23 and sections 72-38-801 and 72-38-802(1), the terms of the first trust are deemed to include the decanting
24 power.

25

13

14 NEW SECTION. Section 7. Notice -- exercise of decanting power. (1) In this section, a notice

1 known to the fiduciary or is known to the fiduciary but cannot be located by the fiduciary after reasonable
2 diligence.

3 (5) A notice under subsection (3) must:

- 4 (a) specify the manner in which the authorized fiduciary intends to exercise the decanting power;
- 5 (b) specify the proposed effective date for exercise of the power;
- 6 (c) include a copy of the first-trust instrument; and
- 7 (d) include a copy of all second-trust instruments.

8 (6) The decanting power may be exercised before expiration of the notice period under subsection (1)
9 if all persons entitled to receive notice waive the period in a signed record.

10 (7) The receipt of notice, waiver of the notice period, or expiration of the notice period does not affect
11 the right of a person to file an application under [section 9] asserting that:

- 12 (a) an attempted exercise of the decanting power is ineffective because it did not comply with
13 [sections 1 through 30] or was an abuse of discretion or breach of fiduciary duty; or
- 14 (b) [section 22] applies to the exercise of the decanting power.

15 (8) An exercise of the decanting power is not ineffective because of the failure to give notice to one or
16 more persons under subsection (3) if the authorized fiduciary acted with reasonable care to comply with
17 subsection (3).

18
19 **NEW SECTION. Section 8. Representation.** (1) Notice to a person with authority to represent and
20 bind another person under a first-trust instrument or Title 72, chapter 38, part 3, has the same effect as notice
21 given directly to the person represented.

22 (2) Consent of or waiver by a person with authority to represent and bind another person under a first-
23 trust instrument or Title 72, chapter 38, part 3, is binding on the person represented unless the person
24 represented objects to the representation before the consent or waiver otherwise would become effective.

25 (3) A person with authority to represent and bind another person under a first-trust instrument or Title
26 72, chapter 38, part 3, may file an application under [section 9] on behalf of the person represented.

27 (4) A settlor may not represent or bind a beneficiary under [sections 1 through 30].

28

1 NEW SECTION. Section 9. Court involvement. (1) On application of an authorized fiduciary, a
2 person entitled to notice under [section 7(3)], a beneficiary, or with respect to a charitable interest the attorney
3 general or other person that has standing to enforce the charitable interest, the court may:

4 (a) provide instructions to the authorized fiduciary regarding whether a proposed exercise of the
5 decanting power is permitted under [sections 1 through 30] and consistent with the fiduciary duties of the
6 authorized fiduciary;

7 (b) appoint a special fiduciary and authorize the special fiduciary to determine whether the decanting
8 power should be exercised under [sections 1 through 30] and to exercise the decanting power;

9 (c) approve an exercise of the decanting power;

10 (d) determine that a proposed or attempted exercise of the decanting power is ineffective because:

11 (i) after applying [section 22], the proposed or attempted exercise does not or did not comply with
12 [sections 1 through 30]; or

13 (ii) the proposed or attempted exercise would be or was an abuse of the fiduciary's discretion or a
14 breach of fiduciary duty;

15 (e) determine the extent to which [section 22] applies to a prior exercise of the decanting power;

16 (f) provide instructions to the trustee regarding the application of [section 22] to a prior exercise of the
17 decanting power; or

18 (g) order other relief to carry out the purposes of [sections 1 through 30].

19 (2) On application of an authorized fiduciary, the court may approve:

20 (a) an increase in the fiduciary's compensation under [section 16]; or

21 (b) a modification under [section 18] of a provision granting a person the right to remove or replace
22 the fiduciary.

23

24 NEW SECTION. Section 10. Formalities. An exercise of the decanting power must be made in a
25 record signed by an authorized fiduciary. The signed record must, directly or by reference to the notice required
26 by [section 7], identify the first trust and the second trust or trusts and state the property of the first trust being
27 distributed to each second trust and the property, if any, that remains in the first trust.

