BEARD, W. GALT, J. KASSMIER, T. WELCH

A BILL FOR AN ACT ENTITLED: "AN ACT GENERALLY REVISING APPORTIONMENT OF INCOME FOR PURPOSES OF MONTANA'S CORPORATE INCOME TAX; ADOPTING A DOUBLE-WEIGHTED SALES FACTOR APPORTIONMENT MODEL; AMENDING SECTION 15-1-601, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND AN APPLICABILITY DATE."

- (2) promote uniformity or compatibility in significant components of tax systems;

- 7 (5) "capital stock tax" means a tax measured in any way by the capital of a corporation considered in
8 its entirety;
- 9 (6) "gross receipts tax" means a tax, other than a sales tax, which is imposed on or measured by the
10 gross volume of business, in terms of gross receipts or in other terms, and in the determination of which no
11 deduction is allowed which would constitute the tax an income tax;
- 12 (7) "sales tax" means a tax imposed with respect to the transfer for a consideration of ownership,

14 tangible personal property transferred or services rendered and which is required by state or local law to be

27 in respect to determinations pursuant to Article IV.

28 Article III. Elements Of Income Tax Laws

1 Taxpayer Option, State and Local Taxes

2 (1) Any taxpayer subject to an income tax whose income is subject to apportionment and allocation
3 for tax purposes pursuant to the laws of a party state or pursuant to the laws of subdivisions in two or more
4 party states may elect to apportion and allocate the taxpayer's income in the manner provided by the laws of
5 such state or by the laws of such states and subdivisions without reference to this compact or may elect to
6 apportion and allocate in accordance with Article IV. This election for any tax year may be made in all party
7 states or subdivisions thereof or in any one or more of the party states or subdivisions thereof without reference
8 to the election made in the others. For the purposes of this subsection, taxes imposed by subdivisions shall be
9 considered separately from state taxes and the apportionment and allocation also may be applied to the entire
10 tax base. In no instance wherein Article IV is employed for all subdivisions of a state may the sum of all
11 apportionments and allocations to subdivisions within a state be greater than the apportionment and allocation
12 that would be assignable to that state if the apportionment or allocation were being made with respect to a state
13 income tax.

14 Taxpayer Option, Short Form

15 (2) Each party state or any subdivision thereof which imposes an income tax shall provide by law that
16 any taxpayer required to file a return whose only activities within the taxing jurisdiction consist of sales and do
17 not include owning or renting real estate or tangible personal property and whose dollar volume of gross sales
18 made during the tax year within the state or subdivision, as the case may be, is not in excess of \$100,000 may
19 elect to report and pay any tax due on the basis of a percentage of such volume and shall adopt rates which
20 shall produce a tax which reasonably approximates the tax otherwise due. The multistate tax commission, not
21 more than once in 5 years, may adjust the \$100,000 figure in order to reflect such changes as may occur in the
22 real value of the dollar, and such adjusted figure, upon adoption by the commission, shall replace the \$100,000
23 figure specifically provided herein. Each party state and subdivision thereof may make the same election
24 available to taxpayers additional to those specified in this subsection.

25 Coverage

26 (3) Nothing in this article relates to the reporting or payment of any tax other than an income tax.

27 Article IV. Division Of Income

28 (1) As used in this article, unless the context otherwise requires:

1 (a) "apportionable income" means:

2 (i) all income that is apportionable under the Constitution of the United States and is not allocated
3 under the laws of this state, including:

4 (A) income arising from transactions and activity in the regular course of the taxpayer's trade or
5 business, and

6 (B) income arising from tangible and intangible property if the acquisition, management, employment,
7 development, or disposition of the property is or was related to the operation of the taxpayer's trade or
8 business; and

9 (ii) any income that would be allocable to this state under the Constitution of the United States but that
10 is apportioned rather than allocated pursuant to the laws of this state;

11 (b) "commercial domicile" means the principal place from which the trade or business of the taxpayer
12 is directed or managed;

13 (c) "compensation" means wages, salaries, commissions, and any other form of remuneration paid to
14 employees for personal services;

15 (d) "financial organization" means any bank, trust company, savings bank, industrial bank, land bank,
16 safe deposit company, private banker, savings and loan association, credit union, cooperative bank, small loan
17 company, sales finance company, investment company, or any type of insurance company;

