BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MONTANA:

Section 1. Section 15-1-222, MCA, is amended to read:

"15-1-222. Taxpayer bill of rights. The department of revenue shall in the course of performing its duties in the administration and collection of the state's taxes ensure that:

- (1) the taxpayer has the right to record any interview, meeting, or conference with auditors or any other representatives of the department;
- (2) the taxpayer has the right to hire a representative of the taxpayer's choice to represent the taxpayer's interests before the department or any tax appeal board. The taxpayer has a right to obtain a representative at any time, except that the selection of a representative may not be used to unreasonably delay a field audit that is in progress. The representative must have written authorization from the taxpayer to receive from the department confidential information concerning the taxpayer. The department shall provide copies to the authorized representative of all information sent to the taxpayer and shall notify the authorized representative concerning contacts with the taxpayer.
- (3) except as provided in subsection (5), the taxpayer has the right to be treated by the department in

a similar manner as all similarly situated taxpayers regarding the administration and collection of taxes, imposition of penalties and interest, and available taxpayer remedies unless there is a rational basis for the department to distinguish them;

(4) the taxpayer has the right to obtain tax advice from the department. The taxpayer has a right to the waiver of penalties and interest, but not taxes, when the taxpayer has relied on written advice provided to the taxpayer by an employee of the department.

(5) at the discretion of the department, upon consideration of all facts relevant to the specific taxpayer, the taxpayer has the right to pay delinquent taxes, interest, and penalties on an installment basis. This subsection applies only to taxes collected by the department, provided the taxpayer meets reasonable criteria.

(6) the taxpayer has the right to a complete and accurate written description of the basis for any additional tax assessed by the department;

(7) the taxpayer has the right to a review by management level employees of the department for any additional taxes assessed by the department;

(8) the taxpayer has the right to a full explanation of the available procedures for review and appeal of additional tax assessments;

(9) the taxpayer, after the exhaustion of all appropriate administrative remedies, has the right to have the state tax appeal board or a court, or both, review any final decision of the department assessing an additional tax. The taxpayer shall seek a review in a timely manner. A taxpayer is entitled to collect court costs and attorney fees from the department for frivolous or bad faith lawsuits as provided in 25-10-711, and lawsuits pertaining to an appeal of the value of class four residential property in which the taxpayer substantially prevails, as provided in 15-2-306.

(10) the taxpayer has the right to expect that the department will adhere to the same tax appeal deadlines as are required of the taxpayer unless otherwise provided by law;

(11) the taxpayer has the right to a full explanation of the department's authority to collect delinquent taxes, including the procedures and notices that are required to protect the taxpayer;

(12) the taxpayer has the right to have certain property exempt from levy and seizure as provided in Title 25, chapter 13, part 6, and any other applicable provisions in Montana law;

(13) the taxpayer has the right to the immediate release of any lien the department has placed on property when the tax is paid or when the lien is the result of an error by the department;

(14) the taxpayer has the right to assistance from the department in complying with state and local tax laws that the department administers; and

(15) the taxpayer has the right to be guaranteed that an employee of the department is not paid, promoted, or in any way rewarded on the basis of assessments or collections from taxpayers."

Section 2. Section 15-2-201, MCA, is amended to read:

"15-2-201. Powers and duties. (1) It is the duty of the state tax appeal board to:

(a) prescribe rules for the tax appeal boards of the different counties in the performance of their duties and for this purpose may schedule meetings of county tax appeal boards, and it is the duty of all invited county tax appeal board members to attend if possible, and the cost of their attendance must be paid from the appropriation of the state tax appeal board;

(b) grant, at its discretion, whenever good cause is shown and the need for the hearing is not because of taxpayer negligence, permission to a county tax appeal board to meet beyond the normal time period provided for in 15-15-101(4) to hear an appeal;

(c) hear appeals from decisions of the county tax appeal boards and assess attorney fees against the department when a taxpayer substantially prevails on the merits of an appeal of the value of class four residential property, as provided in 15-2-306;

(d) hear appeals from decisions of the department of revenue in regard to business licenses, property assessments, taxes, except determinations that an employer-employee relationship existed between the taxpayer and individuals subjecting the taxpayer to the requirements of chapter 30, part 25, and penalties.