28

1 NEW SECTION. **Section 11. Decanting power under expanded distributive discretion.** (1) In this
2 section:

3 (a) "Noncontingent right" means a right that is not subject to the exercise of discretion or the
4 occurrence of a specified event that is not certain to occur. The term does not include a right held by a
5 beneficiary if any person has discretion to distribute property subject to the right to any person other than the
6 beneficiary or the beneficiary's estate.

7 (b) "Presumptive remainder beneficiary" means a qualified beneficiary other than a current
8 beneficiary.

9 (c) "Successor beneficiary" means a beneficiary that is not a qualified beneficiary on the date the
10 beneficiary's qualification is determined. The term does not include a person that is a beneficiary only because
11 the person holds a nongeneral power of appointment.

12 (d) "Vested interest" means:

13 (i) a right to a mandatory distribution that is a noncontingent right as of the date of the exercise of the
14 decanting power;

15 (ii) a current and noncontingent right, annually or more frequently, to a mandatory distribution of
16 income, a specified dollar amount, or a percentage of value of some or all of the trust property;

17 (iii) a current and noncontingent right, annually or more frequently, to withdraw income, a specified
18 dollar amount, or a percentage of value of some or all of the trust property;

19 (iv) a presently exercisable general power of appointment; or

20 (v) a right to receive an ascertainable part of the trust property on the trust's termination which is not
21 subject to the exercise of discretion or to the occurrence of a specified event that is not certain to occur.

22 (2) Subject to subsection (3) and [section 14], an authorized fiduciary that has expanded distributive
23 discretion over the principal of a first trust for the benefit of one or more current beneficiaries may exercise the
24 decanting power over the principal of the first trust.

25 (3) Subject to [section 13], in an exercise of the decanting power under this section, a second trust
26 may not:

27 (a) include as a current beneficiary a person that is not a current beneficiary of the first trust, except
28 as otherwise provided in subsection (4);

1 (b) include as a presumptive remainder beneficiary or successor beneficiary a person that is not a
2 current beneficiary, presumptive remainder beneficiary, or successor beneficiary of the first trust, except as
3 otherwise provided in subsection (4); or

4 (c) reduce or eliminate a vested interest.

5 (4) Subject to subsection (3)(c) and [section 14], in an exercise of the decanting power under this
6 section, a second trust may be a trust created or administered under the law of any jurisdiction and may:

7 (a) retain a power of appointment granted in the first trust;

8 (b) omit a power of appointment granted in the first trust, other than a presently exercisable general
9 power of appointment;

10 (c) create or modify a power of appointment if the powerholder is a current beneficiary of the first trust
11 and the authorized fiduciary has expanded distributive discretion to distribute principal to the beneficiary; and

12 (d) create or modify a power of appointment if the powerholder is a presumptive remainder
13 beneficiary or successor beneficiary of the first trust, but the exercise of the power may take effect only after the
14 powerholder becomes, or would have become if then living, a current beneficiary.

15 (5) A power of appointment described in subsections (4)(a) through (4)(d) may be general or
16 nongeneral. The class of permissible appointees in favor of which the power may be exercised may be broader
17 than or different from the beneficiaries of the first trust.

18 (6) If an authorized fiduciary has expanded distributive discretion over part but not all of the principal
19 of a first trust, the fiduciary may exercise the decanting power under this section over that part of the principal
20 over which the authorized fiduciary has expanded distributive discretion.

21
22 **NEW SECTION. Section 12. Decanting power under limited distributive discretion.** (1) In this
23 section, "limited distributive discretion" means a discretionary power of distribution that is limited to an
24 ascertainable standard or a reasonably definite standard.

25 (2) An authorized fiduciary that has limited distributive discretion over the principal of the first trust for
26 benefit of one or more current beneficiaries may exercise the decanting power over the principal of the first
27 trust.

28 (3) Under this section and subject to [section 14], a second trust may be created or administered

1 under the law of any jurisdiction. Under this section, the second trusts, in the aggregate, must grant each
2 beneficiary of the first trust beneficial interests that are substantially similar to the beneficial interests of the
3 beneficiary in the first trust.

4 (4) A power to make a distribution under a second trust for the benefit of a beneficiary who is an
5 individual is substantially similar to a power under the first trust to make a distribution directly to the beneficiary.

