4 ~~Section 6.~~ Section 20-9-308, MCA, is amended to read:

5 ~~"20-9-308. BASE budgets and maximum general fund budgets. (1) (a) The trustees of a district shall~~
 6 ~~adopt a general fund budget that is at least equal to the BASE budget established for the district. The trustees~~

 8 ~~general fund budget, whichever is greater.~~

9 ~~(b) For purposes of the budget limitation in subsection (1)(a), the trustees may add any increase in direct~~
 10 ~~state aid for the basic and per-ANB entitlements and any increases in state funding of the data-for-achievement~~
 11 ~~payment under 20-9-325 and in the general fund payments in 20-9-327 through 20-9-330 to the district's previous~~

 17 ~~of the district, as provided in 20-9-353.~~

18 ~~(b) The intent of this section is to increase the flexibility and efficiency of elected school boards without~~

 20 ~~otherwise specified in law are not exceeded, the trustees of a district may increase the district's over-BASE~~
 21 ~~budget levy without a vote if the board of trustees reduces nonvoted property tax levies authorized by law to be~~

8 **Section 6.** Section 20-9-310, MCA, is amended to read:

9 **"20-9-310. (Temporary) Oil and natural gas production taxes for school districts -- allocation and**

10 **limits.** (1) Except as provided in subsection (6), the maximum amount of oil and natural gas production taxes that
 11 a school district may retain is 130% of the school district's maximum budget, determined in accordance with
 12 20-9-308.

13 (2) Upon receipt of school district budget reports required under 20-9-134, the superintendent of public
 14 instruction shall provide the department of revenue with a list reporting the maximum general fund budget for
 15 each school district.

16 (3) The department of revenue shall make the full quarterly distribution of oil and natural gas production
 17 taxes as required under 15-36-332(6) until the amount distributed reaches the limitation in subsection (1) of this
 18 section. The department of revenue shall deposit any amount exceeding the limitation in subsection (1) in the
 19 state school oil and natural gas distribution account provided for in 20-9-520.

20 (4) (a) By the last day of the month immediately following the month in which the quarterly distribution
 21 of oil and natural gas production taxes in subsection (3) is made, the office of public instruction shall distribute
 22 any amount of oil and natural gas production taxes exceeding the limitation in subsection (1) based on allocations
 23 determined by the department of revenue pursuant to subsection (3) to school districts that are directly impacted
 24 by oil and natural gas development, but that receive insufficient oil and natural gas revenue to address the oil and
 25 natural gas development impacts. The office of public instruction shall adopt administrative rules to establish a
 26 process, criteria, and a mechanism for distribution under this subsection (4), using the negotiated rulemaking
 27 process set forth in the Montana Negotiated Rulemaking Act, Title 2, chapter 5, part 1.

28 (b) In developing administrative rules, the office of public instruction shall establish two independent
 29 negotiated rulemaking committees to consider issues for the purpose of reaching a consensus to develop
 30 proposed rules for the distribution of the funds under this subsection (4).

1 (c) The members of the first negotiated rulemaking committee appointed by the office of public instruction
2 must include public school officials and public school employees from school districts that are located in or are
3 immediately adjacent to a county in which oil and natural gas production taxes are generated and professional
4 organizations representing these public school officials and employees. This committee shall transmit proposed
5 rules regarding distribution of 50% of the funds available under this subsection (4) in accordance with 2-5-108.

6 (d) The members of the second negotiated rulemaking committee appointed by the office of public
7 instruction must include public school officials and public school employees from school districts around the state
8 and professional organizations representing these public school officials and employees. This committee shall
9 transmit proposed rules regarding the distribution of the remaining 50% of the funds available under this
10 subsection (4) in accordance with 2-5-108.

11 (5) (a) Subject to the limitation in subsection (1) and the conditions in subsection (5)(b), the trustees shall
12 budget and allocate the oil and natural gas production taxes anticipated by the district in any budgeted fund at

14 applied to the BASE or over-BASE portions of the general fund budget at the discretion of the trustees.

15 (b) Except as provided in subsection (5)(c), if the trustees apply an amount less than 12.5% of the total
16 oil and natural gas production taxes received by the district in the prior school fiscal year to the district's general
17 fund BASE budget for the upcoming school fiscal year, then:

18 (i) the trustees shall levy the number of mills required to raise an amount equal to the difference between
19 12.5% of the oil and natural gas production taxes received by the district in the prior school fiscal year and the
20 amount of oil and natural gas production taxes the trustees budget in the district's general fund BASE budget for
21 the upcoming school fiscal year;

22 (ii) the mills levied under subsection (5)(b)(i) are not eligible for the guaranteed tax base subsidy under
23 the provisions of 20-9-366 through 20-9-369; and

24 (iii) the general fund BASE budget levy requirement calculated in 20-9-141 must be calculated as though
25 the trustees budgeted 12.5% of the oil and natural gas production taxes received by the district in the prior year
26 and the number of mills calculated in subsection (5)(b)(i) must be added to the number of mills calculated in
27 20-9-141(2).