(2) Oaths to witnesses in any investigation by the state tax appeal board may be administered by a member of the board or the member's agent. If a witness does not obey a summons to appear before the board or refuses to testify or answer any material questions or to produce records, books, papers, or documents when required to do so, that failure or refusal must be reported to the attorney general, who shall thereupon institute proceedings in the proper district court to punish the witness for the neglect or refusal. A person who testifies falsely in any material matter under consideration by the board is guilty of perjury and punished accordingly.

Witnesses attending shall receive the same compensation as witnesses in the district court. The compensation must be charged to the proper appropriation for the board.

(3) The state tax appeal board also has the duties of an appeal board relating to other matters as may be provided by law."

Section 3. Section 15-2-303, MCA, is amended to read:

"15-2-303. Judicial review -- costs and attorney fees. (1) Any party to an appeal before the state tax appeal board who is aggrieved by a final decision is entitled to judicial review under this part.

(2) Proceedings for review must be instituted by filing a petition in district court in the county in which the taxable property or some portion of it is located, except the taxpayer has the option to file in the district court of the first judicial district. A petition for judicial review must be filed within 60 days after service of the final decision of the state tax appeal board or, if a rehearing is requested, within 60 days after service of the final decision. Copies of the petition must be promptly served on all parties of record. The department of revenue shall promptly notify the state tax appeal board, in writing, of any judicial review, but failure to do so has no effect on the judicial review. The department of revenue shall, on request, submit to the state tax appeal board a copy of all pleadings and documents.

(3) If the judicial review involves a taxpayer who is seeking a refund of taxes paid under protest, the appealing party shall provide a copy of the petition to the treasurer of the county in which the taxable property or some portion of it is located, but failure to do so has no effect on the judicial review.

(4) Proceedings for review of a decision by the state tax appeal board by a company under the jurisdiction of the public service commission must be instituted in the district court of the first judicial district.

(5) Notwithstanding the provisions of 2-4-704(1), the court may, for good cause shown, permit additional evidence to be introduced.

(6) In addition to costs and attorney fees permitted under 25-10-711, the district court and the supreme court on the appeal of a district court decision shall award costs and reasonable attorney fees as determined by the respective court to a taxpayer that substantially prevails, as defined in 15-2-306(4), on the merits of an appeal of the value of class four residential property. Costs and attorney fees awarded by the district court and the supreme court are limited to cases in which the department appeals a decision of the state

tax appeal board."

Section 4. Section 15-2-306, MCA, is amended to read:

"15-2-306. Board ~~may~~ shall order refund. (1) In any appeal before the state tax appeal board when a taxpayer has paid property taxes or fees under written protest and the taxes or fees are held by the treasurer of a unit of local government in a protest fund, the state tax appeal board shall enter judgment, exclusive of costs, if the board finds that the property taxes or fees should be refunded.

(2) In addition to costs and attorney fees permitted under 25-10-711, the board shall award costs and reasonable attorney fees as determined by the board from the department to a taxpayer that substantially prevails on the merits of an appeal of the value of class four residential property. Costs and attorney fees awarded by the board are limited to cases in which the department appeals a decision of the county tax appeal board.

(2)(3) The state tax appeal board's judgment issued pursuant to ~~subsection~~ subsections (1) and (2) must be held in abeyance:

- (a) until the time period for appeal has passed; or
- (b) if the final decision of the state tax appeal board has been appealed in accordance with 15-2-303.

(4) For the purpose of this section, "substantially prevails" means:

(a) a judgment that results in a reduction in value from the department's appealed value of the taxpayer's property; and

(b) the amount of the reduction provided for in the judgment is greater than 25% of the difference between the value in the department's original appeal from the county tax appeal board proceeding and the value claimed by the taxpayer for the state tax appeal board or court proceeding."