6 A distribution is for the benefit of a beneficiary if:

7 (a) the distribution is applied for the benefit of the beneficiary;

8 (b) the beneficiary is under a legal disability or the trustee reasonably believes the beneficiary is
9 incapacitated, and the distribution is made as permitted under the Montana Uniform Trust Code; or

10 (c) the distribution is made as permitted under the terms of the first-trust instrument and the second-
11 trust instrument for the benefit of the beneficiary.

12 (5) If an authorized fiduciary has limited distributive discretion over part but not all of the principal of a
13 first trust, the fiduciary may exercise the decanting power under this section over that part of the principal over
14 which the authorized fiduciary has limited distributive discretion.

15

16 NEW SECTION. Section 13. Trust for beneficiary with disability. (1) In this section:

17 (a) "Beneficiary with a disability" means a beneficiary of a first trust who the special-needs fiduciary
18 believes may qualify for governmental benefits based on disability, whether or not the beneficiary currently
19 receives those benefits or is an individual who has been adjudicated incapacitated.

20 (b) "Governmental benefits" means financial aid or services from a state, federal, or other public
21 agency.

22 (c) "Special-needs fiduciary" means, with respect to a trust that has a beneficiary with a disability:

23 (i) a trustee or other fiduciary, other than a settlor, that has discretion to distribute part or all of the
24 principal of a first trust to one or more current beneficiaries;

25 (ii) if no trustee or fiduciary has discretion under subsection (1)(c)(i), a trustee or other fiduciary, other
26 than a settlor, that has discretion to distribute part or all of the income of the first trust to one or more current
27 beneficiaries; or

28 (iii) if no trustee or fiduciary has discretion under subsections (1)(c)(i) and (1)(c)(ii), a trustee or other

1 fiduciary, other than a settlor, that is required to distribute part or all of the income or principal of the first trust to
2 one or more current beneficiaries.

3 (d) "Special-needs trust" means a trust the trustee believes would not be considered a resource for
4 purposes of determining whether a beneficiary with a disability is eligible for governmental benefits.

5 (2) A special-needs fiduciary may exercise the decanting power under [section 11] over the principal
6 of the first trust as if the fiduciary had authority to distribute principal to a beneficiary with a disability subject to
7 expanded distributive discretion if:

8 (a) a second trust is a special-needs trust that benefits the beneficiary with a disability; and

9 (b) the special-needs fiduciary determines that exercise of the decanting power will further the
10 purposes of the first trust.

11 (3) In an exercise of the decanting power under this section, the following rules apply:

12 (a) Notwithstanding [section 11(3)(b)], the interest in the second trust of a beneficiary with a disability
13 may:

14 (i) be a pooled trust as defined by medicaid law for the benefit of the beneficiary with a disability under
15 42 U.S.C. 1396p(d)(4)(C), as amended; or

16 (ii) contain payback provisions complying with reimbursement requirements of medicaid law under 42
17 U.S.C. 1396p(d)(4)(A), as amended.

18 (b) [Section 11(3)(c)] does not apply to the interests of the beneficiary with a disability.

19 (c) Except as affected by any change to the interests of the beneficiary with a disability, the second
20 trust, or if there are two or more second trusts, the second trusts in the aggregate, must grant each other
21 beneficiary of the first trust beneficial interests in the second trusts that are substantially similar to the
22 beneficiary's beneficial interests in the first trust.

23

24 NEW SECTION. **Section 14. Protection of charitable interest.** (1) In this section:

25 (a) "Determinable charitable interest" means a charitable interest that is a right to a mandatory
26 distribution currently, periodically, on the occurrence of a specified event, or after the passage of a specified
27 time and which is unconditional or will be held solely for charitable purposes.

28 (b) "Unconditional" means not subject to the occurrence of a specified event that is not certain to

1 occur, other than a requirement in a trust instrument that a charitable organization be in existence or qualify
2 under a particular provision of the United States Internal Revenue Code of 1986, as amended, on the date of
3 the distribution, if the charitable organization meets the requirement on the date of determination.

