House convened at 1:00 p.m. Mr. Speaker presiding. Invocation by Representative Read. Pledge of Allegiance to the Flag.

Roll Call. All members present. Quorum present.

SPECIAL ORDERS OF THE DAY

Speaker Hertz moved the House revert to Order of Business #11, Special Orders of the Day, for the purpose of receiving an address by the Honorable Senator for the State of Montana, Steve Daines. Motion carried.

Majority Leader Tschida moved Speaker Hertz be authorized to appoint a committee of two members to escort the United States Senator into the House Chamber. Motion carried.

Speaker Hertz appointed Representative Glimm and Representative Krotkov. The Committee was discharged.

Sergeant-at-Arms Murfitt notified Speaker Hertz the United States Senator, Steve Daines awaited entrance into the House Chamber.

The Committee escorted the Senator into the Chamber.

Speaker Hertz introduced the Honorable Steve Daines, United States Senator for the State of Montana. Senator Daines gave the following remarks:

Thank you Speaker Hertz, members of the State House, and all other statewide elected officials here today.

Most importantly I’d like to thank my sweet wife Cindy of 32 years.

There is some exciting news out of the Daines family. Last week Cindy and I officially became grandparents. Our beautiful granddaughter, Emma Rae Daines, was welcomed into this world last Wednesday, January 23rd. We are beyond blessed and thankful.

And to the Legislators…thank you for your service to the people of Montana.

And thanks to all of the hardworking staff and pages that help make this place run smoothly.

It is an incredible honor to represent Montana in the United States Senate. And it has been a great privilege working with all of you over the last six years – 2 years in the U.S. House and last 4 years in the U.S. Senate.
57 years ago today, my 19 year old mom was pregnant with me. Working at the Missoula Merc in the hat/glove dept. while putting my dad through school at the U of M. Dad was also serving with the 36th Rifle Company out of Butte, where they would meet at Fort Missoula, along side two other fellow Marines you might have heard of before. Bobby Hauk’s dad, Bob Hauk Sr. and John Bollinger. My folks they were working four jobs, and graduated in 1962 from U of M, and as the son of a Marine and a mom who faithfully served her family. They modeled hard work and service to me.

As a citizen legislature, you understand the importance of serving your constituents and communities as you put your lives, businesses, jobs and outdoor passions on hold and come to Helena to serve.

Montana is one of 30 states left that has a citizen legislature, and one of only four states that operate part time, with a small staff, and for not a whole lot of money.

You understand the importance of giving back and serving your communities. And for that, Montanans thank you.

Speaking of service.

Thank you to our State House members for passing a bill last month memorializing and honoring Broadwater County Deputy Sheriff Mason Moore who was tragically killed in the line of duty in May 2017. I look forward to seeing the State Senate follow suit very soon.

Next week, President Trump will deliver his State of the Union address. Each Member of Congress is allowed to bring one special guest to join and sit in the gallery to watch the special evening unfold.

This year, I’m honored to bring Mason’s wife, Jodi Moore, as my guest.

Jodi’s courage and bravery in advocating for our first responders since her husband’s passing is remarkable. Jodi is a true Montana hero. And I am thankful for her service.

Ladies and gentlemen, as you know, we are here to serve, not be served. I worked in the private sector for 28 years before public service and for 28 years never took an oath before starting a job, until being elected to the U.S. House. We take an oath, an oath it is not to a particular political party. As a United States Senator, I take an oath to support and defend the Constitution of the United States. As Montana legislators, you all take that same oath, and you take an oath to protect and defend the Constitution of the state of Montana. We are here to serve, not to be served.

But there is no denying the reality of some of the challenges we face today. We are living in a very politically divisive world.

However, the issues most important to Montanans should not be held captive to the partisan politics that we’re seeing in both Helena and Washington, D.C.
Montanans know what's best for Montana.

Montanans don't want the government controlling their everyday decisions and they don't want the government’s hand reaching deeper into their pockets.

Montanans want less government and more higher paying jobs.

Montanans want a growing economy and expanded tax base.

Montanan’s want access to their public lands.

These issues should be bipartisan.

While there is much to be done, we have made some great strides in growing our economy and creating jobs.

The U.S. economy is ranked as the most competitive world economy for the first time in a decade. We experienced the 3rd best year for job creation this century and one of the best years in a decade for wage growth. Middle class income recently hit an all-time high.

In December 2017, President Trump signed one of largest tax relief bills in our nation’s history. Montanans on average get to keep a $1,000 more of their hard-earned dollars. And we’ve seen almost 5,000 new jobs created in Montana.

My hope is the state of Montana doesn’t raise what we just cut.

With the economy growing, we’re seeing employers across Montana needing more workers.

The number of Americans participating in the work force is at multi decades low. We can do more to bring able bodied adults back into the work force.

We need to reform government assistance programs to be a springboard to independence, and not a sinkhole of dependency.

Government assistance programs for able bodied adults should be focused on helping people get back into the workforce not keeping them out.

We also need to drive workforce development and promote more apprenticeship programs.

Montanans also want safe, and healthy communities.

Montana is facing a devastating meth epidemic that is tearing our communities apart and destroying families.

From 2011 to 2017 we have seen a 415% increase in meth cases. We have seen a 35% rise in violent crimes. Our foster care systems are being overwhelmed.
It’s going to take an all hands-on deck effort from federal, state, and local governments, as well as individuals and community groups to fight this battle. I will continue working with local law enforcement, Attorney General Fox, and U.S. Attorney Kurt Alme to stop this crisis.

I’m thankful that in October 2018, President Trump signed landmark legislation into law that included two of my bills to help combat this crisis: the Mitigating METH Act and the STOP Act.

Montana’s meth crisis has a direct impact on the epidemic we’re seeing in tribal communities with missing and murdered native women and girls. Solving this issue must be bipartisan.

We have all been horrified by the tragic cases of Ashley Loring-Heavy Runner of the Blackfeet Tribe and Henny Scott of the Northern Cheyenne Tribe.

These stories are unacceptable. We must do better for these families. We must work to strengthen coordination between federal agencies, state and local governments. We must work to get more BIA agents on the ground. Fix the problems that have caused the process to be held up by prolonged FBI background checks, something Senator Jason Small and I have discussed.

Last month, I requested an official U.S. Senate hearing on this issue in Montana, so we can hear directly from families and tribal members on the ground. I will keep working until that happens.

Montana’s meth crisis is another reason why we must secure our southern border. Just yesterday, Border Agents seized the largest Fentanyl bust in U.S. history. Enough Fentanyl to kill 57 million people.

Securing our borders is a fundamental role of the federal government and it should be bipartisan.

Securing our borders has a direct impact on Montana because our communities are being torn apart by Mexican meth coming through the southern border. In 2018, U.S. Customs and Border Patrol seized almost 250,000 pounds of meth coming from Mexico.

We must secure our borders and protect our communities from illegal drugs.

Montanans want lower prescription drug prices. That is bipartisan.

We must work to increase access to affordable medications for Montanans. I’m glad to see leadership in the state taking action on this important issue TODAY! Montanans want accountability and commonsense in Helena and Washington, D.C. That is bipartisan.

Last month, I introduced six bills in the U.S. Senate bringing accountability and commonsense to Washington, D.C.

If Congress can’t pass a balanced budget, they shouldn’t get paid. That’s why I introduced the No Balanced Budget, No Pay Act.

I think Members of Congress should serve their time and go back home. I don’t believe our
Founding Fathers envisioned Members of Congress building lifetime careers in DC.

What Montanans want to see is government that is serving the people, and not the other way around. Government, whether DC or Helena should not be a burden on Montanan’s. It should not be impeding economic growth and prosperity.

We’ve seen the detrimental impacts when that doesn’t happen.

Look what’s happening right here in our backyard.