Section 5. Section 15-7-102, MCA, is amended to read:

"15-7-102. Notice of classification, market value, and taxable value to owners -- appeals. (1) (a) Except as provided in 15-7-138, the department shall mail or provide electronically to each owner or purchaser under contract for deed a notice that includes the land classification, market value, and taxable value of the land and improvements owned or being purchased. A notice must be mailed or, with property owner consent,

provided electronically to the owner only if one or more of the following changes pertaining to the land or improvements have been made since the last notice:

- (i) change in ownership;
- (ii) change in classification;
- (iii) change in valuation; or
- (iv) addition or subtraction of personal property affixed to the land.

(b) The notice must include the following for the taxpayer's informational and informal classification and appraisal review purposes:

(i) a notice of the availability of all the property tax assistance programs available to property taxpayers, including the intangible land value assistance program provided for in 15-6-240, the property tax assistance programs provided for in Title 15, chapter 6, part 3, and the residential property tax credit for the elderly provided for in 15-30-2337 through 15-30-2341;

(ii) the total amount of mills levied against the property in the prior year;

(iii) a statement that the notice is not a tax bill; and

(iv) a taxpayer option to request an informal classification and appraisal review by checking a box on the notice and returning it to the department.

(c) When the department uses an appraisal method that values land and improvements as a unit, including the sales comparison approach for residential condominiums or the income approach for commercial property, the notice must contain a combined appraised value of land and improvements.

(d) Any misinformation provided in the information required by subsection (1)(b) does not affect the validity of the notice and may not be used as a basis for a challenge of the legality of the notice.

(2) (a) Except as provided in subsection (2)(c), the department shall assign each classification and appraisal to the correct owner or purchaser under contract for deed and mail or provide electronically the notice in written or electronic form, adopted by the department, containing sufficient information in a comprehensible manner designed to fully inform the taxpayer as to the classification and appraisal of the property and of changes over the prior tax year.

(b) The notice must advise the taxpayer that in order to be eligible for a refund of taxes from an appeal of the classification or appraisal, the taxpayer is required to pay the taxes under protest as provided in

15-1-402.

(c) The department is not required to mail or provide electronically the notice to a new owner or purchaser under contract for deed unless the department has received the realty transfer certificate from the clerk and recorder as provided in 15-7-304 and has processed the certificate before the notices required by subsection (2)(a) are mailed or provided electronically. The department shall notify the county tax appeal board of the date of the mailing or the date when the taxpayer is informed the information is available electronically.

(3) (a) If the owner of any land and improvements is dissatisfied with the appraisal as it reflects the market value of the property as determined by the department or with the classification of the land or improvements, the owner may request an informal classification and appraisal review by submitting an objection on written or electronic forms provided by the department for that purpose or by checking a box on the notice and returning it to the department in a manner prescribed by the department.

(i) For property other than class three property described in 15-6-133, class four property described in 15-6-134, and class ten property described in 15-6-143, the objection must be submitted within 30 days from the date on the notice.

(ii) For class three property described in 15-6-133 and class four property described in 15-6-134, the objection may be made only once each valuation cycle. An objection must be made in writing or by checking a box on the notice within 30 days from the date on the classification and appraisal notice for a reduction in the appraised value to be considered for both years of the 2-year valuation cycle. An objection made more than 30 days from the date of the classification and appraisal notice will be applicable only for the second year of the 2-year valuation cycle. For an objection to apply to the second year of the valuation cycle, the taxpayer must make the objection in writing or by checking a box on the notice no later than June 1 of the second year of the valuation cycle or, if a classification and appraisal notice is received in the second year of the valuation cycle, within 30 days from the date on the notice.

(iii) For class ten property described in 15-6-143, the objection may be made at any time but only once each valuation cycle. An objection must be made in writing or by checking a box on the notice within 30 days from the date on the classification and appraisal notice for a reduction in the appraised value to be considered for all years of the 6-year appraisal cycle. An objection made more than 30 days after the date of the classification and appraisal notice applies only for the subsequent remaining years of the 6-year reappraisal

cycle. For an objection to apply to any subsequent year of the valuation cycle, the taxpayer must make the objection in writing or by checking a box on the notice no later than June 1 of the year for which the value is being appealed or, if a classification and appraisal notice is received after the first year of the valuation cycle, within 30 days from the date on the notice.

