26 **SECTION 2. SECTION 87-1-265, MCA, IS AMENDED TO READ:**

27 **"87-1-265. Hunting access programs -- block management program -- private landowner**
28 **assistance -- rules -- restriction on landowner liability. (1) There is established a block management**

1 program administered by the department to provide landowner assistance that encourages public access to
2 private and public lands for hunting purposes.

3 (2) The department may also develop and administer alternative programs to the block management
4 program that are designed to promote public access to private and public lands for hunting purposes.

5 (3) Participation in a hunting access program established under this section is voluntary. A lease,
6 acquisition, or other arrangement for public access to or across private property for hunting purposes must be
7 negotiated through a cooperative agreement between the landowner and the department that will guarantee
8 reasonable access for public hunting. Landowners may also form a voluntary association when development of
9 a unified cooperative agreement is advantageous. A cooperative agreement must contain a detailed description
10 of the conditions for use of the private property, including but not limited to:

- 11 (a) hunting access management;
- 12 (b) services to be provided to the public;
- 13 (c) ranch rules and other restrictions; and
- 14 (d) any other management information to be gathered, which must be made available to the public.

15 (4) Private land is not eligible for inclusion in a hunting access program if outfitting, commercial
16 hunting, or fees charged for private hunting access unreasonably restrict public hunting opportunities.

17 (5) If the department determines that an agreement may adversely influence game management
18 decisions or wildlife habitat on public lands, then other public land agencies, interested sportspersons, and
19 affected landowners must be consulted. An affected landowner's management goals and personal observations
20 regarding game populations and habitat use must be considered in development of the agreement.

21 (6) The commission may adopt rules to implement the provisions of this section, including but not
22 limited to rules that determine tangible benefits to be provided to a landowner who participates in a hunting
23 access program. Benefits are intended to offset potential impacts associated with public hunting access,
24 including but not limited to those associated with general ranch maintenance, conservation efforts, weed
25 control, fire protection, liability insurance, roads, fences, and parking area maintenance. Factors used in
26 determining benefits may include but are not limited to:

- 27 (a) the number of days of public hunting provided by a participating landowner;
- 28 (b) wildlife habitat provided;

Amendment - 3rd Reading - Requested by: Bob Brown

- 1 (c) resident game populations;
- 2 (d) number, sex, and species of animals taken; and
- 3 (e) access provided to adjacent public lands.
- 4 (7) (a) Benefits earned by a landowner who participates in a hunting access program may include but
- 5 are not limited to those applied in the manner described in subsections (7)(b) and (7)(c).
- 6 (b) A landowner may receive direct payments:
- 7 (i) for weed control or may direct payments to be made directly to the county weed control board;
- 8 (ii) for fire protection or may direct fire protection payments to be made to the local fire district or the
- 9 county where the landowner resides; and
- 10 (iii) to offset insurance costs incurred for allowing public hunting access.
- 11 (c) The department may provide assistance in the construction and maintenance of roads, gates, and
- 12 parking facilities and in the signing of property.
- 13 (8) Except as provided in 87-1-264, payments to a landowner who participates in a hunting access
- 14 program through an annual agreement may not exceed ~~\$15,000~~ ~~\$25,000~~ \$17,500 per year.
- 15 (9) The restriction on liability of a landowner, agent, or tenant that is provided under 70-16-302(1)
- 16 applies to a landowner who participates in a hunting access program."

Section 3. Section 87-1-301, MCA, is amended to read:

"87-1-301. Powers of commission. (1) Except as provided in subsections (6) and (7), the commission:

- 21 (a) shall set the policies for the protection, preservation, management, and propagation of the wildlife,
- 22 fish, game, furbearers, waterfowl, nongame species, and endangered species of the state and for the fulfillment
- 23 of all other responsibilities of the department related to fish and wildlife as provided by law;
- 24 (b) shall establish the hunting, fishing, and trapping rules of the department;
- 25 (c) except as provided in 23-1-111 and 87-1-303(3), shall establish the rules of the department

7 estimated cost of more than \$1,000 but less than \$5,000;

8 (h) shall manage elk, deer, and antelope populations based on habitat estimates determined as
9 provided in 87-1-322 and maintain elk, deer, and antelope population numbers at or below population estimates
10 as provided in 87-1-323. In developing or implementing an elk management plan, the commission shall
11 consider landowner tolerance when deciding whether to restrict elk hunting on surrounding public land in a
12 particular hunting district. As used in this subsection (1)(h), "landowner tolerance" means the written or
13 documented verbal opinion of an affected landowner regarding the impact upon the landowner's property within
14 the particular hunting district where a restriction on elk hunting on public property is proposed.

15 (i) shall set the policies for the salvage of antelope, deer, elk, or moose pursuant to 87-3-145; and

16 (j) shall comply with, adopt policies that comply with, and ensure the department implements in each
17 region the provisions of state wildlife management plans adopted following an environmental review conducted
18 pursuant to Title 75, chapter 1, parts 1 through 3.

19 (2) The commission may adopt rules regarding the use and type of archery equipment that may be
20 employed for hunting and fishing purposes, taking into account applicable standards as technical innovations in
21 archery equipment change.

