Except as provided in subsection (2), in the event of a projected general fund budget deficit, the governor, taking into account the criteria provided in subsection (1)(c), shall direct agencies to reduce spending in an amount that ensures that the projected ending general fund balance for the biennium will be at least:

- (i) 4% of the general fund appropriations for the second fiscal year of the biennium prior to October of the year preceding a legislative session;
  - (ii) 3% of the general fund appropriations for the second fiscal year of the biennium in October of the year preceding a legislative session;
  - (iii) 2% of the general fund appropriations for the second fiscal year of the biennium in January of the year in which a legislative session is convened; and
  - (iv) 1% of the general fund appropriations for the second fiscal year of the biennium in March of the year in which a legislative session is convened.
- (b) An agency may not be required to reduce general fund spending for any program, as defined in each general appropriations act, by more than 10% during a biennium. Starting January 1, 2021, a governor may not reduce total agency spending in the biennium by more than 4% of the second year appropriations for the agency. Departments or agencies headed by elected officials or the board of regents may not be required to reduce general fund spending by a percentage greater than the percentage of general fund spending reductions required for the weighted average of all other executive branch agencies. The legislature may exempt from a reduction an appropriation item within a program or may direct that the appropriation item may not be reduced by more than 10%.

SENATE JOURNAL  
THIRTY-SIXTH LEGISLATIVE DAY - FEBRUARY 20, 2021

- (c) The governor shall direct agencies to manage their budgets in order to reduce general fund expenditures. Prior to directing agencies to reduce spending as provided in subsection (1)(a), the governor shall direct each agency to analyze the nature of each program that receives a general fund appropriation to determine whether the program is mandatory or permissive and to analyze the impact of the proposed reduction in spending on the purpose of the program. An agency shall submit its analysis to the office of budget and program planning and shall at the same time provide a copy of the analysis to the legislative fiscal analyst. The report must be submitted in an electronic format. The office of budget and program planning shall review each agency's analysis, and the budget director shall submit to the governor a copy of the office of budget and program planning's recommendations for reductions in spending. The budget director shall provide a copy of the recommendations to the legislative fiscal analyst at the time that the recommendations are submitted to the governor and shall provide the legislative fiscal analyst with any proposed changes to the recommendations. The recommendations must be provided in an electronic format. The legislative finance committee shall meet within 20 days of the date that the proposed changes to the recommendations for reductions in spending are provided to the legislative fiscal analyst. The legislative fiscal analyst shall provide a copy of the legislative fiscal analyst's review of the proposed reductions in spending to the budget director at least 5 days before the meeting of the legislative finance committee. The committee may make recommendations concerning the proposed reductions in spending. The governor shall consider each agency's analysis and the recommendations of the office of budget and program planning and the legislative finance committee in determining the agency's reduction in spending. Reductions in spending must be designed to have the least adverse impact on the provision of services determined to be most integral to the discharge of the agency's statutory responsibilities.
- (2) Reductions in spending for the following may not be directed by the governor:
- (a) payment of interest and principal on state debt;
  - (b) the legislative branch;
  - (c) the judicial branch;
  - (d) the school BASE funding program, including special education;
  - (e) salaries of elected officials during their terms of office; ~~and~~
  - (f) the Montana school for the deaf and blind; and
  - (g) services for people with disabilities and the aged provided by the divisions within the department of public health and human services for addictive and mental disorders, developmental disabilities, and senior and long-term care.
- (3) (a) As used in this section, "projected general fund budget deficit" means an amount, certified by the budget director to the governor, by which the projected ending general fund balance for the biennium is less than:
- (i) 4% of the general fund appropriations for the second fiscal year of the biennium prior to October of the year preceding a legislative session;
  - (ii) 1.875% in October of the year preceding a legislative session;
  - (iii) 1.25% in January of the year in which a legislative session is convened; and
  - (iv) 0.625% in March of the year in which a legislative session is convened.
- (b) In determining the amount of the projected general fund budget deficit, the budget director shall take into account revenue, established levels of appropriation, anticipated

SENATE JOURNAL  
THIRTY-SIXTH LEGISLATIVE DAY - FEBRUARY 20, 2021

supplemental appropriations for school equalization aid and the cost of the state's wildland fire suppression activities exceeding the amount statutorily appropriated in 10-3-312, and anticipated reversions.