(b) If the objection relates to residential or commercial property and the objector agrees to the confidentiality requirements, the department shall provide to the objector, by posted mail or electronically, within 8 weeks of submission of the objection, the following information:

(i) the methodology and sources of data used by the department in the valuation of the property; and
(ii) if the department uses a blend of evaluations developed from various sources, the reasons that the methodology was used.

(c) At the request of the objector or a representative of the objector, and only if the objector or representative signs a written or electronic confidentiality agreement, the department shall provide in written or electronic form:

(i) comparable sales data used by the department to value the property; ~~and~~
(ii) sales data used by the department to value residential property in the property taxpayer's market model area; and

(iii) if the cost approach was used by the department to value residential property, the documentation required in 15-8-111(3) regarding why the comparable sales approach was not reliable.

(d) For properties valued using the income approach as one approximation of market value, notice must be provided that the taxpayer will be given a form to acknowledge confidentiality requirements for the receipt of all aggregate model output that the department used in the valuation model for the property.

(e) The review must be conducted informally and is not subject to the contested case procedures of the Montana Administrative Procedure Act. As a part of the review, the department may consider the actual selling price of the property and other relevant information presented by the taxpayer in support of the taxpayer's opinion as to the market value of the property. The department shall consider an independent appraisal provided by the taxpayer if the appraisal meets standards set by the Montana board of real estate appraisers and the appraisal was completed within 6 months of the valuation date pursuant to 15-8-201. If the department does not use the appraisal provided by the taxpayer in conducting the appeal, the department must

provide to the taxpayer the reason for not using the appraisal. The department shall give reasonable notice to the taxpayer of the time and place of the review.

(f) After the review, the department shall determine the correct appraisal and classification of the land or improvements and notify the taxpayer of its determination by mail or electronically. The department may not determine an appraised value that is higher than the value that was the subject of the objection unless the reason for an increase was the result of a physical change in the property or caused by an error in the description of the property or data available for the property that is kept by the department and used for calculating the appraised value. In the notification, the department shall state its reasons for revising the classification or appraisal. When the proper appraisal and classification have been determined, the land must be classified and the improvements appraised in the manner ordered by the department.

(4) Whether a review as provided in subsection (3) is held or not, the department may not adjust an appraisal or classification upon the taxpayer's objection unless:

(a) the taxpayer has submitted an objection on written or electronic forms provided by the department or by checking a box on the notice; and

(b) the department has provided to the objector by mail or electronically its stated reason in writing for making the adjustment.

(5) A taxpayer's written objection or objection made by checking a box on the notice and supplemental information provided by a taxpayer that elects to check a box on the notice to a classification or appraisal and the department's notification to the taxpayer of its determination and the reason for that determination are public records. The department shall make the records available for inspection during regular office hours.

(6) If a property owner feels aggrieved by the classification or appraisal made by the department after the review provided for in subsection (3), the property owner has the right to first appeal to the county tax appeal board and then to the state tax appeal board, whose findings are final subject to the right of review in the courts. The appeal to the county tax appeal board, pursuant to 15-15-102, must be filed within 30 days from the date on the notice of the department's determination. A county tax appeal board or the state tax appeal board may consider the actual selling price of the property, independent appraisals of the property, and other relevant information presented by the taxpayer as evidence of the market value of the property. If the county tax

appeal board or the state tax appeal board determines that an adjustment should be made, the department shall adjust the base value of the property in accordance with the board's order."

Section 6. Section 15-7-139, MCA, is amended to read:

"15-7-139. Requirements for entry on property by property valuation staff employed by department -- authority to estimate value of property not entered -- rules. (1) Subject to the conditions and restriction of this section, the provisions of 45-6-203 do not apply to property valuation staff employed by the department and acting within the course and scope of the employees' official duties.

(2) A person qualified under subsection (1) may enter private land to appraise or audit property for property tax purposes.

(3) (a) No later than November 30 of each year, the department shall publish in a newspaper of general circulation in each county a notice that the department may enter property for the purpose of appraising or auditing property.