22 (3) The commission may adopt rules regarding the establishment of special licenses or permits,
23 seasons, conditions, programs, or other provisions that the commission considers appropriate to promote or
24 enhance hunting by Montana's youth and persons with disabilities.

25 (4) (a) The commission may adopt rules regarding nonresident big game combination licenses to:

26 (i) separate deer licenses from nonresident elk combination licenses;

27 (ii) set the fees for the separated deer combination licenses and the elk combination licenses without
28 the deer tag;

- 1 (iii) condition the use of the deer licenses; and
- 2 (iv) limit the number of licenses sold.
- 3 (b) The commission may exercise the rulemaking authority in subsection (4)(a) when it is necessary
- 4 and appropriate to regulate the harvest by nonresident big game combination license holders:
- 5 (i) for the biologically sound management of big game populations of elk, deer, and antelope;
- 6 (ii) to control the impacts of those elk, deer, and antelope populations on uses of private property; and
- 7 (iii) to ensure that elk, deer, and antelope populations are at a sustainable level as provided in 87-1-
- 8 321 through 87-1-325.
- 9 (5) (a) Subject to the provisions of subsection (5)(b), the commission may adopt rules to:

- 11 (ii) determine the conditions under which nonresidents may hunt mountain lion in designated hunting
- 12 districts.
- 13 (b) The commission shall adopt rules for the use of and set quotas for the sale of Class D-4
- 14 nonresident hound ~~handler~~ licenses by hunting district, portions of a hunting district, group of districts, or
- 15 administrative regions. ~~However, no more than two Class D-4 licenses may be issued in any one hunting~~
- 16 ~~district per license year.~~
- 17 (c) The commission shall consider, but is not limited to consideration of, the following factors:
- 18 (i) harvest of lions by resident and nonresident hunters;
- 19 (ii) history of quota overruns;
- 20 (iii) composition, including age and sex, of the lion harvest;
- 21 (iv) historical outfitter use;
- 22 (v) conflicts among hunter groups;
- 23 (vi) availability of public and private lands; and
- 24 (vii) whether restrictions on nonresident hunters are more appropriate than restrictions on all hunters.
- 25 (6) The commission may not regulate the use or possession of firearms, firearm accessories, or
- 26 ammunition, including the chemical elements of ammunition used for hunting. This does not prevent:
- 27 (a) the restriction of certain hunting seasons to the use of specified hunting arms, such as the
- 28 establishment of special archery seasons;

- 1 (b) for human safety, the restriction of certain areas to the use of only specified hunting arms,
- 2 including bows and arrows, traditional handguns, and muzzleloading rifles;

16

17 **Section 5.** Section 87-2-115, MCA, is amended to read:

18 **"87-2-115. Nonresident elk and deer license preference point system.** (1) The department shall

19 establish a preference point system to distribute Class B-10 nonresident big game combination licenses and

20 Class B-11 nonresident deer combination licenses.

21 (2) Nonresidents applying to purchase a Class B-10 or Class B-11 license may purchase a

22 preference point, upon payment of a nonrefundable \$50 fee, that gives an applicant who has more preference

23 points priority to receive a Class B-10 or Class B-11 license over an applicant who has purchased fewer

24 preference points.

25 (3) An applicant may:

26 (a) purchase only one preference point per license year; and

27 (b) purchase a preference point without applying for a Class B-10 or Class B-11 license. An applicant

28 not applying for a Class B-10 or Class B-11 license may purchase a preference point only between July 1 and

7 purchase pursuant to 87-2-505 and 87-2-510 by drawings in which the licenses are awarded to applicants in
8 the order of which applicants have purchased the greatest number of preference points. If the number of
9 licenses to be issued under this subsection exceeds the number of applicants who have purchased preference
10 points, the remaining licenses must be added to the licenses issued pursuant to subsection (6).

11 (6) The department shall issue 25% of the Class B-10 and Class B-11 licenses made available for
12 purchase pursuant to 87-2-505 and 87-2-510 by drawings in which the licenses are awarded to applicants who
13 have not purchased any preference points. If the number of licenses to be issued under this subsection
14 exceeds the number of applicants who have not purchased preference points, the remaining licenses must be
15 added to the licenses issued pursuant to subsection (5).

16 (7) Up to five applicants may apply as a party under this section. The department shall use an
17 average of the number of preference points accumulated by those applicants to determine their priority in
18 receiving licenses issued pursuant to subsection (5). The department shall use any fraction that results from the
19 calculation of an average when determining that priority calculate the average rounded to the third decimal
20 place."

5 department or commission.

6 (4) A holder of a Class D-4 license may only pursue mountain lions for the purpose of personally
7 harvesting a mountain lion and may not assist any other person in the pursuit of a lion for harvest.

8 (5) A nonresident is not required to have a Class D-4 license to use a dog or dogs to aid in the pursuit
9 or harvest of mountain lions when the nonresident:

10 (a) is hunting with an outfitter licensed pursuant to Title 37, chapter 47, part 3; or

20 ~~consumer price index from the previous year. The consumer price index to be used for calculations is the~~