18 (e) "nonapportionable income" means all income other than apportionable income;

19 (f) "public utility" means any business entity:

20 (i) which owns or operates any plant, equipment, property, franchise, or license for the transmission of
21 communications, transportation of goods or persons, except by pipeline, or the production, transmission, sale,
22 delivery, or furnishing of electricity, water, or steam; and

23 (ii) whose rates of charges for goods or services have been established or approved by a federal,
24 state, or local government or governmental agency;

25 (g) "receipts" means all gross receipts of the taxpayer that are not allocated under paragraphs of this
26 article and that are received from transactions and activity in the regular course of the taxpayer's trade or
27 business, except that receipts of a taxpayer from hedging transactions and from the maturity, redemption, sale,
28 exchange, loan, or other disposition of cash or securities shall be excluded;

1 (h) "state" means any state of the United States, the District of Columbia, the Commonwealth of
2 Puerto Rico, any territory or possession of the United States, and any foreign country or political subdivision
3 thereof;

4 (i) "this state" means the state in which the relevant tax return is filed or, in the case of application of
5 this article to the apportionment and allocation of income for local tax purposes, the subdivision or local taxing
6 district in which the relevant tax return is filed.

7 (2) Any taxpayer having income from business activity which is taxable both within and without this
8 state, other than activity as a financial organization or public utility or the rendering of purely personal services
9 by an individual, shall allocate and apportion the taxpayer's net income as provided in this article. If a taxpayer
10 has income from business activity as a public utility but derives the greater percentage of the taxpayer's income
11 from activities subject to this article, the taxpayer may elect to allocate and apportion the taxpayer's entire net
12 income as provided in this article.

13 (3) For purposes of allocation and apportionment of income under this article, a taxpayer is taxable in
14 another state if:

15 (a) in that state the taxpayer is subject to a net income tax, a franchise tax measured by net income, a
16 franchise tax for the privilege of doing business, or a corporate stock tax; or

17 (b) that state has jurisdiction to subject the taxpayer to a net income tax regardless of whether, in fact,
18 the state does or does not do so.

19 (4) Rents and royalties from real or tangible personal property, capital gains, interest, dividends, or
20 patent or copyright royalties, to the extent that they constitute nonapportionable income, shall be allocated as
21 provided in subsections (5) through (8) of this article.

22 (5) (a) Net rents and royalties from real property located in this state are allocable to this state.

23 (b) Net rents and royalties from tangible personal property are allocable to this state:

24 (i) if and to the extent that the property is utilized in this state; or

25 (ii) in their entirety if the taxpayer's commercial domicile is in this state and the taxpayer is not
26 organized under the laws of or taxable in the state in which the property is utilized.

27 (c) The extent of utilization of tangible personal property in a state is determined by multiplying the
28 rents and royalties by a fraction, the numerator of which is the number of days of physical location of the

1 property in the state during the rental or royalty period in the taxable year and the denominator of which is the
2 number of days of physical location of the property everywhere during all rental or royalty periods in the taxable
3 year. If the physical location of the property during the rental or royalty period is unknown or unascertainable by
4 the taxpayer, tangible personal property is utilized in the state in which the property was located at the time the
5 rental or royalty payer obtained possession.

6 (6) (a) Capital gains and losses from sales of real property located in this state are allocable to this
7 state.

8 (b) Capital gains and losses from sales of tangible personal property are allocable to this state if:

9 (i) the property had a situs in this state at the time of the sale; or

10 (ii) the taxpayer's commercial domicile is in this state and the taxpayer is not taxable in the state in
11 which the property had a situs.

12 (c) Capital gains and losses from sales of intangible personal property are allocable to this state if the
13 taxpayer's commercial domicile is in this state.

14 (7) Interest and dividends are allocable to this state if the taxpayer's commercial domicile is in this
15 state.

16 (8) (a) Patent and copyright royalties are allocable to this state:

17 (i) if and to the extent that the patent or copyright is utilized by the payer in this state; or

18 (ii) if and to the extent that the patent or copyright is utilized by the payer in a state in which the
19 taxpayer is not taxable and the taxpayer's commercial domicile is in this state.

20 (b) A patent is utilized in a state to the extent that it is employed in production, fabrication,
21 manufacturing, or other processing in the state or to the extent that a patented product is produced in the state.
22 If the basis of receipts from patent royalties does not permit allocation to states or if the accounting procedures
23 do not reflect states of utilization, the patent is utilized in the state in which the taxpayer's commercial domicile
24 is located.

25 (c) A copyright is utilized in a state to the extent that printing or other publication originates in the
26 state. If the basis of receipts from copyright royalties does not permit allocation to states or if the accounting
27 procedures do not reflect states of utilization, the copyright is utilized in the state in which the taxpayer's
28 commercial domicile is located.

1 (9) All apportionable income shall be apportioned to this state by multiplying the income by a fraction,
2 the numerator of which is the property factor plus the payroll factor plus two times the receipts factor and the
3 denominator of which is 3.4.

4 (10) The property factor is a fraction, the numerator of which is the average value of the taxpayer's real
5 and tangible personal property owned or rented and used in this state during the tax period and the
6 denominator of which is the average value of all the taxpayer's real and tangible personal property owned or
7 rented and used during the tax period.

8 (11) Property owned by the taxpayer is valued at its original cost. Property rented by the taxpayer is
9 valued at eight times the net annual rental rate. Net annual rental rate is the annual rental rate paid by the
10 taxpayer less any annual rental rate received by the taxpayer from subrentals.

11 (12) The average value of property shall be determined by averaging the values at the beginning and
12 ending of the tax period, but the tax administrator may require the averaging of monthly values during the tax
13 period if reasonably required to reflect properly the average value of the taxpayer's property.

14 (13) The payroll factor is a fraction, the numerator of which is the total amount paid in this state during
15 the tax period by the taxpayer for compensation and the denominator of which is the total compensation paid
16 everywhere during the tax period.

17 (14) Compensation is paid in this state if:

18 (a) the individual's service is performed entirely within the state;

19 (b) the individual's service is performed both within and without the state, but the service performed
20 without the state is incidental to the individual's service within the state; or

21 (c) some of the service is performed in the state and:

22 (i) the base of operations or, if there is no base of operations, the place from which the service is
23 directed or controlled is in the state; or

24 (ii) the base of operations or the place from which the service is directed or controlled is not in any
25 state in which some part of the service is performed, but the individual's residence is in this state.

26 (15) The receipts factor is a fraction, the numerator of which is the total receipts of the taxpayer in this
27 state during the tax period and the denominator of which is the total receipts of the taxpayer everywhere during
28 the tax period.

1 (16) Receipts from the sale of tangible personal property are in this state if:

2 (a) the property is delivered or shipped to a purchaser, other than the United States government,
3 within this state regardless of the f.o.b. point or other conditions of the sale; or

4 (b) the property is shipped from an office, store, warehouse, factory, or other place of storage in this
5 state and:

6 (i) the purchaser is the United States government; or

7 (ii) the taxpayer is not taxable in the state of the purchaser.

8 (17) (a) Receipts, other than receipts described in subsection (16), are in this state if the taxpayer's
9 market for the sales is in this state. The taxpayer's market for sales is in this state:

10 (i) in the case of sale, rental, lease, or license of real property, if and to the extent the property is
11 located in this state;

12 (ii) in the case of rental, lease, or license of tangible personal property, if and to the extent the property
13 is located in this state;

14 (iii) in the case of sale of a service, if and to the extent the service is delivered to a location in this
15 state; and

16 (iv) in the case of intangible property:

17 (A) that is rented, leased, or licensed, if and to the extent the property is used in this state, provided
18 that intangible property utilized in marketing a good or service to a consumer is "used in this state" if that good
19 or service is purchased by a consumer who is in this state; and

20 (B) that is sold, if and to the extent the property is used in this state, provided that:

21 (I) a contract right, government license, or similar intangible property that authorizes the holder to
22 conduct a business activity in a specific geographic area is "used in this state" if the geographic area includes
23 all or part of this state;

24 (II) receipts from intangible property sales that are contingent on the productivity, use, or disposition of
25 the intangible property shall be treated as receipts from the rental, lease, or licensing of such intangible
26 property under subsection (17)(a)(iv)(A); and

27 (III) all other receipts from a sale of intangible property shall be excluded from the numerator and
28 denominator of the receipts factor.

1 (b) If the state or states of assignment under subsection (17)(a) cannot be determined, the state or
2 states of assignment shall be reasonably approximated.

3 (c) If the taxpayer is not taxable in a state to which a receipt is assigned under subsection (17)(a) or
4 (17)(b), or if the state of assignment cannot be determined under subsection (17)(a) or reasonably
5 approximated under subsection (17)(b), such receipt shall be excluded from the denominator of the receipts
6 factor.

7 (d) The tax administrator may prescribe regulations as necessary or appropriate to carry out the
8 purposes of this section.

9 (18) (a) If the allocation and apportionment provisions of this article do not fairly represent the extent
10 of the taxpayer's business activity in this state, the taxpayer may petition for or the tax administrator may
11 require, in respect to all or any part of the taxpayer's business activity, if reasonable:

12 (i) separate accounting;

13 (ii) the exclusion of any one or more of the factors;

14 (iii) the inclusion of one or more additional factors which will fairly represent the taxpayer's business
15 activity in this state; or

16 (iv) the employment of any other method to effectuate an equitable allocation and apportionment of the
17 taxpayer's income.

18 (b) (i) If the allocation and apportionment provisions of this article do not fairly represent the extent of
19 business activity in this state of taxpayers engaged in a particular industry or in a particular transaction or
20 activity, the tax administrator may, in addition to the authority provided in section (18)(a), establish appropriate
21 rules or regulations for determining alternative allocation and apportionment methods for such taxpayers.

22 (ii) A regulation adopted pursuant to this section shall be applied uniformly, except that with respect to
23 any taxpayer to whom such regulation applies, the taxpayer may petition for, or the tax administrator may
24 require, adjustment pursuant to subsection (18)(a).

25 (c) (i) The party petitioning for, or the tax administrator requiring, the use of any method to effectuate
26 an equitable allocation and apportionment of the taxpayer's income pursuant to subsection (18)(a) must prove
27 by a preponderance of the evidence:

28 (A) that the allocation and apportionment provisions of this Article do not fairly represent the extent of

1 the taxpayer's business activity in this state; and

2 (B) that the alternative to such provisions is reasonable.

3 (ii) The same burden of proof shall apply whether the taxpayer is petitioning for, or the tax
4 administrator is requiring, the use of any reasonable method to effectuate an equitable allocation and
5 apportionment of the taxpayer's income. Notwithstanding the previous sentence, if the tax administrator can
6 show that in any two of the prior five tax years, the taxpayer had used an allocation or apportionment method at
7 variance with its allocation or apportionment method or methods used for such other tax years, then the tax
8 administrator shall not bear the burden of proof in imposing a different method pursuant to (18)(a).

9 (d) If the tax administrator requires any method to effectuate an equitable allocation and
10 apportionment of the taxpayer's income, the tax administrator cannot impose any civil or criminal penalty with
11 reference to the tax due that is attributable to the taxpayer's reasonable reliance solely on the allocation and
12 apportionment provisions of this article.

13 (e) A taxpayer that has received written permission from the tax administrator to use a reasonable
14 method to effectuate an equitable allocation and apportionment of the taxpayer's income shall not have that
15 permission revoked with respect to transactions and activities that have already occurred unless there has been
16 a material change in, or a material misrepresentation of, the facts provided by the taxpayer upon which the tax
17 administrator reasonably relied.

18 Article V. Elements Of Sales And Use Tax Laws

19 Tax Credit

20 (1) Each purchaser liable for a use tax on tangible personal property shall be entitled to full credit for
21 the combined amount or amounts of legally imposed sales or use taxes paid by the purchaser with respect to
22 the same property to another state and any subdivision thereof. The credit shall be applied first against the
23 amount of any use tax due the state, and any unused portion of the credit shall then be applied against the
24 amount of any use tax due a subdivision.

25 Exemption Certificates -- Vendors May Rely

26 (2) Whenever a vendor receives and accepts in good faith from a purchaser a resale or other
27 exemption certificate or other written evidence of exemption authorized by the appropriate state or subdivision
28 taxing authority, the vendor shall be relieved of liability for a sales or use tax with respect to the transaction.

1 Article VI. The Commission
2 Organization and Management

3 (1) (a) The Multistate Tax Commission is hereby established. It shall be composed of one member
4 from each party state who shall be the head of the state agency charged with the administration of the types of
5 taxes to which this compact applies. If there is more than one such agency, the state shall provide by law for
6 the selection of the commission member from the heads of the relevant agencies. State law may provide that a
7 member of the commission be represented by an alternate, but only if there is on file with the commission
8 written notification of the designation and identity of the alternate. The attorney general of each party state or
9 the attorney general's designee or other counsel if the laws of the party state specifically provide, shall be
10 entitled to attend the meetings of the commission but shall not vote. Such attorneys general, designees, or
11 other counsel shall receive all notices of meetings required under subsection (1)(e) of this article.

12 (b) Each party state shall provide by law for the selection of representatives from its subdivisions
13 affected by this compact to consult with the commission member from that state.

14 (c) Each member shall be entitled to one vote. The commission shall not act unless a majority of the
15 members are present, and no action shall be binding unless approved by a majority of the total number of
16 members.

17 (d) The commission shall adopt an official seal to be used as it may provide.

18 (e) The commission shall hold an annual meeting and such other regular meetings as its bylaws may
19 provide and such special meetings as its executive committee may determine. The commission bylaws shall
20 specify the dates of the annual and any other regular meetings and shall provide for the giving of notice of
21 annual, regular, and special meetings. Notice of special meetings shall include the reasons therefor and an
22 agenda of the items to be considered.

23 (f) The commission shall elect annually, from among its members, a presiding officer, a vice presiding
24 officer, and a treasurer. The commission shall appoint an executive director who shall serve at its pleasure, and
25 it shall fix the executive director's duties and compensation. The executive director shall be secretary of the
26 commission. The commission shall make provision for the bonding of such of its officers and employees as it
27 may deem appropriate.

28 (g) Irrespective of the civil service, personnel, or other merit system laws of any party state, the

1 executive director shall appoint or discharge such personnel as may be necessary for the performance of the
2 functions of the commission and shall fix their duties and compensation. The commission bylaws shall provide
3 for personnel policies and programs.

4 (h) The commission may borrow, accept, or contract for the services of personnel from any state, the
5 United States, or any other governmental entity.

6 (i) The commission may accept for any of its purposes and functions any and all donations and grants
7 of money, equipment, supplies, materials, and services, conditional or otherwise, from any governmental entity
8 and may utilize and dispose of the same.

9 (j) The commission may establish one or more offices for the transacting of its business.

10 (k) The commission shall adopt bylaws for the conduct of its business. The commission shall publish
11 its bylaws in convenient form and shall file a copy of the bylaws and any amendments thereto with the
12 appropriate agency or officer in each of the party states.

13 (l) The commission annually shall make to the governor and legislature of each party state a report
14 covering its activities for the preceding year. Any donation or grant accepted by the commission or services
15 borrowed shall be reported in the annual report of the commission and shall include the nature, amount, and
16 conditions, if any, of the donation, gift, grant, or services borrowed and the identity of the donor or lender. The
17 commission may make additional reports as it may deem desirable.

18 Committees

19 (2) (a) To assist in the conduct of its business when the full commission is not meeting, the
20 commission shall have an executive committee of seven members, including the presiding officer, vice
21 presiding officer, treasurer, and four other members elected annually by the commission. The executive
22 committee, subject to the provisions of this compact and consistent with the policies of the commission, shall
23 function as provided in the bylaws of the commission.

24 (b) The commission may establish advisory and technical committees, membership on which may
25 include private persons and public officials, in furthering any of its activities. Such committees may consider any
26 matter of concern to the commission, including problems of special interest to any party state and problems
27 dealing with particular types of taxes.

28 (c) The commission may establish such additional committees as its bylaws may provide.

1 Powers

2 (3) In addition to powers conferred elsewhere in this compact, the commission shall have power to:

3 (a) study state and local tax systems and particular types of state and local taxes;

4 (b) develop and recommend proposals for an increase in uniformity or compatibility of state and local
5 tax laws with a view toward encouraging the simplification and improvement of state and local tax law and
6 administration;

7 (c) compile and publish information as in its judgment would assist the party states in implementation
8 of the compact and taxpayers in complying with state and local tax laws;

9 (d) do all things necessary and incidental to the administration of its functions pursuant to this
10 compact.

11 Finance

12 (4) (a) The commission shall submit to the governor or designated officer or officers of each party
13 state a budget of its estimated expenditures for such period as may be required by the laws of that state for
14 presentation to the legislature thereof.

15 (b) Each of the commission's budgets of estimated expenditures shall contain specific
16 recommendations of the amounts to be appropriated by each of the party states. The total amount of
17 appropriations requested under any such budget shall be apportioned among the party states as follows: one-
18 tenth in equal shares and the remainder in proportion to the amount of revenue collected by each party state
19 and its subdivisions from income taxes, capital stock taxes, gross receipts taxes, sales and use taxes. In
20 determining such amounts, the commission shall employ such available public sources of information as, in its
21 judgment, present the most equitable and accurate comparisons among the party states. Each of the
22 commission's budgets of estimated expenditures and requests for appropriations shall indicate the sources
23 used in obtaining information employed in applying the formula contained in this subsection.

24 (c) The commission shall not pledge the credit of any party state. The commission may meet any of
25 its obligations in whole or in part with funds available to it under subsection (1)(i) of this article, provided that the
26 commission takes specific action setting aside such funds prior to incurring any obligation to be met in whole or
27 in part in such manner. Except where the commission makes use of funds available to it under subsection (1)(i),
28 the commission shall not incur any obligation prior to the allotment of funds by the party states adequate to

1 meet the same.

2 (d) The commission shall keep accurate accounts of all receipts and disbursements. The receipts and
3 disbursements of the commission shall be subject to the audit and accounting procedures established under its
4 bylaws. All receipts and disbursements of funds handled by the commission shall be audited yearly by a
5 certified or licensed public accountant, and the report of the audit shall be included in and become part of the
6 annual report of the commission.

7 (e) The accounts of the commission shall be open at any reasonable time for inspection by duly
8 constituted officers of the party states and by any person authorized by the commission.

9 (f) Nothing contained in this article shall be construed to prevent commission compliance with laws
10 relating to audit or inspection of accounts by or on behalf of any government contributing to the support of the
11 commission.

12 Article VII. Uniform Regulations And Forms

13 (1) Whenever any two or more party states or subdivisions of party states have uniform or similar
14 provisions of law relating to an income tax, capital stock tax, gross receipts tax, sales or use tax, the
15 commission may adopt uniform regulations for any phase of the administration of such law, including assertion
16 of jurisdiction to tax or prescribing uniform tax forms. The commission may also act with respect to the
17 provisions of Article IV of this compact.

18 (2) Prior to the adoption of any regulation, the commission shall:

19 (a) as provided in its bylaws, hold at least one public hearing on due notice to all affected party states
20 and subdivisions thereof and to all taxpayers and other persons who have made timely request of the
21 commission for advance notice of its regulation-making proceedings;

22 (b) afford all affected party states and subdivisions and interested persons an opportunity to submit
23 relevant written data and views, which shall be considered fully by the commission.

24 (3) The commission shall submit any regulations adopted by it to the appropriate officials of all party
25 states and subdivisions to which they might apply. Each such state and subdivision shall consider any such
26 regulation for adoption in accordance with its own laws and procedures.

27 Article VIII. Interstate Audits

28 (1) This article shall be in force only in those party states that specifically provide therefor by statute.

1 (2) Any party state or subdivision thereof desiring to make or participate in an audit of any accounts,
2 books, papers, records, or other documents may request the commission to perform the audit on its behalf. In
3 responding to the request, the commission shall have access to and may examine, at any reasonable time,
4 such accounts, books, papers, records, and other documents and any relevant property or stock of
5 merchandise. The commission may enter into agreements with party states or their subdivisions for assistance
6 in performance of the audit. The commission shall make charges, to be paid by the state or local government or
7 governments for which it performs the service, for any audits performed by it in order to reimburse itself for the
8 actual costs incurred in making the audit.

9 (3) The commission may require the attendance of any person within the state where it is conducting
10 an audit or part thereof at a time and place fixed by it within such state for the purpose of giving testimony with
11 respect to any account, book, paper, document, other record, property, or stock of merchandise being
12 examined in connection with the audit. If the person is not within the jurisdiction, the person may be required to
13 attend for such purpose at any time and place fixed by the commission within the state of which the person is a
14 resident, provided that such state has adopted this article.