(b) The published notice must indicate:

(i) that a landowner may require that the landowner or the landowner's agent be present when the person qualified in subsection (1) enters the land to appraise or audit property;

(ii) that the landowner shall notify the department in writing of the landowner's requirement that the landowner or landowner's agent be present; and

(iii) that the landowner's written notice must be mailed to the department at an address specified and be postmarked not more than 30 days following the date of publication of the notice. The department may grant a reasonable extension of time for returning the written notice.

(4) The written notice described in subsection (3)(b)(ii) must be legible and include:

(a) the landowner's full name;

(b) the mailing address and property address; and

(c) a telephone number at which an appraiser may contact the landowner during normal business hours.

(5) When the department receives a written notice as described in subsection (4), the department shall contact the landowner or the landowner's agent to establish a date and time for entering the land to

appraise or audit the property.

(6) If a landowner or the landowner's agent prevents a person qualified under subsection (1) from entering land to appraise or audit property or fails or refuses to establish a date and time for entering the land pursuant to subsection (5), the department shall estimate the value of the real and personal property located on the land.

(7) ~~A(a)~~ Subject to subsection (7)(b), a county tax appeal board and the state tax appeal board may not adjust the estimated value of the real or personal property determined under subsection (6) unless the landowner or the landowner's agent:

~~(a)(i)~~ gives permission to the department to enter the land to appraise or audit the property; or

~~(b)(ii)~~ provides to the department and files with the county tax appeal board or the state tax appeal board an appraisal of the property conducted by an appraiser who is certified by the Montana board of real estate appraisers. The appraisal must be conducted in accordance with current uniform standards of professional appraisal practice established for certified real estate appraisers under 37-54-403. The appraisal must be conducted within 1 year of the reappraisal valuation date provided for in 15-7-103(6) and must establish a separate market value for each improvement and the land.

(b) A county tax appeal board and the state tax appeal board may not use a denial of permission to enter into improvements, personal property, buildings, or structures as a basis to not adjust the estimated value of the real or personal property when permission is limited to entering the land and conducting an exterior inspection of the improvements, personal property, buildings, or structures.

(8) A person qualified under subsection (1) who enters land pursuant to this section shall carry on the person identification sufficient to identify the person and the person's employer and shall present the identification upon request.

(9) The authority granted by this section does not authorize entry into improvements, personal property, or buildings or structures without the permission of the owner or the owner's agent.

(10) Vehicular access to perform appraisals and audits is limited to established roads and trails, unless approval for other vehicular access is granted by the landowner.

(11) The department shall adopt rules that are necessary to implement 15-7-140 and this section. The rules must, at a minimum, establish procedures for granting a reasonable extension of time for landowners to

respond to notices from the department."

Section 7. Section 15-8-111, MCA, is amended to read:

"15-8-111. Appraisal -- market value standard -- exceptions. (1) All taxable property must be appraised at 100% of its market value except as otherwise provided.

(2) (a) Market value is the value at which property would change hands between a willing buyer and a willing seller, neither being under any compulsion to buy or to sell and both having reasonable knowledge of relevant facts.

(b) If the department uses the cost approach as one approximation of market value, the department shall fully consider reduction in value caused by depreciation, whether through physical depreciation, functional obsolescence, or economic obsolescence.

(c) If the department uses the income approach as one approximation of market value and sufficient, relevant information on comparable sales and construction cost exists, the department shall rely upon the two methods that provide a similar market value as the better indicators of market value.

(d) Except as provided in subsection (4), the market value of special mobile equipment and agricultural tools, implements, and machinery is the average wholesale value shown in national appraisal guides and manuals or the value before reconditioning and profit margin. The department shall prepare valuation schedules showing the average wholesale value when a national appraisal guide does not exist.

(3) (a) In valuing class four residential and commercial property described in 15-6-134, the department shall conduct the appraisal following the appropriate uniform standards of professional appraisal practice for mass appraisal promulgated by the appraisal standards board of the appraisal foundation. In valuing the property, the department shall use information available from any source considered reliable. Comparable properties used for valuation must represent similar properties within an acceptable proximity of the property being valued. The department shall use the same valuation method to value residential properties in the same neighborhood or subdivision unless there is a compelling reason to use a different approach.

(b) When valuing residential property under the cost approach, the department shall document why the comparable sales model does not support usage of the comparable sales approach, including an analysis of whether the cost approach is used for other class four residential property in the market area.

(4) The department may not adopt a lower or different standard of value from market value in making the official assessment and appraisal of the value of property, except:

(a) the market value for agricultural implements and machinery is the average wholesale value category as provided in published national agricultural and implement valuation guides. The valuation guide must provide average wholesale values specific to the state of Montana or a region that includes the state of Montana. The department shall adopt by rule the valuation guides used as provided in this subsection (4)(a). If the average wholesale value category is unavailable, the department shall use a comparable wholesale value category.

(b) for agricultural implements and machinery not listed in an official guide, the department shall prepare a supplemental manual in which the values reflect the same depreciation as those found in the official guide;

(c) (i) for condominium property, the department shall establish the value as provided in subsection (5); and

(ii) for a townhome or townhouse, as defined in 70-23-102, the department shall determine the value in a manner established by the department by rule; and

(d) as otherwise authorized in Titles 15 and 61.

(5) (a) Subject to subsection (5)(c), if sufficient, relevant information on comparable sales is available, the department shall use the sales comparison approach to appraise residential condominium units. Because the undivided interest in common elements is included in the sales price of the condominium units, the department is not required to separately allocate the value of the common elements to the individual units being valued.

(b) Subject to subsection (5)(c), if sufficient, relevant information on income is made available to the department, the department shall use the income approach to appraise commercial condominium units. Because the undivided interest in common elements contributes directly to the income-producing capability of the individual units, the department is not required to separately allocate the value of the common elements to the individual units being valued.

(c) If sufficient, relevant information on comparable sales is not available for residential condominium units or if sufficient, relevant information on income is not made available for commercial condominium units,

the department shall value condominiums using the cost approach. When using the cost approach, the department shall determine the value of the entire condominium project and allocate a percentage of the total value to each individual unit. The allocation is equal to the percentage of undivided interest in the common elements for the unit as expressed in the declaration made pursuant to 70-23-403, regardless of whether the percentage expressed in the declaration conforms to market value.

(6) For purposes of taxation, assessed value is the same as appraised value.

(7) The taxable value for all property is the market value multiplied by the tax rate for each class of property.

(8) The market value of properties in 15-6-131 through 15-6-134, 15-6-143, and 15-6-145 is as follows:

(a) Properties in 15-6-131, under class one, are assessed at 100% of the annual net proceeds after deducting the expenses specified and allowed by 15-23-503 or, if applicable, as provided in 15-23-515, 15-23-516, 15-23-517, or 15-23-518.

(b) Properties in 15-6-132, under class two, are assessed at 100% of the annual gross proceeds.

(c) Properties in 15-6-133, under class three, are assessed at 100% of the productive capacity of the lands when valued for agricultural purposes. All lands that meet the qualifications of 15-7-202 are valued as agricultural lands for tax purposes.

(d) Properties in 15-6-134, under class four, are assessed at 100% of market value.

(e) Properties in 15-6-143, under class ten, are assessed at 100% of the forest productivity value of the land when valued as forest land.

(f) Railroad transportation properties in 15-6-145 are assessed based on the valuation formula described in 15-23-205.

(9) Land and the improvements on the land are separately assessed when any of the following conditions occur:

(a) ownership of the improvements is different from ownership of the land;

(b) the taxpayer makes a written request; or

(c) the land is outside an incorporated city or town.

(10) For the purpose of this section, the term "compelling reason" includes but is not limited to:

- (a) there are no comparable sales in the neighborhood or subdivision;
- (b) the comparable sales model prepared by the department shows that the subject property cannot be valued using the market sales approach; or
- (c) other residential properties in the same neighborhood or subdivision are also valued using the cost approach and not the market sales approach."

Section 8. Applicability. [This act] applies to state tax appeal board proceedings filed after [the effective date of this act] and to appraisals performed by the department of revenue after [the effective date of this act].
