(1) Except as otherwise provided in this chapter, a resident, as defined by 87-2-102, ~~or a nonresident who wishes to purchase a Class A-7 elk license only~~ and who is 12 years of age or older or who will turn 12 years old before or during the season for which the license is issued, upon payment of the proper fee or fees, is entitled to purchase one of each of the following licenses at the prescribed cost that will entitle a holder who is 12 years of age or older to hunt the game animal or animals authorized by the license held and to possess the carcasses of those game animals as authorized by department rules:

- (a) Class A-3, deer A tag, \$16;
- (b) Class A-4, deer B tag, \$10;

A person holding a Class A-7 antlerless elk tag may not take an elk during the same license year with a Class A-5 license or nonresident elk tag. The use of Class A-7 antlerless elk licenses does not preclude the department's use of special elk permits.~~

~~(c) Subject to the management provisions provided in 87-1-321 through 87-1-325, a nonresident shall hold a nonresident Class B-10 license as a prerequisite to application for a Class A-7 license.~~

~~(3) Subject to the limitation of subsection (5), a person who owns or is contracting to purchase 640 acres or more of contiguous land, at least some of which is used by elk, in a hunting district where Class A-7~~

9 **Section 3.** Section 87-2-513, MCA, is amended to read:

10 **"87-2-513. Either-sex or antlerless elk license or permit for landowner who offers free public**
11 **elk hunting -- terms, conditions, and issuance.** (1) For wildlife management purposes, the department may
12 issue, at no cost to a landowner who provides free public elk hunting on the landowner's property and pursuant
13 to this section, an either-sex or antlerless elk license, permit, or combination thereof of the two as required in
14 that hunting district for the landowner or the landowner's designee to hunt on the landowner's property. A
15 designee may be an immediate family member or an authorized full-time employee of the landowner.

16 (2) To be eligible for a license or permit pursuant to this section, a landowner:

17 (a) must own occupied elk habitat that is large enough, in the department's determination, to
18 accommodate successful public hunting;

19 (b) may not have been issued a Class A-7 landowner license pursuant to 87-2-501(3) during the
20 license year;

21 (c) must have entered into a contractual public elk hunting access agreement with the department
22 in accordance with subsection (7) that allows public access for free public elk hunting on the landowner's
23 property throughout the regular hunting season; and

24 (d) may not charge a fee or authorize a person to charge a fee for hunting access on the
25 landowner's property.

26 (3) For every four members of the public allowed to hunt under the contractual public elk hunting
27 access agreement, the department may issue one license, permit, or combination thereof of the two pursuant to
28 subsection (1). The department may limit the total number of licenses and permits issued under this section.

1 (4) A license or permit issued pursuant to this section:

2 (a) is nontransferable and may not be sold or bartered; and

3 (b) may only be used for hunting conducted on property that is opened to public access pursuant to
4 this section.

5 (5) The department may prioritize distribution of licenses or permits under subsection (1) according to
6 the areas the department determines are most in need of management.

7 (6) If the department determines that a landowner or landowner's designee has not abided by the
8 restrictions and conditions of a license or permit issued pursuant to this section, that landowner or landowner's
9 designee is not eligible to receive another license or permit pursuant to this section during any subsequent
10 license year.

11 (7) (a) A contractual public elk hunting access agreement must define the areas that will be open to
12 public elk hunting, the number of public elk hunting days that will be allowed on the property, and other factors
13 that the department and the landowner consider necessary for the proper management of elk on the
14 landowner's property. The agreement must reserve the right of the landowner to deny access to the
15 landowner's property by a public hunter selected pursuant to subsection (7)(b) for cause, including but not
16 limited to intoxication, violation of landowner conditions for use of the property, or previous misconduct on a
17 landowner's property.

18 (b) The department shall select public hunters eligible to hunt on the landowner's property through a
19 random drawing of holders of existing licenses or permits in that hunting district."