4 (2) If a first trust contains a determinable charitable interest, the attorney general has the rights of a
5 qualified beneficiary and may represent and bind the charitable interest.

6 (3) If a first trust contains a charitable interest, the second trust or trusts may not:

7 (a) diminish the charitable interest;

8 (b) diminish the interest of an identified charitable organization that holds the charitable interest;

9 (c) alter any charitable purpose stated in the first-trust instrument; or

10 (d) alter any condition or restriction related to the charitable interest.

11 (4) If there are two or more second trusts, the second trusts must be treated as one trust for purposes
12 of determining whether the exercise of the decanting power diminishes the charitable interest or diminishes the
13 interest of an identified charitable organization for purposes of subsection (3).

14 (5) If a first trust contains a determinable charitable interest, the second trust or trusts that include a
15 charitable interest pursuant to subsection (3) must be administered under the law of this state unless:

16 (a) the attorney general, after receiving notice under [section 7], fails to object in a signed record
17 delivered to the authorized fiduciary within the notice period;

18 (b) the attorney general consents in a signed record to the second trust or trusts being administered
19 under the law of another jurisdiction; or

20 (c) the court approves the exercise of the decanting power.

21 (6) [Sections 1 through 30] does not limit the powers and duties of the attorney general under law of
22 this state other than [sections 1 through 30].

23

24 **NEW SECTION. Section 15. Trust limitation on decanting.** (1) An authorized fiduciary may not
25 exercise the decanting power to the extent the first-trust instrument expressly prohibits exercise of:

26 (a) the decanting power; or

27 (b) a power granted by state law to the fiduciary to distribute part or all of the principal of the trust to
28 another trust or to modify the trust.

1 (2) Exercise of the decanting power is subject to any restriction in the first-trust instrument that
2 expressly applies to exercise of:

3 (a) the decanting power; or

4 (b) a power granted by state law to a fiduciary to distribute part or all of the principal of the trust to
5 another trust or to modify the trust.

6 (3) A general prohibition of the amendment or revocation of a first trust, a spendthrift clause, or a
7 clause restraining the voluntary or involuntary transfer of a beneficiary's interest does not preclude exercise of
8 the decanting power.

9 (4) Subject to subsections (1) and (2), an authorized fiduciary may exercise the decanting power
10 under [sections 1 through 30] even if the first-trust instrument permits the authorized fiduciary or another person
11 to modify the first-trust instrument or to distribute part or all of the principal of the first trust to another trust.

12 (5) If a first-trust instrument contains an express prohibition described in subsection (1) or an express
13 restriction described in subsection (2), the provision must be included in the second-trust instrument.

14
15 NEW SECTION. Section 16. Change in compensation. (1) If a first-trust instrument specifies an
16 authorized fiduciary's compensation, the fiduciary may not exercise the decanting power to increase the
17 fiduciary's compensation above the specified compensation unless:

18 (a) all qualified beneficiaries of the second trust consent to the increase in a signed record; or

19 (b) the increase is approved by the court.

20 (2) If a first-trust instrument does not specify an authorized fiduciary's compensation, the fiduciary
21 may not exercise the decanting power to increase the fiduciary's compensation above the compensation
22 permitted by the Montana Uniform Trust Code unless:

23 (a) all qualified beneficiaries of the second trust consent to the increase in a signed record; or

24 (b) the increase is approved by the court.

25 (3) A change in an authorized fiduciary's compensation that is incidental to other changes made by
26 the exercise of the decanting power is not an increase in the fiduciary's compensation for purposes of
27 subsections (1) and (2).

28

1 **NEW SECTION. Section 17. Relief from liability and indemnification.** (1) Except as otherwise
2 provided in this section, a second-trust instrument may not relieve an authorized fiduciary from liability for
3 breach of trust to a greater extent than the first-trust instrument.

4 (2) A second-trust instrument may provide for indemnification of an authorized fiduciary of the first
5 trust or another person acting in a fiduciary capacity under the first trust for any liability or claim that would have
6 been payable from the first trust if the decanting power had not been exercised.

7 (3) A second-trust instrument may not reduce fiduciary liability in the aggregate.

8 (4) Subject to subsection (3), a second-trust instrument may divide and reallocate fiduciary powers
9 among fiduciaries, including one or more trustees, distribution advisors, investment advisors, trust protectors, or
10 other persons, and relieve a fiduciary from liability for an act or failure to act of another fiduciary as permitted by
11 law of this state other than [sections 1 through 30].

12
13 **NEW SECTION. Section 18. Removal or replacement of authorized fiduciary.** An authorized
14 fiduciary may not exercise the decanting power to modify a provision in a first-trust instrument granting another
15 person power to remove or replace the fiduciary unless:

16 (1) the person holding the power consents to the modification in a signed record and the modification
17 applies only to the person;

18 (2) the person holding the power and the qualified beneficiaries of the second trust consent to the
19 modification in a signed record and the modification grants a substantially similar power to another person; or

20 (3) the court approves the modification and the modification grants a substantially similar power to
21 another person.

22
23 **NEW SECTION. Section 19. Tax-related limitations.** (1) In this section:

24 (a) "Grantor trust" means a trust as to which a settlor of a first trust is considered the owner under 26
25 U.S.C. 671 through 677, as amended, or 26 U.S.C. 679, as amended.

26 (b) "Internal Revenue Code" means the United States Internal Revenue Code of 1986, as amended.

27 (c) "Nongrantor trust" means a trust that is not a grantor trust.

28 (d) "Qualified benefits property" means property subject to the minimum distribution requirements of

1 26 U.S.C. 401(a)(9), as amended, and any applicable regulations, or to any similar requirements that refer to 26
2 U.S.C. 401(a)(9) or the regulations.

3 (2) An exercise of the decanting power is subject to the following limitations:

4 (a) If a first trust contains property that qualified, or would have qualified but for provisions of [sections
5 1 through 30] other than this section, for a marital deduction for purposes of the gift or estate tax under the
6 Internal Revenue Code or a state gift, estate, or inheritance tax, the second-trust instrument may not include or
7 omit any term that, if included in or omitted from the trust instrument for the trust to which the property was
8 transferred, would have prevented the transfer from qualifying for the deduction, or would have reduced the
9 amount of the deduction, under the same provisions of the Internal Revenue Code or state law under which the
10 transfer qualified.

11 (b) If the first trust contains property that qualified, or would have qualified but for provisions of
12 [sections 1 through 30] other than this section, for a charitable deduction for purposes of the income, gift, or
13 estate tax under the Internal Revenue Code or a state income, gift, estate, or inheritance tax, the second-trust
14 instrument may not include or omit any term that, if included in or omitted from the trust instrument for the trust
15 to which the property was transferred, would have prevented the transfer from qualifying for the deduction, or
16 would have reduced the amount of the deduction, under the same provisions of the Internal Revenue Code or
17 state law under which the transfer qualified.

18 (c) If the first trust contains property that qualified, or would have qualified but for provisions of
19 [sections 1 through 30] other than this section, for the exclusion from the gift tax described in 26 U.S.C.
20 2503(b), as amended, the second-trust instrument may not include or omit a term that, if included in or omitted
21 from the trust instrument for the trust to which the property was transferred, would have prevented the transfer
22 from qualifying under 26 U.S.C. 2503(b), as amended. If the first trust contains property that qualified, or would
23 have qualified but for provisions of [sections 1 through 30] other than this section, for the exclusion from the gift
24 tax described in 26 U.S.C. 2503(b), as amended, by application of 26 U.S.C. 2503(c), as amended, the second-
25 trust instrument may not include or omit a term that, if included or omitted from the trust instrument for the trust
26 to which the property was transferred, would have prevented the transfer from qualifying under 26 U.S.C.
27 2503(c), as amended.

28 (d) If the property of the first trust includes shares of stock in an S corporation, as defined in 26 U.S.C.

