider the following guidelines. A proposed or existing statutory appropriation may not be considered appropriate if:

(d) an alternative appropriation method is available, practical, or effective;

(e) it appropriates state general fund money for purposes other than paying for emergency services;

(f) the money is used for general purposes;

(g) the legislature wishes to review expenditure and appropriation levels each biennium; and

(h) an expenditure cap and sunset date are excluded.

(3) The office of budget and program planning shall prepare a fiscal note for each piece of legislation that proposes to create or amend a statutory appropriation. It shall, consistent with the guidelines in this section, review each of these pieces of legislation. Its findings concerning the statutory appropriation must be contained in the fiscal note accompanying that legislation."
