board shall take ballots out of the box to determine whether each ballot is single.

(2) The board shall count all ballots to ensure that the total number of ballots corresponds with the
total number of names in the pollbook.

(3) If the board cannot reconcile the total number of ballots with the pollbook, the board shall submit
to the election administrator a written report stating how many ballots were missing or in excess and any reason
of which they are aware for the discrepancy. Each judge on the board shall sign the report.

(4) A ballot that is not marked as official is void and may not be counted unless all judges on the
board agree that the marking is missing because of an error by election officials, in which case the ballot must
be marked "unmarked by error" on the back and must be initialed by all judges.

(5) If two or more ballots are folded or stuck together to look like a single ballot, they must be laid
aside until the count is complete. The counting board shall compare the count with the pollbooks, and if a
majority believes that the ballots folded together were marked by one elector, the ballots must be rejected and
handled as provided in 13-15-108, otherwise they must be counted.

(6) Only valid absentee mail ballots may be counted in an election conducted under this chapter.

(7) For the purpose of this chapter, a marked absentee mail ballot is valid only if:

(iii) except as provided in subsection (8)(b), more than one ballot is enclosed in a single signature or secrecy envelope.

(b) The provisions of subsection (8)(a)(iii) do not apply if:

(i) there are multiple elections being held at the same time and the envelope contains only one ballot for each election; or

(ii) the signature envelope contains ballots from the same household, each ballot is in its own secrecy envelope, and the signature envelope contains a valid signature for each elector who has returned a ballot."

(2) The election judges shall enclose in a separate container, securely sealed, all unused ballots with the numbered stubs attached.

(3) The election judges shall enclose in a separate container, securely sealed, all ballots voted, including those not counted or allowed, and detached stubs from all counted or rejected absentee mail ballots. This envelope must be endorsed on the outside “ballots voted”. Section 43. Section 13-15-206, MCA, is amended to read:

"13-15-206. Counting votes -- uniformity -- rulemaking -- definitions. (1) When conducting vote counts as provided by law, a counting board, absentee mail ballot counting board, or recount board shall count and determine the validity of each vote in a uniform manner as provided in this section.

(2) A manual count or recount of votes must be conducted as follows:

(a) One election judge on the board shall read the ballot while the two other judges on the board shall each record on an official tally sheet the number of valid votes cast for each individual or ballot issue. Write-in votes must be counted in accordance with subsection (5) and rules adopted pursuant to subsection (7). If a vote has not been cast according to instructions, the vote must be considered questionable and the entire ballot must be set aside and votes on the ballot must be handled as provided in subsection (4).

(b) (i) After the vote count is complete, the tally sheets of the two judges recording the votes must be compared.

(ii) If the two tallies match, the judges shall record in the official results records:

(A) the names of all individuals who received votes;

(B) the offices for which individuals received votes;

(C) the total votes received by each individual as shown by the tally sheets; and

(D) the total votes received for or against each ballot issue, if any.

(iii) If the tallies do not match, the count must be conducted again as provided in this subsection (2) until the two tallies match.

(3) (a) When a voting system is counting votes:

(i) if a vote is recognized and counted by the system, it is a valid vote;

(ii) if a vote is not recognized and counted by the system, it is not a valid vote; and

(iii) write-in votes must be counted in accordance with rules adopted pursuant to subsection (7)."
(b) If the voting system cannot process the ballot because of the ballot's condition or if the voting system registers an unmarked ballot or an overvote, which must be considered a questionable vote, the entire ballot must be set aside and the votes on the ballot must be counted as provided in subsection (4).

(c) If an election administrator or counting board has reason to believe that a voting system is not functioning correctly, the election administrator shall follow the procedures prescribed in 13-15-209.

(d) After all valid votes have been counted and totaled, the judges shall record in the official results records the information specified in subsection (2)(b)(ii).

(4) (a) (i) Before being counted, each questionable vote on a ballot set aside under subsection (2)(a) or (3)(b) must be reviewed by the counting board. The counting board shall evaluate each questionable vote according to rules adopted by the secretary of state.

