This amendment renames the line item School Facility Reimbursement to more accurately line up with the statute name of Debt Service Assistance.

This amendment also renames the line item Major Maintenance Aid

to Major Maintenance Aid and Debt Service. This allows, along with the added language, the appropriation to reflect current statute and allow the major maintenance appropriation to flow to debt service if there is more appropriation than request. This added connection between major maintenance and debt service appropriations allows \$4.0 million per year, which was the added authority for this connection to occur, in state special to be reduced in the Debt Service Assistance line item.
