"87-1-265. Hunting access programs -- block management program -- private landowner assistance -- rules -- restriction on landowner liability. (1) There is established a block management program administered by the department to provide landowner assistance that encourages public access to private and public lands for hunting purposes.

(2) The department may also develop and administer alternative programs to the block management program that are designed to promote public access to private and public lands for hunting purposes.

(3) Participation in a hunting access program established under this section is voluntary. A lease, acquisition, or other arrangement for public access to or across private property for hunting purposes must be negotiated through a cooperative agreement between the landowner and the department that will guarantee reasonable access for public hunting. Landowners may also form a voluntary association when development of a unified cooperative agreement is advantageous. A cooperative agreement must contain a detailed description of the conditions for use of the private property, including but not limited to:

(b) services to be provided to the public;

(c) ranch rules and other restrictions; and

(d) any other management information to be gathered, which must be made available to the public.

(4) Private land is not eligible for inclusion in a hunting access program if outfitting, commercial hunting, or fees charged for private hunting access unreasonably restrict public hunting opportunities.

(5) If the department determines that an agreement may adversely influence game management decisions or wildlife habitat on public lands, then other public land agencies, interested sportspersons, and affected landowners must be consulted. An affected landowner's management goals and personal observations regarding game populations and habitat use must be considered in development of the agreement.

Factors used in determining benefits may include but are not limited to:

- (a) the number of days of public hunting provided by a participating landowner;
- (b) wildlife habitat provided;
- (c) resident game populations;
- (d) number, sex, and species of animals taken; and
- (e) access provided to adjacent public lands.

(7) (a) Benefits earned by a landowner who participates in a hunting access program may include but are not limited to those applied in the manner described in subsections (7)(b) and (7)(c).

(i) for weed control or may direct payments to be made directly to the county weed control board;

(ii) for fire protection or may direct fire protection payments to be made to the local fire district or the county where the landowner resides; and

(iii) to offset insurance costs incurred for allowing public hunting access.

(c) The department may provide assistance in the construction and maintenance of roads, gates, and parking facilities and in the signing of property.

(8) Except as provided in 87-1-264, payments to a landowner who participates in a hunting access program through an annual agreement may not exceed ~~\$15,000~~ \$25,000 per year.

(9) The restriction on liability of a landowner, agent, or tenant that is provided under 70-16-302(1) applies to a landowner who participates in a hunting access program.""