(ii) If a majority of the counting board members agree that under the rules the voter's intent can be clearly determined, the vote is valid and must be counted according to the voter's intent.

(iii) If a majority of the counting board members do not agree that the voter's intent can be clearly determined under the rules, the vote is not valid and may not be counted.

(b) If a ballot was set aside under subsection (3)(b) because it could not be processed by the voting system due to the ballot's condition, the counting board shall transfer all valid votes to a new ballot that can be processed by the voting system.

(5) A write-in vote may be counted only if:

(a) (i) the write-in vote identifies an individual by a designation filed pursuant to 13-10-211(1)(a); or

(ii) pursuant to 13-10-211(7), a declaration of nomination was not filed and the write-in vote identifies an individual who is qualified for the office; and

(b) the oval, box, or other designated voting area on the ballot is marked.

(6) A vote is not valid and may not be counted if the elector's choice cannot be determined as provided in this section.

(7) The secretary of state shall adopt rules defining a valid vote and a valid write-in vote for each type of ballot and for each type of voting system used in the state. The rules must provide a sufficient guarantee that all votes are treated equally among jurisdictions using similar ballot types and voting systems.

(8) Local election administrators shall adopt policies to govern local processes that are consistent with
the provisions of this title and that provide for:

(a) the security of the counting process against fraud;
(b) the place and time and public notice of each count or recount;
(c) public observance of each count or recount, including observance by representatives authorized
under 13-16-411;
(d) the recording of objections to determinations on the validity of an individual vote or to the entire
counting process; and
(e) the keeping of a public record of count or recount proceedings.

(9) For purposes of this section, "overvote" means an elector's vote that has been interpreted by the
voting system as an elector casting more votes than allowable for a particular office or ballot issue."

Section 44. Section 13-19-101, MCA, is amended to read:

"13-19-101. Statement of purpose. The purpose of this chapter is to provide the option of and
procedures for conducting certain specified elections as mail-all-mail ballot elections. The provisions of this
chapter recognize that sound public policy concerning the conduct of elections often requires the balancing of
various elements of the public interest that are sometimes in conflict. Among these factors are the public's
interest in fair and accurate elections, the election of those who will govern or represent, and cost-effective
administration of all functions of government, including the conduct of elections. The provisions of this chapter
further recognize that when these and other factors are balanced, the conduct of elections by mail-all-mail ballot
is potentially the most desirable of the available options in certain circumstances."

(3) "Political subdivision" means a political subdivision of the state, including a school district.

Section 47. Section 13-19-104, MCA, is amended to read:

"13-19-104. Mail all-mail ballot elections not mandatory -- when authorized -- when prohibited -- when county election administrator conducts. (1) Conducting elections by mail all-mail ballot is only one option available to local officials, and this chapter does not mandate that the procedure be used.

(2) Except as provided in subsection (3), any election may be conducted by mail all-mail ballot.

(3) The following elections may not be conducted by mail all-mail ballot:

(a) a regularly scheduled federal, state, or county election;

(c) a regularly scheduled or special election when another election in the political subdivision is taking place at the polls on the same day.

(b) The requirement that a county election administrator shall conduct more than one mail all-mail ballot election on the same day does not apply to a mail an all-mail ballot school bond election conducted by the trustees of any two or more school districts that have unified pursuant to 20-6-312 or that have created a joint board of trustees pursuant to 20-3-361."

Section 48. Section 13-19-105, MCA, is amended to read:

(6) Election officials shall first qualify the voted ballot by examining the signature envelope to determine whether it is submitted by a qualified elector who has not previously voted in the election.

(2) If the election administrator decides to conduct an election pursuant to subsection (1), the election
administrator shall prepare a written plan as provided in 13-19-205 and forward a copy to the governing body concerned, together with a written statement informing the governing body of the decision to conduct the election by mail-all-mail ballot, the reasons for the decision, and the right of the governing body to object under 13-19-204."
