9 **"90-1-101. Declaration of necessity and public policy.** (1) It is hereby declared to be a necessity and  
10 the public policy of the state to promote, stimulate, and encourage the planning and development of the economy  
11 of the state in order to provide for the social and economic prosperity of its citizens. Such promotion and  
12 development of industry, commerce, agriculture, labor, and natural resources of the state require that cognizance

24 after completing an application for an environmental permit based on the existence of certain environmental rules,  
25 and that those persons are entitled to a reasonable expectation that requirements in such a permit will not be  
26 changed to their detriment. Therefore, when a person makes a financial commitment after having completed an  
27 application for an environmental permit, it is the policy of the state not to change the requirements for such permit  
28 to the detriment of the applicant or permittee without having first taken into account and given consideration to  
29 previous expenditures made by the applicant or permittee.
