FISCAL ANALYSIS

Assumptions:

Office of Public Instruction

1. HB 181 directs \$1.0 million each year of the biennium from the school facility and technology state special revenue account to the Office of Public Education for providing funds for schools to use as a match for e-rate broadband matching funds.
2. The funds are currently statutorily appropriated to the technology fund of all school districts for each year.
3. This bill is effective July 1, 2021, and the temporary redirection of the existing statutory appropriation to the Office of Public Instruction terminates on June 30, 2023.

State Special Revenue (02)	\$0	\$0	\$0	\$0
TOTAL Revenues	\$0	\$0	\$0	\$0

<u>Net Impact to Fund Balance (Revenue minus Funding of Expenditures):</u>				
General Fund (01)	\$0	\$0	\$0	\$0
State Special Revenue (02)	\$0	\$0	\$0	\$0

Effect on County or Other Local Revenues or Expenditures:

1. The ability for the state to leverage additional E-rate funding is dependent on meeting the requirements established by the Federal Communications Commission and approval from the Universal Service Administrative Company (USAC).
2. The district technology fund is a budgeted fund therefore, reducing this state funding could increase property taxes for that fund at the local level.