1 1361, as amended, and the first trust is, or but for provisions of [sections 1 through 30] other than this section
 2 would be, a permitted shareholder under any provision of 26 U.S.C. 1361, as amended, an authorized fiduciary
 3 may exercise the power with respect to part or all of the S-corporation stock only if any second trust receiving
 4 the stock is a permitted shareholder under 26 U.S.C. 1361(c)(2), as amended. If the property of the first trust
 5 includes shares of stock in an S corporation and the first trust is, or but for provisions of [sections 1 through 30]
 6 other than this section would be, a qualified subchapter-S trust within the meaning of 26 U.S.C. 1361(d), as
 7 amended, the second-trust instrument may not include or omit a term that prevents the second trust from
 8 qualifying as a qualified subchapter-S trust.

9 (e) If the first trust contains property that qualified, or would have qualified but for provisions of
 10 [sections 1 through 30] other than this section, for a zero inclusion ratio for purposes of the generation-skipping
 11 transfer tax under 26 U.S.C. 2642(c), as amended, the second-trust instrument may not include or omit a term
 12 that, if included in or omitted from the first-trust instrument, would have prevented the transfer to the first trust
 13 from qualifying for a zero inclusion ratio under 26 U.S.C. 2642(c), as amended.

14 (f) If the first trust is directly or indirectly the beneficiary of qualified benefits property, the second-trust
 15 instrument may not include or omit any term that, if included in or omitted from the first-trust instrument, would
 16 have increased the minimum distributions required with respect to the qualified benefits property under 26
 17 U.S.C. 401(a)(9), as amended, and any applicable regulations, or any similar requirements that refer to 26
 18 U.S.C. 401(a)(9), as amended, or the regulations. If an attempted exercise of the decanting power violates the
 19 preceding sentence, the trustee is deemed to have held the qualified benefits property and any reinvested
 20 distributions of the property as a separate share from the date of the exercise of the power and [section 22]
 21 applies to the separate share.

22 (g) If the first trust qualifies as a grantor trust because of the application of 26 U.S.C. 672(f)(2)(A), as
 23 amended, the second trust may not include or omit a term that, if included in or omitted from the first-trust
 24 instrument, would have prevented the first trust from qualifying under 26 U.S.C. 672(f)(2)(A), as amended.

25 (h) In this subsection (2)(h), “tax benefit” means a federal or state tax deduction, exemption,
 26 exclusion, or other benefit not otherwise listed in this section, except for a benefit arising from being a grantor
 27 trust. Subject to subsection (2)(h)(i) and (2)(h)(ii) below, a second-trust instrument may not include or omit a
 28 term that, if included in or omitted from the first-trust instrument, would have prevented qualification for a tax

1 benefit if:

2 (i) the first-trust instrument expressly indicates an intent to qualify for the benefit or the first-trust
3 instrument clearly is designed to enable the first trust to qualify for the benefit; and

4 (ii) the transfer of property held by the first trust or the first trust qualified, or but for provisions of
5 [sections 1 through 30] other than this section, would have qualified for the tax benefit.

6 (i) Subject to subsection (2)(d):

7 (i) except as otherwise provided in subsection (2)(g), the second trust may be a nongrantor trust,
8 even if the first trust is a grantor trust; and

9 (ii) except as otherwise provided in subsection (2)(j), the second trust may be a grantor trust, even if
10 the first trust is a nongrantor trust.

11 (j) An authorized fiduciary may not exercise the decanting power if a settlor objects in a signed record
12 delivered to the fiduciary within the notice period and:

13 (i) the first trust and a second trust are both grantor trusts, in whole or in part, the first trust grants the
14 settlor or another person the power to cause the first trust to cease to be a grantor trust, and the second trust
15 does not grant an equivalent power to the settlor or other person; or

16 (ii) the first trust is a nongrantor trust and a second trust is a grantor trust, in whole or in part, with
17 respect to the settlor, unless:

18 (A) the settlor has the power at all times to cause the second trust to cease to be a grantor trust; or

19 (B) the first-trust instrument contains a provision granting the settlor or another person a power that
20 would cause the first trust to cease to be a grantor trust and the second-trust instrument contains the same
21 provision.

22

23 NEW SECTION. **Section 20. Duration of second trust.** (1) Subject to subsection (2), a second trust
24 may have a duration that is the same as or different from the duration of the first trust.

25 (2) To the extent that property of a second trust is attributable to property of the first trust, the property
26 of the second trust is subject to any rules governing maximum perpetuity, accumulation, or suspension of the
27 power of alienation, which apply to property of the first trust.

28

1 NEW SECTION. Section 21. Need to distribute not required. An authorized fiduciary may exercise
2 the decanting power whether or not under the first trust’s discretionary distribution standard the fiduciary would
3 have made or could have been compelled to make a discretionary distribution of principal at the time of the
4 exercise.

5
6 NEW SECTION. Section 22. Saving provision. (1) If exercise of the decanting power would be
7 effective under [sections 1 through 30] except that the second-trust instrument in part does not comply with
8 [sections 1 through 30], the exercise of the power is effective and the following rules apply with respect to the
9 principal of the second trust attributable to the exercise of the power:

10 (a) A provision in the second-trust instrument that is not permitted under [sections 1 through 30] is
11 void to the extent necessary to comply with [sections 1 through 30].

12 (b) A provision required by [sections 1 through 30] to be in the second-trust instrument that is not
13 contained in the instrument is deemed to be included in the instrument to the extent necessary to comply with
14 [sections 1 through 30].

15 (2) If a trustee or other fiduciary of a second trust determines that subsection (1) applies to a prior
16 exercise of the decanting power, the fiduciary shall take corrective action consistent with the fiduciary’s duties.

17
18 NEW SECTION. Section 23. Trust for care of animal. (1) In this section:

19 (a) "Animal trust" means a trust or an interest in a trust created to provide for the care of one or more
20 animals.

21 (b) "Protector" means a person appointed in an animal trust to enforce the trust on behalf of the
22 animal or, if no such person is appointed in the trust, a person appointed by the court for that purpose.

23 (2) The decanting power may be exercised over an animal trust that has a protector to the extent the
24 trust could be decanted under [sections 1 through 30] if each animal that benefits from the trust were an
25 individual, if the protector consents in a signed record to the exercise of the power.

26 (3) A protector for an animal has the rights under [sections 1 through 30] of a qualified beneficiary.

27 (4) Notwithstanding any other provision of [sections 1 through 30], if a first trust is an animal trust, in
28 an exercise of the decanting power, the second trust must provide that trust property may be applied only to its

1 intended purpose for the period the first trust benefitted the animal.

2

3 NEW SECTION. Section 24. Terms of second trust. A reference in Title 72, chapter 38, to a trust
4 instrument or terms of the trust includes a second-trust instrument and the terms of the second trust.

5

6 NEW SECTION. Section 25. Settlor. (1) For purposes of law of this state other than [sections 1
7 through 30] and subject to subsection (2), a settlor of a first trust is deemed to be the settlor of the second trust
8 with respect to the portion of the principal of the first trust subject to the exercise of the decanting power.

9 (2) In determining settlor intent with respect to a second trust, the intent of a settlor of the first trust, a
10 settlor of the second trust, and the authorized fiduciary may be considered.

11

12 NEW SECTION. Section 26. Later-discovered property. (1) Except as otherwise provided in
13 subsection (3), if exercise of the decanting power was intended to distribute all the principal of the first trust to
14 one or more second trusts, later-discovered property belonging to the first trust and property paid to or acquired
15 by the first trust after the exercise of the power is part of the trust estate of the second trust or trusts.

16 (2) Except as otherwise provided in subsection (3), if exercise of the decanting power was intended to
17 distribute less than all the principal of the first trust to one or more second trusts, later-discovered property
18 belonging to the first trust or property paid to or acquired by the first trust after exercise of the power remains
19 part of the trust estate of the first trust.

20 (3) An authorized fiduciary may provide in an exercise of the decanting power or by the terms of a
21 second trust for disposition of later-discovered property belonging to the first trust or property paid to or
22 acquired by the first trust after exercise of the power.

23

24 NEW SECTION. Section 27. Obligations. A debt, liability, or other obligation enforceable against
25 property of a first trust is enforceable to the same extent against the property when held by the second trust
26 after exercise of the decanting power.

27

28 NEW SECTION. Section 28. Uniformity of application and construction. In applying and