What is standing in the way of Keystone Pipeline creating $60 million a year in revenue for Montana that would be used towards helping our schools, paying our teachers more.

What is standing in the way of 27 Montana timber sales that would create jobs, and reduce the risk of catastrophic wildfire, improve wildlife habitat?

What prevented the Yellowstone Intake Project from completion?

It’s activist judges with politically motivated agendas.

That’s why confirming judges is one of my most consequential votes as a United States Senator. They are lifetime appointments.

Montanans want judges that base their decisions on facts. Montanans want judges that base their decisions on the law. To ensure the laws are in accordance with our Constitution.

I’m thankful that over the last two years, the U.S. Senate has confirmed 85 judges to the bench. That includes a record setting 30 Circuit Court judges, 53 District Court judges, and 2 new Supreme Court Justices, but we must not stop there.

Because as we’ve seen with Keystone, Montana timber sales and the Yellowstone Intake Project, decisions made by our judges have direct impacts on the lives of Montanans.

This Congress I was just appointed to serve on the U.S. Senate Finance Committee. I’m just the third Montana senator to ever serve on this Committee, and the first to serve on U.S. Senate Finance and Appropriations Committees at the same time in 75 years! This is a good thing for Montana.

The Finance Committee has jurisdiction over taxes, trade agreements, and healthcare.

I also remain on the Senate Energy and Natural Resources Committee, and Senate Committee on Indian Affairs. These are both extremely important to Montana.

I was also grateful to be recognized as the most effective & most bipartisan Senator in my elected class.
I will not stop fighting for commonsense solutions to issues that matter most to Montanans. Because I am here to serve, not be served.

And speaking of service, let me close with this story.

This past December I had the honor of visiting Kalispell’s 495th Combat Sustainment Support Battalion in Afghanistan.

I had the privilege of meeting Lieutenant Colonel Michael Beck from Great Falls. Lt. Col. Beck’s service exemplifies the unique challenge our citizen-soldiers face: balancing two careers, civilian and military, while also raising families and being leaders in their communities. Since joining the military 35 years ago, Lt. Col. Beck has been deployed 6 times.

When Lt. Col. Beck is not downrange wearing his nation’s uniform, he serves the community of Great Falls as a high school science teacher at C.M. Russell High School. He is also a loving husband to Jeri and the proud father of Camryn and Caleb.

I also met Sergeant First Class Amy Good of Libby. I couldn’t help but notice there were two “Good” soldiers – both from the Libby area. Come to find out – there are six Guardsmen serving in Sergeant Good’s family. Wow. Talk about a family who understands the importance of service.

We hand carried over about 50 lbs of Montana’s own Hi-Country Beef Jerky and homemade cookies from my staff.

Visiting Kalispell’s 495th was a great reminder of what true, dedicated service means.

Ladies and gentlemen, the 495th models for all us. We are here to serve, not be served. Let’s keep working together on behalf of the people of our great state. Thank you

Speaker Hertz thanked Senator Daines for his remarks and directed the Committee escort the Senator from the Chamber.

Sargent-at-Arms Murfitt escorted the guests from the Chamber.

Speaker Hertz called the House back to order.

Representative Pierson rose on a Point of Personal Privilege to thank Lieutenant Colonel Michael Beck from Great Falls for his military service.

BILLS (Ricci, Chair):

REPORTS OF STANDING COMMITTEES

AGRICULTURE (Shaw, Chair):

HB 221, introduced bill, be amended as follows:

1. Title, page 1, line 6.
Strike: "REQUALIFICATION"
Insert: "RECERTIFICATION"

Following: line 9
Insert: "Section 1. Section 80-8-105, MCA, is amended to read:

"80-8-105. Rules. (1) The department may adopt by reference without a public hearing regulations adopted under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended. The department may, after a public hearing, adopt all rules necessary to carry out this chapter.
(2) The rules may prescribe methods of:
(a) registration, suspension or cancellation of registration, application, use or restricting use, prohibiting use, offering or exposing for sale of any pesticide;
(b) determining whether pesticides are highly toxic to humans;
(c) determining standards of coloring or discoloring for pesticides and subjecting pesticides to the requirements of 80-8-202;
(d) licensing commercial applicators, operators, and dealers, establishing methods of recordkeeping for applicators, operators, and dealers, and providing for the review of the records by the department's authorized agent and the submission of the records to the department upon written request;
(e) issuing farm applicator special-use permits and the maintenance and submission of records by farm applicators issued special-use permits;
(f) collection, examination, and standard deviation from guarantee analysis and umpire analysis of pesticides and devices;
(g) operating and maintaining equipment used by applicators;
(h) developing examinations which must be held periodically throughout the state;
(i) establishing the form and content of all applications for licenses and permits;
(j) designating pesticides that may be sold at retail for home, yard, garden, and lawn use. The department may also limit retail sale of pesticides, up to a specific number of pounds or gallons and concentration which would be sublethal to humans and animals if small amounts of it were"
accidentally swallowed, inhaled, sprayed, or dusted on the skin.

(k) revoking licenses and permits;
(l) registering or controlling any spray adjuvant, such as a wetting agent, spreading agent, deposit builder, adhesive, emulsifying agent, deflocculating agent, water modifier, or similar agent with or without toxic properties of its own intended to be used with any other pesticide as an aid to the application or effect of that other pesticide, whether or not distributed in a package or container separate from that of a pesticide with which it is to be used;
(m) registering pesticide-fertilizer and other chemical blends or, instead of registration, establishing licensing, inspection, and fees for blending plants;
(n) establishing registration procedures for devices, with a fee not to exceed $5 per type of device, specifying classes of devices to be registered and providing for additional requirements;
(o) imposing conditions for renewal of dealer, applicator, and operator licenses and permits, including requalification recertification training;
(p) establishing procedures for implementing and administering the civil penalties under 80-8-306;
(q) establishing fees for training courses and materials;
(r) establishing standards and procedures for administering a waste pesticide and pesticide container collection, disposal, and recycling program;
(s) establishing special fees on waste pesticides or pesticide containers collected under the waste pesticide and pesticide container collection, disposal, and recycling program. These fees may be based upon volume, type, classification, or other characteristics of a pesticide or a pesticide container and may include a credit for pesticide applicator, dealer, or operator license or permit fees.
(t) establishing standards for pesticide storage, pesticide mixing or loading sites, and bulk pesticide facilities.

(3) (a) Consistent with the provisions of Title 80, chapter 15, whenever the department finds that rules are necessary to carry out the purposes and intent of this chapter, the rules may relate to the time, place, manner, and method of registration, suspension or cancellation of registration, application, or selling of the pesticides, may restrict or prohibit use of pesticides in the state or in designated areas during specified periods of time, and must encompass all reasonable factors that the department considers necessary to prevent damage or injury to:
(i) persons, animals, crops, or pollinating insects from the effect of drift or careless application;
(ii) the environment;
(iii) plants, including forage plants;
(iv) wildlife;
(v) fish and other aquatic life.
(b) In issuing the rules, the department shall give consideration to pertinent research findings and recommendations of other agencies of this state or of the federal government.

(4) If the department finds that an emergency exists which requires immediate action with regard to the registration, use, or application of pesticides, the department may, without notice or hearing, issue necessary orders or rules to protect the public health, welfare, and safety. An order or rule issued under this subsection is effective for the period prescribed by the Montana Administrative Procedure Act. If the department determines that the emergency order or rule should remain in effect, a public hearing under 80-8-106 must be held within the above period to determine whether the order or rule should be adopted by the department.
(5) All rules and orders issued by the department must be made in writing and must be available at the department for public inspection. Except for orders establishing or changing rules of practice and procedure, all orders made and published by the department must include and be based upon written findings of fact. A copy of any rule or order certified by the department must be received in evidence in all courts of this state with the same effect as the original."
