BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MONTANA:

Section 1. Section 2-17-506, MCA, is amended to read:

"2-17-506. Definitions. In this part, unless the context requires otherwise, the following definitions apply:

- (1) "Board" means the information technology board established in 2-15-1021.
- (2) "Central computer center" means any stand-alone or shared computer and associated equipment, software, facilities, and services administered by the department for use by state agencies.
- (3) "Chief information officer" means a person appointed by the director of the department to carry out the duties and responsibilities of the department relating to information technology.
- (4) "Data" means any information stored on information technology resources.
- (5) "Department" means the department of administration established in 2-15-1001.
- (6) "Electronic access system" means a system capable of making data accessible by means of an information technology facility in a voice, video, or electronic data form, including but not limited to the internet.
- (7) "Information technology" means hardware, software, and associated services and infrastructure used

to store or transmit information in any form, including voice, video, and electronic data.

(8) "Long-range information technology capital project" means a discrete long-range information technology system or application, including the replacement or upgrade to existing systems.

~~(8)~~(9) "Private safety agency" has the same meaning as provided in 10-4-101.

~~(9)~~(10) "Public safety agency" has the same meaning as provided in 10-4-101.

~~(10)~~(11) "State agency" means any entity of the executive branch, including the university system.

~~(11)~~(12) "Statewide telecommunications network" means any telecommunications facilities, circuits, equipment, software, and associated contracted services administered by the department for the transmission of voice, video, or electronic data from one device to another."

Section 2. Definitions. For the purposes of [this act], the following definitions apply:

(1) "Chief information officer" has the meaning provided in 2-17-506.

(2) "Department" means the department of administration.

(3) "Information technology" has the meaning provided in 2-17-506.

(4) "Information technology capital project" means a group of interrelated information technology activities that are planned and executed in a structured sequence to create a unique product or service.

(5) "LRITP" means the long-range information technology program account in the capital projects fund type.

Section 3. Appropriations and authorizations. (1) All business application systems funded under this section must have a plan approved by the chief information officer for the design, definition, creation, storage, and security of the data associated with the application system. The security aspects of the plan must address but are not limited to authentication and granting of system privileges, safeguards against unauthorized access to or disclosure of sensitive information, and, consistent with state records retention policies, plans for the removal of sensitive data from the system when it is no longer needed. It is the intent of this subsection that specific consideration be given to the potential sharing of data with other state agencies in the design, definition, creation, storage, and security of the data.

(2) Funds may not be released for a project until the chief information officer and the budget director approve the plans described in subsection (1).

(3) The following money is appropriated to the department to be used only for the indicated information technology capital projects:
