

A BILL FOR AN ACT ENTITLED: "AN ACT APPROPRIATING MONEY TO VARIOUS STATE AGENCIES FOR THE BIENNIUM ENDING JUNE 30, 2017, AND FOR THE BIENNIUM ENDING JUNE 30, 2019; AND PROVIDING AN EFFECTIVE DATE."

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MONTANA:

Section 1. Short title. [This act] may be cited as "The General Appropriations Act of 2017".

Section 2. First level expenditures. The agency and program appropriation tables in the legislative fiscal analyst narrative accompanying this bill, showing first level expenditures and funding for the 2019 biennium, are adopted as legislative intent.

Section 3. Severability. If any section, subsection, sentence, clause, or phrase of [this act] is for any reason held unconstitutional, the decision does not affect the validity of the remaining portions of [this act].

Section 4. Appropriation control. (1) An appropriation item designated "Biennial" may be spent in either year of the biennium. An appropriation item designated "Restricted" may be used during the biennium only for the purpose designated by its title and as presented to the legislature. An appropriation item designated "One Time Only" or "OTO" may not be included in the present law base for the 2021 biennium. The office of budget and program planning shall establish a separate appropriation on the statewide accounting, budgeting, and human resource system for any item designated "Biennial", "Restricted", "One Time Only", or "OTO". The office of budget and program planning shall establish at least one appropriation on the statewide accounting, budgeting, and human resource system for any appropriation that appears as a separate line item in [this act].

(2) The office of budget and program planning shall establish a separate appropriation on the statewide accounting, budgeting, and human resource system for the funding included in each executive branch agency's budget to pay fixed cost allocations to the state information technology services division of the department of administration. The appropriations must be designated as restricted.

(3) The office of budget and program planning shall establish a separate appropriation on the statewide accounting, budgeting, and human resource system for the funding included

in each executive branch agency's budget to pay fixed cost allocations for rent in the capitol complex to the general services division of the department of administration. The appropriations must be designated as restricted.

Section 5. Program definition. As used in [this act], "program" has the same meaning as defined in 17-7-102, is consistent with the management and accountability structure established on the statewide accounting, budgeting, and human resource system, and is identified as a major subdivision of an agency ordinarily numbered with an Arabic numeral.

Section 6. Personal services funding -- 2021 biennium. (1) Except as provided in subsection (2), present law and new proposal funding budget requests for the 2019 biennium submitted under Title 17, chapter 7, part 1, by each executive, judicial, and legislative branch agency must include funding of first level personal services separate from funding of other expenditures. The funding of first level personal services by fund or equivalent for each fiscal year must be shown at the fourth reporting level or equivalent in the budget request for the 2021 biennium submitted by November 1 to the legislative fiscal analyst by the office of budget and program planning.

(2) The provisions of subsection (1) do not apply to the Montana university system.

Section 7. Legislative Intent. The appropriations contained in [this act] do not include any funding for increased rent or lease payments on office, warehouse, or other similar space unless specifically expressed in a legislative line item or change package in the accompanying House Bill No. 2 narrative. It is the intent of the legislature that state agencies are precluded from enacting any inflation provisions for rent or lease agreements or entering into new rent or lease agreements that include automatic inflation adjusters.

Section 8. Totals not appropriations. The totals shown in [this act] are for informational purposes only and are not appropriations.

Section 9. Effective dates. (1) Except as provided in subsection (2), [this act] is effective July 1, 2017.

(2) [Section 10] is effective on passage and approval.

Section 10. Appropriation. For the biennium ending June 20, 2017, there is appropriated \$2 million from the general fund to the office of state public defender.

Section 11. Appropriations. The following money is appropriated for the respective fiscal years:

If federal funds are received by the department for Aquatic Invasive Species Response in excess of the federal special revenue in the Aquatic Invasive Species Response appropriation, the state special revenue appropriation for Aquatic Invasive Species Response must be reduced and federal special revenue increased by the amount of federal funds received.

It is the intent of the legislature to consider the 2021 biennium budget for the Parks and Communication and Education Divisions from zero to the full recommended budget. The department shall explain the necessity of each reporting level (RL4) of the budget, including the base budget for the budget submission for the 2021 biennium budget. As a part of this process, the department shall submit a separate request each functional and geographic unit of the Parks Division, including each state park.

It is the intent of the legislature that the federal funds (Pittman-Robertson/Dingell-Johnson) in the Law Enforcement Division are used for non-law enforcement activities by wardens as defined by 50 CFR 80.50 and 50 CFR 80.51. These activities include, but are not limited to: fish and wildlife surveys/inventories, research and relations with landowners and other individuals regarding the status of fish and wildlife, research into fish and wildlife problems, and education on hunting and fishing.

The department is appropriated \$1 million dollars from the state parks miscellaneous state special revenue account each year of the biennium for maintenance and repair work on Virginia and Nevada City. The Montana heritage commission shall direct the use of this appropriation.

The Drought Management Planning appropriation must be used statewide without concentrating on a single region or drainage.

If the department receives local, private, or federal funds for the Mitigated Retirement of Coal-Fired Generating Units, general fund appropriations must be reduced by the amount of the funds received. In the case of local or private funds, the department may increase state special revenue authority by the amount received.

During the 2019 biennium, the department is appropriated \$2.2 million of state special authority. This authority may be used only if revenue collected by the department for a single permit exceeds \$250,000 or revenue collected by the department for permits issued pursuant to the same permitting authority exceeds \$250,000 within a single 6-month period. The amount of authority to be used is the same as the amount collected.

The appropriation in FY 2018 for the Rail, Transit, and Planning Division budget includes state special revenue of \$2 million for a specific county grant. The appropriation of \$2 million is restricted in its use as established by the legislature.

The department may adjust appropriations between state special revenue and federal special revenue funds if the total state special revenue authority by program is not increased by more than 10% of the total appropriations established by the legislature.

All appropriations in the department are biennial.

All remaining federal pass-through grant appropriations for highway traffic safety, including reversions for the 2017 biennium, are authorized to continue and are appropriated in FY 2018 and FY 2019.

The department will report the revenue, expenditures, and working capital balance of the restricted highway state special revenue account quarterly to the revenue and transportation interim committee throughout the interim beginning in June, 2017.

The department may allocate adjustments to FTE funding across programs to enable the greatest efficiency in providing safe and well constructed and maintained highways and roads.