15 (4) The commission may apply to any court having power to issue compulsory process for orders in
16 aid of its powers and responsibilities pursuant to this article, and any and all such courts shall have jurisdiction
17 to issue such orders. Failure of any person to obey any such order shall be punishable as contempt of the
18 issuing court. If the party or subject matter on account of which the commission seeks an order is within the
19 jurisdiction of the court to which application is made, such application may be to a court in the state or
20 subdivision on behalf of which the audit is being made or a court in the state in which the object of the order
21 being sought is situated. The provisions of this subsection apply only to courts in a state that has adopted this
22 article.

23 (5) The commission may decline to perform any audit requested if it finds that its available personnel
24 or other resources are insufficient for the purpose or that, in the terms requested, the audit is impracticable of
25 satisfactory performance. If the commission, on the basis of its experience, has reason to believe that an audit
26 of a particular taxpayer, either at a particular time or on a particular schedule, would be of interest to a number
27 of party states or their subdivisions, it may offer to make the audit or audits, the offer to be contingent on
28 sufficient participation therein as determined by the commission.

1 (6) Information obtained by any audit pursuant to this article shall be confidential and available only
2 for tax purposes to party states, their subdivisions, or the United States. Availability of information shall be in
3 accordance with the laws of the states or subdivisions on whose account the commission performs the audit
4 and only through the appropriate agencies or officers of such states or subdivisions. Nothing in this article shall
5 be construed to require any taxpayer to keep records for any period not otherwise required by law.

6 (7) Other arrangements made or authorized pursuant to law for cooperative audit by or on behalf of
7 the party states or any of their subdivisions are not superseded or invalidated by this article.

8 (8) In no event shall the commission make any charge against a taxpayer for an audit.

9 (9) As used in this article, "tax", in addition to the meaning ascribed to it in Article II, means any tax or
10 license fee imposed in whole or in part for revenue purposes.

11 Article IX. Arbitration

12 (1) Whenever the commission finds a need for settling disputes concerning apportionments and
13 allocations by arbitration, it may adopt a regulation placing this article in effect, notwithstanding the provisions of
14 Article VII.

15 (2) The commission shall select and maintain an arbitration panel composed of officers and
16 employees of state and local governments and private persons who shall be knowledgeable and experienced in
17 matters of tax law and administration.

18 (3) Whenever a taxpayer who has elected to employ Article IV or whenever the laws of the party state
19 or subdivision thereof are substantially identical with the relevant provisions of Article IV, the taxpayer, by
20 written notice to the commission and to each party state or subdivision thereof that would be affected, may
21 secure arbitration of an apportionment or allocation if the taxpayer is dissatisfied with the final administrative
22 determination of the tax agency of the state or subdivision with respect thereto on the ground that it would
23 subject the taxpayer to double or multiple taxation by two or more party states or subdivisions thereof. Each
24 party state and subdivision thereof hereby consents to the arbitration as provided herein and agrees to be
25 bound thereby.

26 (4) The arbitration board shall be composed of one person selected by the taxpayer, one by the
27 agency or agencies involved, and one member of the commission's arbitration panel. If the agencies involved
28 are unable to agree on the person to be selected by them, such person shall be selected by lot from the total

1 membership of the arbitration panel. The two persons selected for the board in the manner provided by the
2 foregoing provisions of this subsection shall jointly select the third member of the board. If they are unable to
3 agree on the selection, the third member shall be selected by lot from among the total membership of the
4 arbitration panel. No member of a board selected by lot shall be qualified to serve if he is an officer or employee
5 or is otherwise affiliated with any party to the arbitration proceeding. Residents within the jurisdiction of a party
6 to the arbitration proceeding shall not constitute affiliation within the meaning of this subsection.

7 (5) The board may sit in any state or subdivision party to the proceeding, in the state of the taxpayer's
8 incorporation, residence, or domicile, in any state where the taxpayer does business, or in any place that it finds
9 most appropriate for gaining access to evidence relevant to the matter before it.

10 (6) The board shall give due notice of the times and places of its hearings. The parties shall be
11 entitled to be heard, to present evidence, and to examine and cross-examine witnesses. The board shall act by
12 majority vote.

13 (7) The board shall have power to administer oaths, take testimony, subpoena and require the
14 attendance of witnesses and the production of accounts, books, papers, records, and other documents, and
15 issue commissions to take testimony. Subpoenas may be signed by any member of the board. In case of failure
16 to obey a subpoena and upon application by the board, any judge of a court of competent jurisdiction of the
17 state in which the board is sitting or in which the person to whom the subpoena is directed may be found may
18 make an order requiring compliance with the subpoenas, and the court may punish failure to obey the order as
19 a contempt. The provisions of this subsection apply only in states that have adopted this article.

20 (8) Unless the parties otherwise agree, the expenses and other costs of the arbitration shall be
21 assessed and allocated among the parties by the board in such manner as it may determine. The commission
22 shall fix a schedule of compensation for members of arbitration boards and of other allowable expenses and
23 costs. No officer or employee of a state or local government who serves as a member of a board shall be
24 entitled to compensation therefor unless the member is required on account of the service to forego the regular
25 compensation attaching to the member's public employment, but any such board member shall be entitled to
26 expenses.

27 (9) The board shall determine the disputed apportionment or allocation and any matters necessary
28 thereto. The determinations of the board shall be final for purposes of making the apportionment or allocation,

1 but for no other purpose.

2 (10) The board shall file with the commission and with each tax agency represented in the proceeding:
3 the determination of the board, the board's written statement of its reasons therefor, the record of the board's
4 proceedings, and any other documents required by the arbitration rules of the commission to be filed.

5 (11) The commission shall publish the determinations of boards, together with the statements of the
6 reasons therefor.

7 (12) The commission shall adopt and publish rules of procedure and practice and shall file a copy of
8 such rules and of any amendment thereto with the appropriate agency or officer in each of the party states.

9 (13) Nothing contained herein shall prevent at any time a written compromise of any matter or matters
10 in dispute, if otherwise lawful, by the parties to the arbitration proceedings.

11 Article X. Entry Into Force And Withdrawal

12 (1) This compact shall enter into force when enacted into law by any seven states. Thereafter, this
13 compact shall become effective as to any other state upon its enactment thereof. The commission shall arrange
14 for notification of all party states whenever there is a new enactment of the compact.

15 (2) Any party state may withdraw from this compact by enacting a statute repealing the same. No
16 withdrawal shall affect any liability already incurred by or chargeable to a party state prior to the time of such
17 withdrawal.

18 (3) No proceeding commenced before an arbitration board prior to the withdrawal of a state and to
19 which the withdrawing state or any subdivision thereof is a party shall be discontinued or terminated by the
20 withdrawal, nor shall the board thereby lose jurisdiction over any of the parties to the proceeding necessary to
21 make a binding determination therein.

22 Article XI. Effect On Other Laws And Jurisdiction

23 Nothing in this compact shall be construed to:

24 (1) affect the power of any state or subdivision thereof to fix rates of taxation, except that a party state
25 shall be obligated to implement Article III, subsection (2), of this compact;

26 (2) apply to any tax or fixed fee imposed for the registration of a motor vehicle or any tax on motor
27 fuel, other than a sales tax; provided that the definition of "tax" in Article VIII, subsection (9), may apply for the
28 purposes of that article and the commission's powers of study and recommendation pursuant to Article VI,

1 subsection (3), may apply;

2 (3) withdraw or limit the jurisdiction of any state or local court or administrative officer or body with
3 respect to any person, corporation, or other entity or subject matter, except to the extent that such jurisdiction is
4 expressly conferred by or pursuant to this compact upon another agency or body;

5 (4) supersede or limit the jurisdiction of any court of the United States.

6 Article XII. Construction And Severability

7 This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of
8 this compact shall be severable, and if any phrase, clause, sentence, or provision of this compact is declared to
9 be contrary to the constitution of any state or of the United States or if the applicability thereof to any
10 government, agency, person, or circumstance is held invalid, the validity of the remainder of this compact and
11 the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If
12 this compact shall be held contrary to the constitution of any state participating therein, the compact shall
13 remain in full force and effect as to the remaining party states and in full force and effect as to the state affected
14 as to all severable matters."