- (4) If the budget director determines that an amount of actual or projected receipts will result in an amount less than the amount projected to be received in the revenue estimate established pursuant to 5-5-227, the budget director shall notify the revenue interim committee of the estimated amount. Within 20 days of notification, the revenue interim committee shall provide the budget director with any recommendations concerning the amount. The budget director shall consider any recommendations of the revenue interim committee prior to certifying a projected general fund budget deficit to the governor.
- (5) If the budget director certifies a projected general fund budget deficit, the governor may authorize transfers to the general fund from certain accounts as set forth in subsections (6), (7), and (8).
- (6) ~~Before January 1, 2021, the governor may authorize transfers from the budget stabilization reserve fund prior to making reductions in spending. A transfer under this subsection may not cause the fund balance of the budget stabilization reserve fund to be less than 1% of all general fund appropriations in the second year of the biennium. The governor may authorize transfers from the tax reduction fund provided for in [section 1] prior to making reductions in spending.~~
- (7) The governor may authorize transfers from the budget stabilization reserve fund provided for in 17-7-130. The governor may authorize \$2 of transfers from the fund for each \$1 of reductions in spending.
- (8) If the budget director certifies a projected general fund budget deficit, the governor may authorize transfers to the general fund from the fire suppression account established in 76-13-150. The amount of funds available for a transfer from this account is up to the sum of the fund balance of the account, plus expected current year revenue, minus the sum of 1% of the general fund appropriations for the second fiscal year of the biennium, plus estimated expenditures from the account for the fiscal year. The governor may authorize \$1 of transfers from the fire suppression account established in 76-13-150 for each \$1 of reductions in spending." "

THIRTY-SIXTH LEGISLATIVE DAY - FEBRUARY 20, 2021

- (3) (a) As used in this section, "projected general fund budget deficit" means an amount, certified by the budget director to the governor, by which the projected ending general fund balance for the biennium is less than:
- (i) 4% of the general fund appropriations for the second fiscal year of the biennium prior to October of the year preceding a legislative session;
  - (ii) 1.875% in October of the year preceding a legislative session;
  - (iii) 1.25% in January of the year in which a legislative session is convened; and
  - (iv) 0.625% in March of the year in which a legislative session is convened.
- (b) In determining the amount of the projected general fund budget deficit, the budget director shall take into account revenue, established levels of appropriation, anticipated supplemental appropriations for school equalization aid and the cost of the state's wildland fire suppression activities exceeding the amount statutorily appropriated in 10-3-312, and anticipated reversions.
- (4) If the budget director determines that an amount of actual or projected receipts will result in an amount less than the amount projected to be received in the revenue estimate established pursuant to 5-5-227, the budget director shall notify the revenue interim committee of the estimated amount. Within 20 days of notification, the revenue interim committee shall provide the budget director with any recommendations concerning the amount. The budget director shall consider any recommendations of the revenue interim committee prior to certifying a projected general fund budget deficit to the governor.
- (5) If the budget director certifies a projected general fund budget deficit, the governor may authorize transfers to the general fund from certain accounts as set forth in subsections (6); ~~and (7)~~, and ~~(8)~~.
- ~~(6) Before January 1, 2021, the governor may authorize transfers from the budget stabilization reserve fund prior to making reductions in spending. A transfer under this subsection may not cause the fund balance of the budget stabilization reserve fund to be less than 1% of all general fund appropriations in the second year of the biennium.~~
- ~~(7)~~ (6) The governor may authorize transfers from the budget stabilization reserve fund provided for in 17-7-130. The governor may authorize \$2 of transfers from the fund for each \$1 of reductions in spending.
- ~~(8)~~ (7) If the budget director certifies a projected general fund budget deficit budget stabilization reserve fund provided for in 17-7-130 is full expended and the governor determines more spending reductions are needed to address the projected general fund budget deficit, the governor may authorize transfers to the general fund from the fire suppression account established in 76-13-150. The amount of funds available for a transfer from this account is up to the sum of the fund balance of the account, plus expected current year revenue, minus the sum of 1% of the general fund appropriations for the second fiscal year of the biennium, plus estimated expenditures from the account for the fiscal year. The governor may authorize \$1 of transfers from the fire suppression account established in 76-13-150 for each \$1 of reductions in spending."