28 (c) The provisions of subsection (5)(b) do not apply to the following:

29 (i) a district that has a maximum general fund budget of less than \$1 million;

30 (ii) a district whose oil and natural gas revenue combined with its adopted general fund budget totals

1 105% or less of its maximum general fund budget;

2 (iii) a district that has a maximum general fund budget of \$1 million or more and has had an unusual
3 enrollment increase approved by the superintendent of public instruction as provided in 20-9-314 in the year
4 immediately preceding the fiscal year to which the provisions of this subsection (5) would otherwise apply; or

5 (iv) a district that has issued outstanding oil and natural gas revenue bonds. Funds received pursuant
6 to this section must first be applied by the district to payment of debt service obligations for oil and natural gas
7 revenue bonds for the next 12-month period.

8 (6) The limit on oil and natural gas production taxes that a school district may retain under subsection
9 (1) must be increased for any school district with an unusual enrollment increase approved by the superintendent
10 of public instruction as provided in 20-9-314. The increase in the limit on oil and natural gas production taxes that
11 a school district may retain under subsection (1) applies in the year immediately following the fiscal year in which
12 the office of public instruction has approved the district's unusual enrollment increase and must be calculated by
13 multiplying \$45,000 times each additional ANB approved by the superintendent of public instruction as provided
14 in 20-9-314.

15 (7) In any year in which the actual oil and natural gas production taxes received by a school district are
16 less than 50% of the total oil and natural gas production taxes received by the district in the prior year, the district
17 may transfer money from any budgeted fund to its general fund in an amount not to exceed the amount of the
18 shortfall. (Terminates June 30, 2019 ~~2017~~ ~~sec. 7, Ch. 433, L. 2015.~~)

21 production taxes that a school district may retain is 130% of the school district's maximum budget, determined
22 in accordance with 20-9-308.

23 (2) Upon receipt of school district budget reports required under 20-9-134, the superintendent of public
24 instruction shall provide the department of revenue with a list reporting the maximum general fund budget for
25 each school district.

26 (3) The department of revenue shall make the full quarterly distribution of oil and natural gas production
27 taxes as required under 15-36-332(6) until the amount distributed reaches the limitation in subsection (1) of this
28 section. The department of revenue shall deposit any amount exceeding the limitation in subsection (1) in the
29 ~~state school oil and natural gas distribution account provided for in 20-9-520~~ guarantee account provided for in
30 20-9-622.

1 ~~_____ (4) By the last day of the month immediately following the month in which the quarterly distribution of oil~~

 3 ~~amount of oil and natural gas production taxes exceeding the limitation in subsection (1) based on allocations~~
 4 ~~determined by the department of revenue pursuant to subsection (3) as follows:~~

5 ~~_____ (a) 70% of the retained amount must be deposited in the guarantee account provided for in 20-9-622;~~

6 ~~_____ (b) 5% of the retained amount must be deposited in the state school oil and natural gas impact account~~
 7 ~~provided for in 20-9-517; and~~

8 ~~_____ (c) 25% of the retained amount must be distributed to the counties in proportion to a county's oil and~~
 9 ~~natural gas production taxes for the preceding 3 years compared to the total of all counties' oil and natural gas~~
 10 ~~production taxes for the preceding 3 years. Funds distributed must be deposited in a county's county school oil~~
 11 ~~and natural gas impact fund provided for in 20-9-518.~~

12 ~~(5)(4)~~ (a) Subject to the limitation in subsection (1) and the conditions in subsection ~~(5)(b)~~ (4)(b), the
 13 trustees shall budget and allocate the oil and natural gas production taxes anticipated by the district in any

 15 general fund may be applied to the BASE or over-BASE portions of the general fund budget at the discretion of
 16 the trustees.

17 (b) Except as provided in subsection ~~(5)(e)~~ (4)(c), if the trustees apply an amount less than 12.5% of the
 18 total oil and natural gas production taxes received by the district in the prior school fiscal year to the district's
 19 general fund BASE budget for the upcoming school fiscal year, then:

20 (i) the trustees shall levy the number of mills required to raise an amount equal to the difference between
 21 12.5% of the oil and natural gas production taxes received by the district in the prior school fiscal year and the

 27 the trustees budgeted 12.5% of the oil and natural gas production taxes received by the district in the prior year
 28 and the number of mills calculated in subsection ~~(5)(b)(i)~~ (4)(b)(i) must be added to the number of mills calculated
 29 in 20-9-141(2).

30 (c) The provisions of subsection ~~(5)(b)~~ (4)(b) do not apply to the following:

- 1 (i) a district that has a maximum general fund budget of less than \$1 million;
